The Guide to Dating for Teenagers with Asperger Syndrome - Jeannie Uhlenkamp 2009

Written in a question-and-answer format, this much-needed book offers insight and practical advice on dating challenges. Each topic is followed by Discussion Questions (to get the conversation flowing between teens and parents/teachers) and a Main Idea (which succinctly wraps up the main point). Also included are special notes to define the more illusive vocabulary and concepts of today's dating world."--Provided by publisher.

[Before You Get Naked](#) - James Wegert 2013-03-01

"Before You Get Naked communicates important information from a secular perspective about a strong approach to dating that's a healthy wholesome alternative to the devastating weak approach to dating taught to us by the media and our popular culture. In a down-to-earth way, the author explains how to prepare for dating by becoming the type of person that you want to date, when and who to date, how to do dating right, how to decide whether or not to continue in a dating relationship, the difference between the feeling of being "in love" and true love, the dangers of living together, how to decide whether or not to get married, and much more. Each of the twenty-four chapters covers something that the author wishes he'd known before dating and during dating. He shares dating mistakes that he's made as well as mistakes that he's seen so many others make - with the hope of helping teens and young adults to avoid a broken heart or worse and to one day have a fulfilling lifelong loving marriage"--
