Succulent Wild Love SARK 2015-11-01 Relationships DO NOT require compromise or sacrifice You Can Create Joyful Solutions Instead SARK has made a career out of sharing her personal, journal-like writings and art, and inspiring others with her vulnerable and honest journeys toward self-acceptance. She has helped her legions of fans craft lives filled with joy, creativity, and self-love — and she even married herself in a “statement of self-liberation” described in Succulent Wild Woman. And yet SARK had one big secret wish: overcoming her fears to commit to an intimate life partnership. So she embarked on a “Covert Love Operation,” and, after much soul-shaping, it culminated in her meeting psychologist and spiritual teacher Dr. John Waddell — and discovering Succulent Wild Love. They now teach and mentor together using the principles in this book — six powerful habits that can transform any relationship or open you to create the partnership you want. Wild Power Sjanie Hugo Wurlitzer 2017-04-04 Unprecedented insight into the feminine body and on using its natural rhythms to heal, find balance and reconnect to our emotions. Your power lies in the rhythm of your menstrual cycle. Connect with your body on a deeper level to find healing, balance and wholeness. The menstrual cycle is a vital and vitalizing system in the female body, yet our understanding of and respect for this process is both limited and distorted. Few women really know about the physiology of their cycle, and many do not see it as an integral part of their health and wellbeing, let alone as a potential guide to emotional and spiritual empowerment. *Wild Power* tells a radical new story about feminine power. It reveals:

- Your inner architecture and the path to power that is encoded in your body
- How to tune in to the rhythm and changes of your menstrual cycle to realize the fullness and beauty of your authority
- Three 'maps' to guide you through the energies, tasks and challenges presented as you journey through each cycle
- How to work with your Inner Seasons to pace your energy, calm your nervous system and gain insight into your overall wellbeing
- How to work with your cycle to channel spiritual forces, affirm your expression in the world and achieve a deep sense of belonging

Written with humour, tenderness and practicality, and packed with women's stories and quotes throughout, *Wild Power* will restore women to wholeness and reinstate the full majesty and grace of the Feminine.

in us. This is because our handwriting is a reflection of our innermost thoughts and feelings. When we fall in love, survive a serious illness, or change careers, our view of life is dramatically altered and, as a result, our handwriting patterns change.

Conversely, desired transformations can result from intentionally changing the way specific letters are written: * Stick to that diet by changing the letter T. * Avoid being overlooked for that well-deserved promotion by changing the letter G. * Reduce stress and cease juggling too many things at once by changing the letter S. * Overcome shyness or stage fright by changing the letter A.

Included is an enlightening assessment test that identifies those personality traits requiring attention. Your Handwriting Can Change Your Life profoundly reveals that the key to making dreams come true is as simple as putting pen to paper.
