If you're getting over a breakup or think you might be getting over one soon, this eBook is for you. DatePerfect wants to make everything dating-related a little simpler, easier, and more fun. And that's good news for you if you're picking up the pieces of your broken heart, eating ice cream for dinner, and you can't stop listening to Cat Power (or whatever your personal breakup recovery plan looks like). So, what kind of stuff can you expect to find in this eBook? We'll start with everything pre-breakup, like knowing when, why, and how to breakup. We'll talk about what it looks like to end a long term relationship, break up with someone you love, and how to help yourself heal after. Then we walk you through all our best tips and suggestions for dealing with that tender, broken heart. This includes info like how to get over someone, how to move on, and how long it takes to get over a breakup. We'll end on a positive note by helping you decide when you're ready to start dating again, how to get back in the dating scene, and, for better or for worse, how to fall for someone all over again. If you feel wronged by your ex, learning to forgive them and yourself is the ultimate goal. No, forgiveness doesn't mean that you condone what they did to harm you. What it actually means is that you no longer have to be burdened by that hurt. Until you forgive them, they'll be occupying space in your mind period. Don't let them live in your head rent-free like that! They're taking up space that you could devote to something nourishing like your friendships or getting to know someone new. Let yourself have whatever feelings you do and try to let them move through you. It's normal to feel angry or depressed or hopeless at times. When the feelings come, see if you can feel them and move on. It's healthy and normal to have big feelings after a breakup. When you're ready, open yourself up to new relationships. It may take a bit of time or it may not. It can sometimes be a mistake to get into another relationship immediately following a breakup. But we won't judge! You shouldn't feel bad for looking for another partner right away nor should you feel pressured into entering another relationship before you're ready.

The Subtle Art of Not Giving a F*ck - Mark Manson 2016-09-13

#1 New York Times Bestseller Over 10 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.

How to Fix a Broken Heart - Guy Winch 2018-02-13

'HOW TO FIX A BROKEN HEART PROVIDES THE VALIDATION, COMFORT AND HOPE ANYONE WHO IS HEARTBROKEN DESPERATELY NEEDS.' ESTHER PEREL, BESTSELLING AUTHOR OF THE STATE OF AFFAIRS AND MATING IN CAPTIVITY Every one of us has or will have our heart broken at some point in our lives. Heartbreak, whether it comes in the form of romantic love or through loss, is universal, yet we know so little about how to deal with it. Psychologist Dr Guy Winch imagines how different our lives and our society would be if we paid more attention to this unique emotional pain. Heartbreak can last for days, weeks, months and even years. Yet while we wouldn't expect someone to go to work or function well with a broken limb, heartbroken people are expected to function in their lives, despite the emotional pain they feel. How to Fix a Broken Heart argues that if we don't understand how heartbreak works, we won't be able to heal it and we are likely to make it worse, which we do, and regularly. Dr Winch reveals how and why heartbreak impacts our brain and our behaviour in dramatic and unexpected ways, regardless of our age. Emotional pain lowers our ability to reason, to think creatively, to problem solve and to function. Recovering from heartbreak always starts with a decision, a determination to move on when our mind is fighting to keep us stuck. We can take control of our lives and our minds and put ourselves on the path to healing. Dr Winch offers a toolkit on how to handle and cope with a broken heart and how to, eventually, move on. 'A great read for anyone going through heartbreak, anyone trying to help someone go through heartbreak, or anyone who simply wants to understand humans better' Tim Urban, creator of Wait But

[Beyond the Breakup](#) - Andrew Aitken 2015-04-21

Written by a man with extensive experience on the topic, Beyond the Breakup explains how men think about breakups, their ex-girlfriend, and how they perceive her behavior in the wake of a relationship's end. It also explains the implications this has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. Win Your Partner Back After A Break Up? - Louisa Jackson 2021-05-08

Those that go searching for love only make manifest their own lovelessness - D.H. Lawrence If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return.

Stronger Than You Think - Gary Lewandowski 2021-02-11

'It should be on every bookshelf.' John Gottman, author of *The Seven Principles for Making Marriage Work*

_____ What if everything you thought you knew about your relationship was wrong? We all have faulty thinking when it comes to our closest relationships. Our default ways of thinking about love can blind us to what is good (and bad), lead us to find problems where they don't exist, and potentially sabotage even a great relationship. To prove it, and because it's fun, here's a pop quiz. True or False: - It's wrong to be selfish in a relationship. - If we're not having a lot of sex, we're not in love. - Men aren't as romantic as

women. - It's better to hold back and not argue about it. - You should never give up looking for your soulmate. *Stronger Than You Think* presents a refreshing and eye-opening new take on the relationship genre and gives readers a guided tour of the most common blind spots that plague relationships at all the major friction points. Blind spots are the key questions you aren't asking, the signals you're missing, the signs you aren't seeing, qualities that you're overvaluing, or the indicators you're misinterpreting. Award-winning professor, psychologist, and relationship scientist Dr Gary Lewandowski leverages his 20 years of experience to provide readers with a way out of this self-sabotage in this eye-opening look at their relationship's good side.
