Sexpertise - Robin Sawyer 2008-04-22

"Let's get one thing very clear -- there are no stupid questions in sex." Ever since Adam and Eve ate the forbidden fruit, people have been curious about sex: Do women really care about size? Is there any truth to the blue balls rumor? Could I get HIV from someone performing oral sex on me? Why do guys like to watch porn so much? In *Sexpertise*, Dr. Robin Sawyer, who teaches human sexuality at the University of Maryland, takes the most-asked questions about sex from his enormously popular course and provides scientifically accurate yet honest, entertaining, and most of all, useful answers. From flirting and fetishes to staying power and STDs -- no topic is too embarrassing or off-limits to explore. Whether read cover to cover or as a go-to guide when particular questions arise, *Sexpertise* delivers all the knowledge you need to separate the truth about sex from its myths and urban legends, and in turn become a true sexpert.

**Sex, Crime, Drugs, and Just Plain Stupid Behaviors** - Christopher Salvatore 2018-02-13

*Sex, Crime, Drugs, and Just Plain Stupid Behaviors: The New Face of Young Adulthood in America* is written for students, parents, and practitioners to provide insight into how emerging adulthood impacts the lives and behaviors of young people. Salvatore provides an insightful examination of the evolution of emerging adulthood as a distinct stage of the life course, bridging the gap between macro-level social forces and micro-level life experiences and behavior. Chapters discuss the influence of social institutions such as marriage, the family, religion, and parenting on behavior during emerging adulthood. Exploration and sensation-seeking are examined in relation to the behaviors and identity of emerging adults alongside issues such as criminal offending, substance

use, and other risky/dangerous behaviors. Finally, the book concludes with informed policy recommendations for social institutions such as educational establishments and the criminal justice system on how to work with emerging adults.

**It's the Sex, Stupid!: Don't Let Trump & the GOP Sex-Scandal Us Again!** - I. J. Weinstock 2016-09-05

Donald Trump threatens to use Bill Clinton's sex scandal against Hillary Clinton during the 2016 presidential election. If Trump loses, the GOP will attack HRC's presidency any way they can and we'll be hearing the name Monica Lewinsky again. Sooner or later, we'll be revisiting the national trauma of the late '90's when Republicans manipulated the country with a sex-scandal. Since the world continues to suffer the disastrous consequences to this day, we better learn from the past are we'll be doomed to repeat it. *IT'S THE SEX, STUPID!* reveals how politicians use sex scandals to manipulate, blackmail and ultimately screw the public. It also contains a sampling of the satiric 1998 "I Had Sex With Clinton, Too!" petition, which my wife and I organized to protest the sexual-political insanity that had overtaken the country and led to President Bill Clinton's impeachment. This historic petition is a rare and racy example of democracy in action. *IT'S THE SEX, STUPID!* is a prophylactic against sexually transmitted STDs--Sex-Scandal-induced Thought Distortions--and will help inoculate and immunize the body politic against the sex-scandaling manipulations of Donald Trump and the GOP during this presidential election and beyond.

*Sex Makes People Stupid* - Karen Kropf 2009-09-24

What you want is a LOVE THAT LASTS FOREVERRRR. What you keep

getting is a BOOTY CALL, a HOOKUP or a SEX BUDDY. You have to change what you're doing if you want to get different results. EXCERPT FROM CHAPTER 12: BOYFRIEND BOOTCAMP Great relationships NEVER start like this: You catch his eye by wearing something revealing or tight-fitting, so he knows what you've got is worth going after. You find out what he's into. You initiate a date designed around something he likes. On that date, you flirt with him and get him revved up sexually. If you like where it's going, you either have oral sex or "safe" sex (taking the least amount of risk possible, but risk nonetheless.) You think this will make you unforgettable. You say things implying that you're not really looking for anything serious --- just in case he's afraid of commitment. And so he won't think you're desperate. You enthusiastically tell him you had a good time. Then you hope the sex was so great or your conversation was so witty that he'll be convinced he just can't live without you. In the fantasy, he calls you back --- within a day at the most. He organizes an elaborate romantic setting and spends the whole time hanging on your every word and looking longingly into your eyes. Within a month, he's talking about moving in together and getting married. [Author's Note: For males reading this: I swear this IS how women think!] But in the Real World, ladies, he's processed that same set of information very differently. For him, \* If you're wearing an outfit that shows off what you've got, he assumes you're advertising SEX. \* If you make the first move, you're showing him he can have sex without effort. \* If you plan a date around his interests, he concludes you have no interests of your own that he has to accommodate. \* If you say you aren't looking for anything serious, he thinks you aren't looking for anything serious. \* If you have sex with him right away, he thinks your attitude toward sex is the same as a guy's. Some men are convinced there ARE women who just want sex. No relationship, just sex. When the sex comes early and easily, he assumes you must be one of those girls. This book is especially for Singles-even if you're "with someone." It's for anyone whose ever chosen a partner based on "sexual chemistry," and then wondered why things didn't work outside the bedroom! If you ever got into a relationship (or stayed in a bad one) just to have sex, this book is

for YOU. It will challenge everything you thought about sex, love and relationships. Included in the book is some practical help for parents of teens, but even young people will learn there's a lot more to relationships than what's in the movies. Take a humorous look at the ineffective methods unmarrieds use to find their Perfect Fit, and the surprising steps that actually WORK.

**The Sex Quotient** - Jamie Sobrato 2006-07-01

Procedure: Lots of satisfaction for Griffin. Contain self in order to keep brainpower optimal. Surely there's a way to leverage this against Griffin Reed, her palm-sweatingly hot coworker...and the thorn in her professional side. Macy just needs to blow Griffin's mind — literally — and get her promotion without a single teeny release for herself. And she's really hoping Griffin is lousy in bed... Otherwise this whole experiment could completely backfire!

Sex. It's something that's on everyone's mind. For anyone who find sex inherently funny, and almost all of us do, here are stories to laugh at, and share: The woman who called the police about noises in her home. What did they find? Her sex toy vibrating in her night stand! The man who received a 90-day sentence for gratifying himself using a pumpkin in his backyard. That's a scary Halloweenie! The couple who managed to have public sex on crowded train, only to receive complaints when they lit up their post-coital cigarettes. And so many more! Read. Enjoy. Have sex. Be smart!

Crazy, Stupid Sex - Maisey Yates 2014-02-11

How to Land the Hot Guy 1.0

*It's the Teacher, Stupid!* - Pierson F. Melcher 2002

Imagine, if you will, a group of doctors trained in 1850 seeing for the first time a modern operating room. They would, of course, be overwhelmed - and not just with the equipment! Even the process of diagnosing the patient's problem would be totally alien. We can probably all agree that change for the sake of change, whether in education or elsewhere, is not necessarily desirable. In fact, Melcher's logic frequently takes us back to some of the successful structures and patterns of education which have been abandoned in a decades-long, discouraging parade of failure: our attempts at curriculum reform, the introduction of more and more social programs, the growing dominance of athletics and the ever-less-demanding levels of academic achievement. In the course of these observations he makes us realize that without substantial qualitative changes in the structure of the school "system(s)" themselves, the general quality of public education will continue its descent to ever-lower levels of mediocrity. And nothing of this accelerating process, which has been characterized by others as "the dumbing down of America," is as critical as the ever-shrinking pool of high quality teachers. Always in short supply, the number of bright and well-educated young people who graduate from college and enter the teaching profession is shrinking rapidly. Mostly because teaching salaries have never kept pace with the economic development in this country, a situation which in turn has been encouraged by the lack of professionalism projected by teacher unions, the young people who should be exercising their talents in the classroom are entering other

businesses and professions where their efforts are more respected and better compensated. This is a book by a man who has worked with schools and school children for forty years, a man who appeals to our common sense to begin the painful process of necessary change.

**Crazy Stupid Sex** - Barbara Keesling Ph D 2018-08-07

In *Crazy Stupid Sex*, Dr. Barbara Keesling draws on her decades of experience teaching Human Sexuality to discuss the potential perils of many common sexual behaviors. Some of the case studies described in *Crazy Stupid Sex* are funny, some are embarrassing, some are horrifying, and some are tragic. The book includes sex education material as well as humorous personal anecdotes, historical facts, a cross-cultural perspective on sexual diversity, and a focus on emotional safety. Thinking about having sex? Read this first. You don't have to trade pleasure for safety-you just need to know how to reduce your risks. Have fun, but be careful out there

*Ten Stupid Things Men Do to Mess Up Their Lives* - Laura Schlessinger 2002-12-03

For every woman who wants to know what her man is thinking. Internationally syndicated radio superhost and columnist, controversial psycho-therapist, and author of the break-out New York Times bestsellers *How Could You Do That?!* and *Ten Stupid Things Women Do to Mess Up Their Lives*, Dr. Laura Schlessinger is back with *Ten Stupid Things Men Do to Mess Up Their Lives*. In ten vital, compelling chapters, Dr. Laura speaks her mind on: Stupid Chivalry By getting involved with the wrong woman (weak, flaky, damaged, needy, desperate, stupid, untrustworthy, immature, etc.) you think that your love will save/transform her. Stupid Independence Unwilling to admit "need" for bonding and intimacy, you hide in excesses of work, play, drink, drugs, porn, and meaningless sex. Stupid Ambition Unable to comfortably and

proudly accept your inherent importance to society and family as husband and father, you bow to the false idols of money, toys, power, and status. Stupid Strength Uncomfortable with feeling weak, vulnerable, useless, powerless, or rejected, you use intimidation, force, or passive-aggressiveness to regain control. Stupid Sex Taking an attraction, opportunity, or erection as a "sign," you measure your masculinity and power by sexual conquests, infidelities, and orgasms. Stupid Matrimony Lacking a mature sense of the purpose, meaning, or value of marriage, you realize too late you've gone down the aisle with the wrong woman for the wrong reasons and feel helpless to "fix it." Stupid Husbanding Thinking that marriage is the honorable discharge from loving courtship, you continue to live as though you were single and your "mommy-wife" will take care of everything else. Stupid Parenting Believing that only women/mothers nurture children, you withdraw from hands-on parenting to assert your masculine importance, missing out on the true "soul food" of a child's hug. Stupid Boyishness Having not yet worked out a comfortable emotional and social understanding with your mother, you form relationships with women that become geared to avenge, resolve, or protect you from your ties to Mommy. Stupid Machismo Understanding the true and meaningful difference between being male and a man, you can become a man.
