Wandel der Intimität - Anthony Giddens  
2016-04-15

Seit der »sexuellen Revolution« der siebziger Jahre ist das Thema Sexualität in aller Munde. Der Feminismus und das Coming-Out der Homosexuellen haben die tradierten Geschlechterrollen ebenso in Frage gestellt wie die sexuelle Moral. Trotzdem gelten Sex, Liebe und Erotik immer noch als ausschließlich private Bereiche. Der Wandel der Intimität, so zeigt Giddens, betrifft aber ebenso wie unsere ganz persönlichen Beziehungskrisen die Demokratie unserer modernen Gesellschaften. Dieser

Wandel geht nicht etwa, wie Konservative behaupten, in die Richtung immer größerer Permissivität und ungehemmten Sex mit möglichst vielen Partnern. Vielmehr entwickeln sich unsere Liebesbeziehungen, Freundschaften und Eltern-Kind-Beziehungen hin zu mehr Partnerschaft und Gegenseitigkeit. »Demokratie«, dafür plädiert Giddens' umfassende Analyse, ist daher nicht nur eine politische Forderung, sondern ein Schlüsselbegriff für die neue Partnerschaftlichkeit im privaten Leben. (Dieser Text bezieht sich auf eine frühere Ausgabe.)  
*Viagra im Alltag* - Claudia Sontowski 2015-11-20  
Gegenüber häufig klischeehaften medialen Darstellungen von Viagra leistet die Studie von

Claudia Sontowski eine erste differenzierte empirische Analyse des bislang weitgehend unbekanntem alltäglichen Umgangs mit dem Mittel. Die Autorin zeigt, dass sich die vielfältigen Nutzungspraktiken nicht durch ein bestimmtes Narrativ wie die Medikalisierung von Sexualität oder ein mechanistisches Körperbild erklären lassen. Vielmehr wird Viagra auf der Grundlage von Körper- und Geschlechterwissen in die Alltagspraktiken der Nutzer integriert. Die Ergebnisse bilden einen innovativen Beitrag zur Analyse neuer Möglichkeiten der Körpermodifikation innerhalb der Körper- und Geschlechterforschung.

Committed Sensations - An Initiation to Homosexuality - Andreas Frank 2020-04-09

Same-sex relationships have always existed and will always exist. That is normal. For several years, social research has dealt extensively with same-sex partnerships of lesbian and gay couples as well as with homosexuality and the coming-out of young Lesbians and Gays. Every

second man has sex and orgasm experiences with another man, reports Alfred Kinsey, empirical sexologist. This Handbook and Compendium "Committed Sensations" is not only about help and ways for a personal coming-out and a successful identity development with regard to everyday questions like how to build up a network of queer friends, but at the political level it also summarizes topics like e.g. gay-lesbian family politics, state marriage and church weddings - and as well it is about fostering discussions for the central keynotes of lesbian and gay couples within the last 50 years of gay-lesbian movement. From the content: @ Young people's Coming-Out @ How to introduce the friend to parents and in-laws @ Marriage and family policies for same-sex partnerships and their children @ Design of a modern queer/human theology @ Gender as a social construction @ For the homosexual, the private is political: politics for same-sex couples in the Parliament @ Homosexuality is a mature variant

**Homecomings** - Frank Biess 2006

This book focuses on one of the most visible and important consequences of total defeat in postwar Germany: the return to East and West Germany of the two million German soldiers and POWs who spent an extended period in Soviet captivity. These former prisoners made up a unique segment of German society. They were both soldiers in the war of racial annihilation on the Eastern front and then suffered extensive hardship and deprivation themselves as

prisoners of war. The book examines the lingering consequences of the soldiers' return and explores returnees' own responses to a radically changed and divided homeland. Historian Frank Biess traces the origins of the postwar period to the last years of the war, when ordinary Germans began to face the prospect of impending defeat. He then demonstrates parallel East and West German efforts to overcome the German loss by transforming returning POWs into ideal post-totalitarian or antifascist citizens. By exploring returnees' troubled adjustment to the more private spheres of the workplace and the family, the book stresses the limitations of these East and West German attempts to move beyond the war. Based on a wide array of primary and secondary sources, *Homecomings* combines the political history of reconstruction with the social history of returnees and the cultural history of war memories and gender identities. It unearths important structural and functional similarities between German postwar

societies, which remained infused with the aftereffects of unprecedented violence, loss, and mass death long after the war was over.

(No) Sex in Japan - Alice Pacher 2022-03-17

This book presents a sociological perspective on (non-)sexual intimate relationships in contemporary Japan. The phenomenon of sexlessness in intimate relationships has gained increasing attention in popular culture.

However, few scholarly investigations exist in examining this striking trend in Japan. This book presents an analysis of the socio-structural elements within both academic and public discourses in Japanese culture relating to sexlessness in intimate relationships. Drawing

from original interview research, the author provides insights into individuals' experiences and investigates the connection between sexual inactivity, sexuality and Japanese couples' satisfaction and well-being in their relationships. The book discusses how work environment, childbirth, infertility treatments, as well as past sexual experiences, extramarital affairs, and both unmarried and married couple relationships influence individual sexual behavior and consciousness. A broad overview of the meaning of sexuality through a cultural comparison with discourses on sexuality and interview results in Germany and Austria is also provided. To this end, the book calls into question whether sexlessness is a unique Japanese phenomenon or whether parallels and similarities might also be found in Western societies. Bringing together academic and public discourses on sexless couples, this book engages a rethinking of the meaning of sexuality, love, intimacy and relationships, both in and outside

of Japan. It is of interest to students and scholars of Japanese studies, gender, sexology and sociology.

**The Ethics of Sex** - Helmut Thielicke  
2016-11-24

A potentially difficult text for today's Christians, *The Ethics of Sex* gives a fascinating insight into the mindset of how a Christian thinker considered gender and sexuality when the definitions of both were becoming more and more fluid. Caught between the points of the harsh restrictions of the Third Reich, and the revolutionary approach popularised in the 1960s, Thielicke offers a modern reader the opportunity to understand more of this pivotal period in history. In *The Ethics of Sex*, Thielicke confronts hot-button issues, many of which are still controversial today, like abortion, homosexuality and artificial insemination. Here he forges a path for the Christian philosopher that is consistent with Christian values of compassion and understanding. While a complex

*Soziologie der Paarbeziehung* - Günter Burkart 2017-09-20

In einer Paarbeziehung zu leben gehört zu den wichtigsten Quellen persönlicher Identität. Gerade in einer Zeit, in der Alleinleben, flüchtige sexuelle Begegnungen und Bindungsängste vorzuherrschen scheinen, erweist sich die Liebesbeziehung als Existenzweise von großer Attraktivität. Die gesellschaftlichen Entwicklungen machen es jedoch nicht leicht,

dauerhaft als Paar zu leben. In der spätmodernen Gesellschaft ist die Liebesbeziehung mit vielfältigen Herausforderungen konfrontiert. Das Buch führt umfassend in wesentliche Aspekte von Paarbeziehungen ein und beleuchtet die gesellschaftlichen Implikationen verschiedener Lebensformen in unterschiedlichen Lebensphasen. Die soziologische Analyse deckt eine Reihe von Mythen auf, die sich um Liebe und Partnerwahl ranken, etwa die Illusion der Berechenbarkeit der Liebe beim Online-Dating.
