Passport Photos - Amitava Kumar 2000-06-14

"Passport Photos is a radiant text. It connects its own ironic lyricism with an acute awareness of historical context, and is a moving document of the questions posed by symbolic migration."—Sara Suleri Goodyear, author of *Meatless Days* "Amitava Kumar brings his talents as a photographer, poet, scriptwriter, and journalist to the job of critical commentary, refusing to partition and delegate these skills to separate provinces of his intellectual life. The result is an ethical voice and a technical style that often defies our expectations of the critical commentator. I find that voice and style immensely appealing, no more so than in the multi-genre documentary work of *Passport Photos*. This is not a heavy-handed screed on the conditions of immigrants. It is a sensuous guide to the common contradictions and experiences faced by immigrants to the U.S., whether they are coming from the underside of the

international division of labor or from well-heeled and credentialed birthrights. An undeniably original contribution to several academic and journalistic fields, *Passport Photos* will, I expect, be a widely-acclaimed publication and much cited as a fresh paradigm-shaker."—Andrew Ross, author of *The Celebration Chronicles* "An important, timely, and unique book that seems to have multiple lines of descent—as if postcolonial theory were cross-pollinated with poetry, photojournalism, and memoir all at once."—Michael Bérubé, author of *Life As We Know It: A Father, a Family, and an Exceptional Child* "Amitava Kumar is the most grounded of the postcolonial writers today. *Passport Photos* is a brilliant illustration of his skills. A must read for anybody interested in immigration, transnational identities, and globalization."—Manthia Diawara, author of *In Search of Africa* "Passport Photos is a meditation on the modalities of the immigrant: on language as law and record of living immigrant dailiness; on place as a world one loses that gives rise to identity and belonging; on knowledge as the possession of some and not others, as what the immigrant can be but cannot have." Lisa Lowe, author of *Immigrant Acts*

The Far Right Today - Cas Mudde 2019-10-25

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world's largest democracies - Brazil, India, and the United States - now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

HM Government: Serious Organised Crime Strategy - Cm. 8715 - Great Britain: Home

Office 2013-10-07

This is a new strategy to deal with the challenges we face from serious and organised crime. It is published to coincide with the launch of the new National Crime Agency (NCA) and reflects changes to the threats faced and the lessons learned from previous work. Organised crime includes drug trafficking, human trafficking, and organised illegal immigration, high value fraud and other financial crimes, counterfeiting, organised acquisitive crime and cyber crime. The aim of the strategy is to substantially reduce the level of serious and organised crime affecting the UK and its interests. The strategy uses the framework developed for our counter-terrorist work and has four components: prosecuting and disrupting

people engaged in serious and organised crime (Pursue); preventing people from engaging in this activity (Prevent); increasing protection against serious and organised crime (Protect); and reducing the impact of this criminality where it takes place (Prepare). The strategy lists strategic objectives under each of the four areas of work. Tactical operational objectives (e.g. priority crime groups) will be set by the NCA with law enforcement agency counterparts. Our immediate priority is the work set out under Pursue to prosecute and relentlessly disrupt organised criminals and reduce the threat they pose. Like other threats to our national security, serious and organised crime requires a response across the whole of government, and close collaboration with the public, the private sector and with many other countries
