The Love Hypothesis Ali Hazelwood 2021-09-14 The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam

surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

The Spanish Love Deception Elena Armas 2022-02-08 A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-

What Women Want in a Man Kelly LEE 2019-10-07 What Women Want in a Man Tips to Understand what Your Girlfriend Really Wants and Build a More Lasting and Stable Relationship Over Time There is a lot of speculations about what women want in a man. Men have tried figuring this out for decades and women have tried to help them along the way as well. I've found that most of the books on the topic miss the important elements of it. Sure, it's easy to say that woman like charming men, but why? Why are they drawn to them? Most of these books don't explain it and motivate men to change their entire existence for a woman. I don't believe that anyone should change who they are for another person. Instead, they should change what they do and how they do it. Things can be improved upon, but some things are also best left untouched. No one seems to handle this in any of their books. Instead, it's some money-making scheme with poor quality books and bad advice. I've been with all sorts of men and I am happily married now. I can teach you what I know, tell you the things my husband does that drive me crazy, and even the things that makes me

of the books on the topic miss the important elements of it. Sure, it's easy to say that woman like charming men, but why? Why are they drawn to them? Most of these books don't explain it and motivate men to change their entire existence for a woman. I don't believe that anyone should change who they are for another person. Instead, they should change what they do and how they do it. Things can be improved upon, but some things are also best left untouched. No one seems to handle this in any of their books. Instead, it's some money-making scheme with poor quality books and bad advice. I've been with all sorts of men and I am happily married now. I can teach you what I know, tell you the things my husband does that drive me crazy, and even the things that makes me love him more along the way. Perhaps I'll even share some secrets, too. This book will contain the following to help you better understand women and what they want. These benefits are well worth reading the book. Understanding that nobody is perfect Understanding that everyone is different How to change what you do for the better to benefit you and your partner Keeping your sense of self while adopting new habits Remembering that what you want is important, too A general idea of what women are looking for in a man and a relationship Tips and tricks to better understand women It's important to know all of these things. Why? Because each individual should stay just that; an individual. Most books encourage you to change into just another gentleman, but the truth is that women don't want clones. That is why this book is going to help you far more than most other books on the market concerning this topic. Most books on the web are of poor quality and don't solve the problems at hand. My intention is to create books that help people solve whatever problems they might have without changing themselves entirely. I want to use my own experiences and my own troubles to help others overcome theirs. I won't tell you exactly how to do things. I might give a few tips, but the rest is up to you. The key to solving problems is to understand them, and that's my job:

Just Breathe Leeanna Morgan 2017 Fans of Robyn Carr's Virgin River series will love this small-town, feel-good romance! Kelly Harris is determined to make her antiques business a success. She won't let Tanner, a bodyguard who likes first edition poetry books, interfere with her life. But winning a mystery box at an auction changes everything. With Tanner working alongside her, they decipher the code in a forgotten journal, uncovering a young girl's journey to freedom and a powerful family's secret. Working for a high-profile security company, Tanner has seen the worst that humanity can do. He doesn't believe in love. But when disaster strikes, he finds himself doing everything he can to keep Kelly safe - even if that means letting her into the most vulnerable part of who he is. Just Breathe is the second book in The Protectors series and can easily be read as a standalone. All of my series are linked, so if you meet a character you like, you could find them in another book. Happy reading! Praise for The Protectors Series: "I am addicted to Leeanna Morgan's books! The only problem with them is that I hate coming to the end of one, and can't wait for the next good read. I love how she weaves the characters together and draws you right into their lives. If you haven't discovered her, please do give her books a try. You won't be disappointed, except for not having found her sooner!" "I thoroughly enjoyed this book! I couldn't put it down. I purchased it today and finished it just now. Captivating story from beginning to end. Definitely a five-star book." Big Friendship Aminatou Sow 2020-07-14 A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don't talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming Big Friendship in this honest and hilarious book that chronicles their first decade in one another's lives. As the hosts of the hit podcast Call Your Girlfriend, they've become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define Big Friendship as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the most important part of a Big Friendship is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, Big Friendship will invite you to think about how your own bonds are formed, challenged, and preserved.
