Life Story - The Book of Life Goes On - Herbie J Pilato

In the history of popular television, there are not many shows that have addressed the issues of adolescence, family values, diversity, prejudice, and physical and mental disabilities so directly and fully as Life Goes On. The unique flavor of this daring series (which debuted on ABC in 1989, and which has recently been released on DVD) went straight to the heart of the American-viewing public. Now, the creation, development, and ever-increasing popularity of this this ground-breaking and heartwarming small screen classic is explored in LIFE STORY - THE BOOK OF LIFE GOES ON: TV'S FIRST AND BEST FAMILY SHOW OF CHALLENGE, written by best-selling author Herbie J Pilato (Bewitched Forever, The Kung Fu Book of Caine). Inside the pages of LIFE STORY, the reader will find revealing commentary from Pilato's exclusive interviews with cast members such as the Golden-Globe-nominated Chris Burke (who played Corky Thacher, the high-school teen with Down syndrome, which Burke has in real life), the Emmy-winning Chad Lowe (who portrayed the AIDS-stricken Jesse McKenna), and the Family-Television-Award winning Kellie Martin (who was Becca Thacher, sister to Corky and loyal young love to Jesse, and who is now the star of the Hallmark Channel new hit series, Mystery Woman). Also interviewed for LIFE STORY, were pristine behind-the-scenes team players including director/producer Michael Nankin and creator/executive producer Michael Braverman (the latter of whom has penned the book's foreword). Life Goes On continues to inspire viewers, and reaches beyond the realm of average entertainment with superior production values

and credible, yet compelling, universal stories, each delivered with a sincere dedication in presenting good television. LIFE STORY - THE BOOK OF LIFE GOES ON: TV'S FIRST AND BEST FAMILY SHOW OF CHALLENGE captures that same spirit and transfers it into literary form.

Taurus Ascendant Secrets - Saket Shah 2020-01-05

There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
