The Last Post Renée Carlino 2019-08-20 In this evocative and poignant novel from the USA TODAY bestselling author of *Blind Kiss* and *Wish You Were Here*, a young widow in the midst of grieving her late husband through Facebook posts learns to heal and fall in love again. "See you on the other side." Laya Marston's husband, Cameron, a daredevil enthusiast, always said this before heading off on his next adventure. He was the complete opposite of her, ready and willing to dive off a cliff-face, or parachute across a canyon—and Laya loved him for it. But she was different: pragmatic, regimented, devoted to her career and to supporting Cameron from the sidelines of his death-defying feats. Opposites attract, right? But when Cameron dies suddenly and tragically, all the stages of grief go out the window. Laya becomes lost in denial, living in the delusion that Cameron will come back to her. She begins posting on his Facebook page, reminiscing about their life together, and imagining new adventures for the two of them. Micah Evans, a young and handsome architect at Laya's father's firm, is also stuck—paralyzed by the banal details of his career, his friendships, and his love life. He doesn't know what he's looking for, only that there is someone out there who can bring energy and spirit to the humdrum of his life. When Micah discovers Laya's tragic and bizarre Facebook posts, he's determined to show Laya her life is still worth living. Leaving her anonymous gifts and notes, trying to recreate the sense of adventure she once shared with her late husband, Micah finds a new passion watching Laya come out of the darkness. And Laya finds a new joy in the experiences Micah has created for her. But for Laya, letting another man in still feels like a betrayal to her late husband. Even though Micah may be everything she could wish for, she wonders if she deserves to find happiness again. Written with Renée Carlino's signature "tender and satisfying" (Taylor Jenkins Reid, author of *Maybe in Another Life*) prose, this warm and compassionate novel shows us how powerful the courage to love and live again truly is.

Women Who Run with the Wolves Clarissa Pinkola Estés Phd 1995-08-22 NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

A ROOM OF ONE'S OWN Virginia Woolf 2017-12-06 First published on 24 October 1929, the essay was based on a series of lectures she delivered at Newnham College and Girton College, two women's colleges at Cambridge University in October 1928. While this extended essay in fact employs a fictional narrator and narrative to explore women both as writers of and characters in fiction, the manuscript for the delivery of the series of lectures, titled "Women and Fiction", and hence the essay, are considered non-fiction. The essay is generally seen as a feminist text, and is noted in its argument for both a literal and figural space for women writers within a literary tradition dominated by patriarchy. Virginia Woolf was one of the greatest authors of the twentieth century, transformed the art of fiction. The author of numerous novels and short stories, she was also an acknowledged master of the essay form, and an admired literary critic. Adeline Virginia Woolf (1882-1941) was an English writer who is considered one of the foremost modernists of the twentieth century and a pioneer in the use of stream of consciousness as a narrative device.

The Awakening Kate Chopin 2012-11-06 She wanted to swim far out, where no woman had swum before. Condemned as "sordid" and "immoral" on its publication in 1899, this story of a woman trapped in her marriage effectively ended Chopin's career but was revived as a proto-feminist classic in the 1970s. The Art of The Novella Series Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers. Nonetheless, it is a form beloved and practiced by literature's greatest writers.
