*How to Have an Enjoyable Safe Sex With a Pregnant Lady* - Felix Chrisantos 2020-12-17

I am of the opinion that taking a long break off sex, just because your woman is pregnant, is completely unnecessary. There is simply, no need to send sex on holiday for months, just because your woman is expecting a baby. It is important to know that ladies still retain the urge for sex even when they are pregnant. In some cases, they even become hornier. For this reason, if you are staying away from your woman just because she is pregnant, you will not only be sex-starving yourself unnecessarily, you

will also be depriving your woman of the opportunity to have a rich and an enjoyable time of mind-blowing sex during this period. Yes, I understand you are only trying to be careful so you don't hurt or negatively affect her pregnancy. And that is the reason I have put this book together to help you and your woman enjoy a rich and an enjoyable pregnancy sex without causing any harm to her pregnancy. This book will reveal to you some nice techniques and sex positions that will guarantee a mind-blowing moment of sex for you both.
