[Ballads](#) - Michael Famighetti 2020-06-09

Published by Aperture in 1986, Nan Goldin's *The Ballad of Sexual Dependency*, with its fresh, unflinching portrayal of the photographer's circle of friends, dramatically changed the course of photography. Decades on, the series retains its searing power, influencing new generations of artists. Goldin herself remains a bold, singular force in our culture. Recently, she has taken on the Sackler family, shining a light on its role in creating America's opioid crisis. Goldin's trenchant activism is a reminder of the artist's power to effect social change. The *Ballads* issue of Aperture magazine is organized around the themes contained within the original ballad--intimacy, friendship, community, love, sex, trauma, music--while also honoring the urgent role of the artist as a force for cultural and social change.

**The Other Side** - Nan Goldin 2019

This is an expanded and updated version of Nan Goldin's seminal book *The Other Side*, originally published in 1993. There will be a revised introduction by Goldin, and for the first time the voices of those whose stories are represented. Now being released at a time when the discourse around gender and sexual orientation is evolving, *The Other Side* traces some of the history that informs this new visibility. The first photographs in the book are from the 1970s, when Goldin lived in Boston with a group of drag queens and documented their glamour and vulnerability. In the early eighties, Goldin chronicled the lives of transgender friends in New York when AIDS began to decimate her community. In the nineties, she recorded the explosion of drag as a social phenomenon in New York, Berlin and Bangkok, photographing their public personas while showing their real lives backstage. Goldin's newest photographs are intimate portraits, imbued with tenderness, of some of her most beloved friends. *The Other Side* is her homage to the queens she's loved, many of whom she's lost, over the last four decades. The pictures in this book are not of people suffering gender dysphoria but rather expressing gender euphoria... - Nan Goldin

Valérie Carpentier, Socialist Mayor of the 21st arrondissement of Paris, is cruising to victory in the upcoming municipal elections. But she has under-estimated her Communist and Green Party coalition partners' capacity for mischief and ineptitude. Community outreach officer Mamadou has election plans of his own. And would-be terrorist Djamel's anger is rising. Anything could set him off. Meanwhile, in the corner of a school playground, a little boy starts to cry... Weaving together multiple characters and subplots, *The Twenty-First* is a searing, yet warm-hearted, comic novel full of socialism, wokeness and organic avocados.

**I Am Not This Body** - Barbara Ess 2001

Barbara Ess makes subtly-toned photographs that are not so much reality as visionary versions of it. Blurry

and distorted, they seem to coax their subjects from mysterious spaces. --Grace Glueck, "The New York Times" "Ess' images often have a dreamy subterranean quality--part wonder and part menace--as if culled directly from the subconscious." --Gregory Volk, "ARTnews" "I Am Not This Body" investigates primary, personal experience and relies upon the viewer's imagination and memories. Barbara Ess is renowned for her accomplished use of the pinhole camera and her effort to "photograph what cannot be photographed." Ess' is a conscious quest to explore what she calls "ambiguous perceptual boundaries: between people, between the self and the not self, between in here and out there." In her view, "reality... includes a perceiver, who has memories, thoughts, desires, emotions-- which] a normal camera tends to omit." The strange and affecting images she coaxes from this primitive camera manage to evoke the sublime and the impossible, the textures of desire and loss.

[The Ballad of Sexual Dependency](#) - Nan Goldin 1996

A photobook classic, and perhaps the work for which New York photographer Nan Goldin remains best known, "*The Ballad of Sexual Dependency*" is a visual diary chronicling the struggle for intimacy and understanding between friends and lovers collectively described by Goldin as her "tribe." Her work describes a late 1970s/early 1980s New York now long gone, and a world that is visceral and seething with life. As Goldin writes: "Real memory, which these pictures trigger, is an invocation of the color, smell, sound, and physical presence, the density and flavor of life."

*The Ballad of Sexual Dependency* is a visual diary chronicling the struggle for intimacy and understanding between friends, family, and lovers--collectively described by Goldin as her "tribe." Her work describes a world that is visceral, charged, and seething with life. First published in 1986, this reissue recognizes the persistent relevance and freshness of Nan Goldin's cutting-edge photography. Her lush color photography and candid style demand that the viewer go beyond the surface to encounter a profound intensity. As Goldin writes: "Real memory, which these pictures trigger, is an invocation of the color, smell, sound, and physical presence, the density and flavor of life." Through an accurate and detailed record of her life, *Ballad* reveals Goldin's personal odyssey as well as a more universal understanding of the different languages men and women speak, and the struggle between autonomy and dependency. Over the past twenty-five years, the influence of *Ballad* on photography and other aesthetic realms has continually grown, making the work a contemporary classic. Nan Goldin's story of urban life on the fringe was the swan song of an era that reached its peak in the early eighties. Yet it has captured an important element of humanity that is transcendent: a need to connect. This new edition of *Ballad* has been printed using new scans and separations created by master-separator Robert Hennessey from Goldin's original transparencies, rendering them with unparalleled sumptuousness and impact.

**Lago** - Ron Jude 2015

In 'Lago', Ron Jude returns to the California desert of his early childhood as if a detective in search of clues to his own identity. In a book of 54 photographs made between 2011 and 2014, he attempts to reconcile the vagaries of memory (and the uncertainty of looking) with our need to make narrative sense of things. Using a desolate desert lake as a theatrical backdrop, Jude meanders through the arid landscape of his youth, making note of everything from venomous spiders to discarded pornography. If one considers these traces to be a coded language of some sort, Jude's act of photographing and piecing them together becomes a form of cryptography like a poetic archeology that, rather than attempting to arrive at something conclusive, looks for patterns and rhythms that create congruity out of the stuttering utterances of the visible world. According to Jude, these harmonies, when we're lucky enough to find them, are probably the closest we can get to discovering actual meaning and grasping the potency of place.

[Sara Cwynar: Glass Life](#) - 2021-04-27

A feminist-inflected investigation of color and image-driven consumer culture, *Glass Life* brings together Sara Cwynar's multilayered portraits and stills from the films *Soft Film* (2016), *Rose Gold* (2017), and *Red*

Film (2018). Cwynar's research-driven and visually complex images constitute the hallmarks of contemporary post-Pictures Generation work--in which photography is pursued in relation to film, sculpture, digital culture, and the cultural and technological history of image-making. Cwynar's work revolves around her interest in subjective notions of beauty through images; the fetishization of consumer objects and colors; and the exploration of the informal image archives that have emerged around the industrialization and capitalization of these ideas. As part of her core practice, Cwynar collects, arranges, and archives her eBay purchases and creates studio studies of these consumer objects, exploring how images circulate online and how the lives and purposes of both physical objects and their likenesses change over time. Sara Cwynar: Glass Life is a must-have sourcebook for understanding the multilayered practice of this celebrated, multidisciplinary artist.
