**Divorced Girl Smiling** Jackie Pilossoph 2013-11-23 Smile! It's not just the end of your marriage, it's the beginning of your second chance! Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. Divorced Girl Smiling is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

*Dating the Divorced Man* Christie Hartman 2014-03-21 His ex-wife, kids, and alimony... can you deal with his past? In today's world, separated and divorced men comprise nearly 40% of available men. However, these men differ from the typical single bachelors you're used to dating-they can come with many unexpected challenges, such as children, difficult ex-wives, substantial financial obligations, and unresolved grief, guilt, or anger. After 10 years of conducting research and coaching women dating separated and divorced men, psychologist and dating expert Dr. Christie Hartman has gathered every challenge these men can offer and put them into one easily-digested book. She will show you how to: - Detect problems early on-and tackle them together - Identify problems that "come with the territory" vs. those that are deal-breakers - Recognize when his ex isn't over him... or when he isn't over her - Avoid becoming a rebounding man's "transitional woman" - Evaluate whether marriage to a divorced man is the right choice for you Filled with lots of insight and real-life examples, *Dating the Divorced Man* gives you the tools you need to decide if you can deal with the issues and find long-term happiness-or if it's time to say goodbye.

This unique, groundbreaking book addresses the critical need for information on the impact of divorce on individuals in all age groups, and pays special attention to age as a factor in the effects of divorce on both men and women. Written by an interdisciplinary team of social and behavioral scientists, Divorce: Crisis, Challenge or Relief? provides the invaluable results gained from their life span study of divorced adults. Divorce is the product of hundreds of interviews containing a host of very specific questions conducted with divorced adults between the ages of 20 and 79, both just after their divorce and again several years later.

From explaining how and why they blow hot and cold, to where that future they promised went to, how you've ended up being a booty call, why you've been together for a gazillion years but aren't going anywhere, and more importantly how and why you're involved with them in the first place, all of the answers are here.
