

Trumpedsex Money Real Estate A Love Story English Edition

The Issei - Yuji Ichioka 1990
A portrait of the first Japanese immigrants, known as the Issei. Leaving behind a still-traditional, feudal society for the wide-open world of America, the Japanese were long barred from holding citizenship and regarded for many years as unassimilable. Their story is one of suffering and struggle that has produced a record of courage and perseverance.

Japanese Americans - Paul R. Spickard 2009
Since 1855, nearly half a million Japanese immigrants have settled in the United States, and today more than twice that number claim Japanese ancestry. While these immigrants worked hard, established networks, and

repeatedly distinguished themselves as entrepreneurs, they also encountered harsh discrimination. Nowhere was this more evident than on the West Coast during World War II, when virtually the entire population of Japanese Americans was forced into internment camps solely on the basis of ethnicity.

Factory Girls - Leslie T. Chang
2010-01-01

'Head and shoulders above almost all other new books about China, this unflinching and yearningly compassionate portrait of the lives and loves of ordinary Chinese workers is quite unforgettable' Simon Winchester
Every year in China millions of migrant workers leave their rural towns to find jobs in the cities. These people

Trumpedsex Money Real Estate A Love Story English Edition

are the driving forces behind China's economic boom: they work very hard and for little money to make the trainers, ornaments, designer handbags and toys which we buy. Through the lives of two young women, Chang vividly portrays a world where you can lose your boyfriend and your friends with the loss of a cell phone; where lying about your age, your education, and your work experience is often a requisite for getting ahead; where a few computer or English lessons can catapult you into a completely different social class. This is a powerful and humane portrait of the forces which are shaping China. 'Astonishing . . . Heartbreaking . . . As one tool in trying to understand today's China, this is a most valuable, if troubling read' Irish Times 'Engrossing . . . An exceptionally vivid and compassionate depiction of the day-to-day dramas, and the fears and aspirations, of the real people who are powering China's economic boom' Scotsman 'Chang's elegant book is evidence that the best

trips home often require a circuitous approach' Nell Freudenberger, Financial Times

Just Americans - Robert Asahina 2007-05

Focusing on the crucial period of October and November 1944, this is the story of the 100th Battalion/442d Regimental Combat Team--a segregated unit of Japanese Americans--which became the most decorated unit in American military history for its size and length of service.

Asian-Americans - 1980

Unraveling the "Model Minority" Stereotype - Stacy J. Lee 2015-04-18

The second edition of *Unraveling the "Model Minority" Stereotype: Listening to Asian American Youth* extends Stacey Lee's groundbreaking research on the educational experiences and achievement of Asian American youth. Lee provides a comprehensive update of social science research to reveal the ways in which the larger structures of race and class

Trumpedsex Money Real Estate A Love Story English

Edition

play out in the lives of Asian American high school students, especially regarding presumptions that the educational experiences of Koreans, Chinese, and Hmong youth are all largely the same. In her detailed and probing ethnography, Lee presents the experiences of these students in their own words, providing an authentic insider perspective on identity and interethnic relations in an often misunderstood American community. This second edition is essential reading for anyone interested in Asian American youth and their experiences in U.S. schools. Stacey J. Lee is Professor of Educational Policy Studies at the University of Wisconsin-Madison. She is the author of *Up Against Whiteness: Race, School, and Immigrant Youth*. "Stacey Lee is one of the most powerful and influential scholarly voices to challenge the 'model minority' stereotype. Here in its second edition, Lee's book offers an additional paradigm to explain the barriers to educating young Asian Americans in the 21st

century—xenoracism (i.e., racial discrimination against immigrant minorities) intersecting with issues of social class." —Xue Lan Rong, University of North Carolina at Chapel Hill "Breaking important new theoretical and empirical ground, this revised edition is a must read for anyone interested in Asian American youth, race/ethnicity, and processes of transnational migration in the 21st century." —Lois Weis, State University of New York Distinguished Professor "Clear, accessible, and significantly updated.... The book's core lesson is as relevant today as it was when the first edition was published, presenting an urgent call to dismantle the dangerous stereotypes that continue to structure inequality in 21st century America." —Teresa L. McCarty, Alice Wiley Snell Professor of Education Policy Studies, Arizona State University Praise for the First Edition! "Sure to stimulate further research in this area and will be of interest to teachers, teacher educators,

Trumpedsex Money Real Estate A Love Story English

Edition

researchers, and students alike." —Teachers College Record "A must read for those interested in a different approach in understanding our racial experience beyond the stale and repetitious polemics that so often dominate the public debate." —The Journal of Asian Studies "Well written and jargon-free, this book...documents genuinely candid views from Asian-American students, often laden with their own prejudices and ethnocentrism."

—MultiCultural Review

Misframing Men - Michael S. Kimmel 2010

Collection of Kimmel's commentaries on contemporary debates about masculinity.

Asian America - Roger Daniels 2011-10-01

In this important and masterful synthesis of the Chinese and Japanese experience in America, historian Roger Daniels provides a new perspective on the significance of Asian immigration to the United States. Examining the period from the mid-nineteenth

century to the early 1980s, Daniels presents a basic history comprising the political and socioeconomic background of Chinese and Japanese immigration and acculturation. He draws distinctions and points out similarities not only between Chinese and Japanese but between Asian and European immigration experiences, clarifying the integral role of Asians in American history. Daniels' research is impressive and his evidence is solid. In forthright prose, he suggests fresh assessments of the broad patterns of the Asian American experience, illuminating the recurring tensions within our modern multiracial society. His detailed supporting material is woven into a rich historical fabric which also gives personal voice to the tenacious individualism of the immigrant. The book is organized topically and chronologically, beginning with the emigration of each ethnic group and concluding with an epilogue that looks to the future from the perspective of the last two decades of

Chinese and Japanese American history. Included in this survey are discussions of the reasons for emigration; the conditions of emigration; the fate of first generation immigrants; the reception of immigrants by the United States government and its people; the growth of immigrant communities; the effects of discriminatory legislation; the impact of World War II and the succeeding Cold War era on Chinese and Japanese Americans; and the history of Asian Americans during the last twenty years. This timely and thought-provoking volume will be of value not only to specialists in Asian American history and culture but to students and general historians of American life.

Men and Power - Joseph A. Kuypers 1999

If there is any one concept that stirs the passions and actions of men as a gender, power is the most likely candidate. Seldom is powerlessness a preferred or admired quality in a man. Yet power can be both a

beacon to direct action and maintain order and a plague-if frustratingly unattainable, or glamorized and abused. In the field of men's studies, where men and women examine how gender organizes action and thought, the role of power may never be settled. How are men raised to relate to power and what are the consequences? Is power assumed by virtue of genetics and biology, is it culturally conferred, or is it merely an illusion? Does the belief that men are powerful serve a political agenda? Do males experience power differently when viewed psychologically as opposed to power in a social setting? By keeping control of power, have men failed at the leadership demanded of those who possess power? What is healthy power for men? How do women interpret power? How does the male perception of power lead to violent tendencies in some men? These questions and many more are examined in Men and Power by leading experts in the field of gender identity. The purpose of this

Trumpedsex Money Real Estate A Love Story English Edition

inquiry is to move beyond the glib resignation that power corrupts, to more precisely identify what men can do to transform their quest for power into a healthy benefit to the individual, to relationships, and to society. Compelling topics such as sexuality, intimacy, equity, male identity, pornography, and many others are explored in detail.

Contributors are Blye Frank, Walter Isaac, Michael Kaufman, Christopher Kendall, Michael S. Kimmel, John Stoltenberg, Laurence Thomas, Clark Wolf, and Bert Young.

Trumped! - S. Pareto Rose
2010-04

Ed Fasouli is a regular working guy raising his two kids without a wife. Enter buxom blond immigrant, devotee of Ronald and Lada Ace. She's on a mission to become the next American real estate queen. What does she see in Ed? A country club address and access to easy money. Ed falls for her, lips, hips and finger tips, and before he can say 'compounded interest,' he's signing away his equity for a

~~chance to make big bucks.~~

Little does he realize that it is all about to come crashing down. Can Ed save the family home, his self-respect and get the woman of his dreams?

Socially relevant and hilarious, TRUMPED! will have you at the edge of your seat.

Factory Girls - Leslie T. Chang
2009-08-04

An eye-opening and previously untold story, Factory Girls is the first look into the everyday lives of the migrant factory population in China. China has 130 million migrant workers—the largest migration in human history. In Factory Girls, Leslie T. Chang, a former correspondent for the Wall Street Journal in Beijing, tells the story of these workers primarily through the lives of two young women, whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan, an industrial city in China's Pearl River Delta. As she tracks their lives, Chang paints a never-before-seen picture of migrant life—a world where nearly everyone is under

thirty, where you can lose your boyfriend and your friends with the loss of a mobile phone; where a few computer or English lessons can catapult you into a completely different social class. Chang takes us inside a sneaker factory so large that it has its own hospital, movie theater, and fire department; to posh karaoke bars that are fronts for prostitution; to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by; and back to a farming village for the Chinese New Year, revealing the poverty and idleness of rural life that drive young girls to leave home in the first place. Throughout this riveting portrait, Chang also interweaves the story of her own family's migrations, within China and to the West, providing historical and personal frames of reference for her investigation. A book of global significance that provides new insight into China, *Factory Girls*

demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society, much as immigration to America's shores remade our own country a century ago.

The Day the Bunny Died -

Victor Lowmyer 1983

Mr. Playboy - Steven Watts
2009-08

The real Hugh Hefner-the extraordinary inside story of an American icon ""Riveting... Watts packs in plenty of gasp-inducing passages.""-Newark Star Ledger ""Like it or not, Hugh Hefner has affected all of us, so I treasured learning about how and why in the sober biography.""-Chicago Sun Times ""This is a fun book. How could it not be? Watts aims to give a full account of the man, his magazine and their place in social history. Playboy is no longer the cultural force it used to be, but it made a stamp on society.""-Associated Press ""In Steven Watts' exhaustive, illuminating biography Mr. Playboy, Hefner's ideal for living --

marked by his allegiances to Tarzan, Freud, Pepsi-Cola and jazz -- proves to be a kind of gloss on the Protestant work ethic.""-Los Angeles TimesGorgeous young women in revealing poses; extravagant mansion parties packed with celebrities; a hot-tub grotto, elegant smoking jackets, and round rotating beds; the hedonistic pursuit of uninhibited sex. Put these images together and a single name springs to mind-Hugh Hefner. From his spectacular launch of Playboy magazine and the dizzying expansion of his leisure empire to his recent television hit The Girls Next Door, the publisher has attracted public attention and controversy for decades. But how did a man who is at once socially astute and morally unconventional, part Bill Gates and part Casanova, also evolve into a figure at the forefront of cultural change?In Mr. Playboy, historian and biographer Steven Watts argues that, in the process of becoming fabulously wealthy and famous, Hefner has

profoundly altered American life and values. Granted unprecedented access to the man and his enterprise, Watts traces Hef's life and career from his midwestern, Methodist upbringing and the first publication of Playboy in 1953 through the turbulent sixties, self-indulgent seventies, reactionary eighties, and traditionalist nineties, up to the present. He reveals that Hefner, from the beginning, believed he could overturn social norms and take America with him.This fascinating portrait illustrates four ways in which Hefner and Playboy stood at the center of several cultural upheavals that remade the postwar United States. The publisher played a crucial role in the sexual revolution that upended traditional notions of behavior and expectation regarding sex. He emerged as one of the most influential advocates of a rapidly developing consumer culture, flooding Playboy readers with images of material abundance and a leisurely lifestyle. He proved instrumental-with his

Trumpedsex Money Real Estate A Love Story English

Edition

influential magazine, syndicated television shows, fashionable nightclubs, swanky resorts, and movie and musical projects-in making popular culture into a dominant force in many people's lives. Ironically, Hefner also became a controversial force in the movement for women's rights. Although advocating women's sexual freedom and their liberation from traditional family constraints, the publisher became a whipping boy for feminists who viewed him as a prophet for a new kind of male domination. Throughout, Watts offers singular insights into the real man behind the flamboyant public persona. He shows Hefner's personal dichotomies-the pleasure seeker and the workaholic, the consort of countless Playmates and the genuine romantic, the family man and the Gatsby-like host of lavish parties at his Chicago and Los Angeles mansions who enjoys well-

publicized affairs with numerous Playmates, the fan of life's simple pleasures who hobnobs with the Hollywood elite. Punctuated throughout with descriptions and anecdotes of life at the Playboy Mansions, Mr. Playboy tells the compelling and uniquely American story of how one person with a provocative idea, a finger on the pulse of popular opinion, and a passion for his work altered the course of modern history. Spans from Hefner's childhood to the launch of Playboy magazine and the expansion of t
Japanese American Celebration and Conflict - Lon Kurashige
2002-06-03

A history of the struggles over identity within the Japanese American community, using ethnic festivals to reveal the conflicts from the 1930s (a period of wealthy Japanese enclaves) through the WWII internment to the late 20th century influx of investment from Japan.
