How to Talk to Your Child about Sex - Linda Eyre 1999-10-01

Your Child and Sex - Wardell Baxter Pomeroy 1974

A Parent's Guide to Understanding Sex & Dating - Mark Oestreicher
2013-02-15

Helping your child make wise choices about sex and dating requires more than just one chat. It's about building bridges of ongoing dialogue throughout the teenage years. But youth workers Mark Oestreicher and Joel Maynard realize many parents don't feel comfortable or prepared to have these kinds of conversations. That's why they wrote *A Parent's Guide to Understanding Sex and Dating*-- to equip you to initiate healthy, honest discussions with your teenager. This book will also help you understand some of the relevant trends and issues in today's youth culture. Your role as a parent is to do more than provide your teenager with information about sex and dating. You have the opportunity and the calling to help your child live wisely and honor God in this sometimes tricky, occasionally awkward, and always vital area of life.

Sex and Your Teenager - John Coleman 2003-03-28

As we all know, sexuality is not an easy topic for parents and carers to deal with once their children enter adolescence. We are all aware of the need to discuss sex with our kids, the only question is, how to start the conversation? This practical, down-to-earth book offers tips on how to broach the subject and gives advice on a range of problems from the bodily changes at puberty through to coping with relationships, contraception and HIV. And in light of modern society's ever changing attitudes towards sexual behaviour, more controversial issues are addressed such as sexual orientation and STDs. Written in a very open, honest style, yet based on a solid bedrock of scientific information this book will help you to help your teenager to cope with their own sexuality.

* Written by a very well respected academic * Includes useful lists of organisations and further reading * Will empower you to develop a deeper, more satisfying relationships with your teenage kids

Sex-Educate Your Child - Charis Grace 2021-08-02

This book was birthed to help parent know when and how to have sex talk with their children. In the recent year, sex scenario conversations are considered together of the foremost common topics between parents and their child. If you're getting to talk together with your child about sex, there are tons of things that you simply should take under consideration. Before lecture your child about sex, it's very imperative that you simply have a clear and superior understanding about the important world of sex scenario conversations.

Your Child and Sex - Wardell B. Pomeroy 1976

Your Child and Sex. A Guide for Catholic Parents.... - George Anthony Kelly 1964

Sexuality Explained - Louise Kirk 2013-02

Sexuality Explained: a guide for parents and children underpins parents in their role as first educators of their children. It draws on the latest knowledge of the human body to show how mind, heart and body interplay in our sexual makeup, and how the life-giving and love-making aspects of the sexual act are each designed for permanence. The Guide works at many levels. By drawing the reader into a succession of conversations between a mother and her daughter, her father and her brother, a full picture of the biology of reproduction is created in a friendly way. The stories give parents ideas on how they might converse with their own children. The text is necessarily comprehensive, to answer possible questions, and to make sure that the parents know more than what is now taught in school biology, which can be checked for accuracy. Children vary enormously in their maturity, which is one reason why it is best that they are taught about sex and sexuality individually and, if possible, by members of their own family who know and love them. The age range set against each chapter is for guidance only. Parents may use the Guide in a variety of ways. They can let the Guide do most of the work for them, reading it out loud with their children. They can give a chapter to older children to read on their own, being ready for questions. Or they can absorb ideas to speak in their own words as occasion arises. To aid discussion and to give a framework for homemade lessons, each chapter ends with a glossary and a list of points to remember. The hand-drawn biological drawings, all of which have been specially commissioned, have been reproduced at the back of the book to be cut out and arranged in any order. The Guide is principally designed for parents, but it can also be read by young people on their own, and later chapters might be used by teachers and youth leaders for student workshops. There is no religious teaching but the Guide starts from the premise that all human life is of equal dignity and worthy of respect.

What Your Child Needs to Know About Sex - Dr. Fred Kaeser
2011-09-06

If you start talking early enough, kids will listen. FOR MANY PARENTS, the talk is one of the most dreaded rites of passage in the child-raising experience--but it doesn't have to be. The key is to start early when talking about sex with your child. In Dr. Fred Kaeser's progressive approach, parents become their child's first resource for sexual information (instead of ceding control to peers, the school system, or the media) in order to have a lasting and positive influence over their child's sexual development. As the former director of health in the New York City public schools, there's nothing Dr. Kaeser hasn't been asked by kids, or by parents. And he has seen firsthand the results of our increasingly sexualized youth culture, and how it's making children grow up faster than ever these days. From sexting to cyberbullying, challenges and pressures abound--even for kids in kindergarten. This means that parents must begin laying the groundwork for basic conversations about sex when their child is as young as three years old. Parents then build their discussions on this early foundation, introducing more information at developmentally appropriate ages (for example, talking about puberty

with your eight-year-old, and discussing safe sex with your ten-year-old). *What Your Child Needs to Know About Sex (and When)* goes far beyond the birds and the bees to discuss uncomfortable issues with a winning frankness and empowering attitude. It offers families the tools they need for navigating how and when to have positive dialogues about sexuality and helps parents learn to use everyday teachable moments. Open communication about sex with your children isn't necessarily easy, but it can be done; this indispensable book will guide you every step of the way.

The Parent's Guide to Talking About Sex - Janet Rosenzweig
2015-04-21

If your kids aren't learning about sex from you, what are they learning about sex, and who is teaching them? Having "the talk" with your child does not have to be a terrifying and awkward event. Armed with Dr. Janet Rosenzweig's groundbreaking book, you may find you never need to have "the talk." Dr. Rosenzweig illustrates how you can help protect your children from sexual abuse, trauma, and bullying through your everyday interactions with them. She walks you through the steps you can take to combine your own family's values with age-appropriate information for children at all stages of development. And you'll learn how to do so in a way that will improve the trust and communication between you and your child. Dr. Rosenzweig applies her decades of experience in child abuse prevention, sexuality education, and family services to help you identify the real threats to your children's safety and to protect them from becoming victims of sexual misinformation or exploitation. From choosing a child's first daycare to meeting the multimedia challenges of adolescence, *The Parent's Guide to Talking About Sex* will coach you to raise sexually safe and healthy sons and daughters.

The Yellow Book - TARSHI 2012-06-25

The essential guide to the who, why, what, when, where and how of sexuality education. Talking to children and young people about sexuality is never easy. This non-nonsense, straightforward and accessible guide will help adults get across the necessary information in the best way possible. Since 1996, TARSHI has been counselling and supporting people - young and not-so-young - on issues to do with sexual health. Building on the success of the highly popular Red Book (for 10-14-year-olds) and Blue Book (for 15+), the team have put together *The Yellow Book* specifically for parents and teachers. *The Yellow Book* is full of tips and tools, information and advice to help you talk to your children about sexuality at every stage of their lives. Published by Zubaan.

Talking to Your Kids About Sex - Lauri Berkenkamp 2002-08-01

This commonsense, practical guide to talking to children about sex provides ways to launch conversations following some of the most common kid comments and questions: What's That Thing? I'm Going to Marry Mommy. Sex Is When You Kiss. I Don't Want to Talk About It. From teaching toddlers about body parts to important discussions with adolescents, this resource encourages parents to understand what children of particular ages and developmental levels are ready to know, what they should know, and how to tell them. Real-life questions and answers encourage parents to prepare for their talks and make discussions easier. Moreover, ideas for discussing this sensitive subject with a sense of humor help take away some of the awkwardness—for both children and parents.

The Parents' Guide to Puberty - Cath Hakanson 2021-04-23

A straightforward common-sense book for parents on how to talk about puberty and sex with their tween or teen.

The Parents' Guide to Explaining Sex - Hakanson Cath 2022-04-23

Mum, what's sex for? Where do babies come from? What's a "sperm"? Such questions are enough to rattle even the most confident parent. And if you don't answer them, someone else will surely try: schoolmates, social media, or internet pornography. But providing a thorough, responsible sexual education doesn't have to be a minefield of discomfort and misinformation! *The Parents' Guide to Explaining Sex*, the latest guide by experienced sex educator Cath Hakanson, is an easy no-nonsense guide on exactly what to say to your kids and, better still, how and when to say it. Learn how to: ?Broach the subject with even the most reluctant child?Break sex down into simple, manageable steps to avoid overwhelming your child (or yourself!)?Answer your child's questions and satisfy their curiosity?Explain sex however feels most comfortable - *The Parents' Guide to Explaining Sex* is full of child-friendly images and includes both traditional and inclusive explanations. So put away the birds and the bees - *The Parents' Guide to Explaining Sex* is communication done right.

The Focus on the Family® Guide to Talking with Your Kids about Sex - J. Fitch 2013-10-15

Sexual images saturate today's culture--and children will learn about sex somewhere. But research shows that they want to learn from the parents they trust. Talking about sex doesn't have to be a fear-filled challenge. *The Focus on the Family® Guide to Talking with Your Kids about Sex* shows parents how to talk with confidence to their kids about sex and sexuality. This candid resource is full of the latest information, practical insights, and age-appropriate answers to the questions parents and children ask about sex. *Focus on the Family's Physicians Resource Council*, along with research from *The Medical Institute for Sexual Health* provides parents with the tools and empowering encouragement they need in order to communicate more effectively and biblically about sex, self-control, and self-respect at every stage of a child's development.
