How to Satisfy Your Woman - Larry Lewitan
2010-08

Why are most women unhappy with their man's performance in bed? Why do most men not have a clue how to sexually satisfy their woman? The author maintains that sexual unhappiness in a relationship is caused by the man's lack of experience, knowledge and understanding when it comes to satisfying his woman. He also maintains that sex is the most important pillar in a relationship, and that without good sex no relationship can survive! These are strong statements, and the book offers powerful solutions by going to the root cause of sexual unhappiness among couples. Written in explicit, uninhibited language, the kind that men can understand, this is an uncensored guidebook that instructs men on how to satisfy their woman. It holds nothing back. The sexual techniques that it details, as well as the wisdom that it presents, will allow men to be able to sexually satisfy their woman the way she dreams of being satisfied. Women will read it too. They'll enjoy the tongue-in-cheek humor and be thrilled that one of the world's best kept secrets (how to make love to a woman) is finally coming out of the closet. If their men don't buy this book, it's certain they'll be buying it for them.

How to Satisfy a Woman in Bed - Charles Clinton 2022-11-17

Women are incredibly enthusiastic about sex. It is one action that is beneficial to their mental health. A woman feels fulfilled after a sexual encounter. A woman feels like a true woman after an extraordinary sexual experience. One reason for this is that a woman will go to any

lengths to cling to and adore a man who can sexually please her. There is the knowledge you need to have about the nature of a woman when it comes to sex. You need to understand why "sex is a woman." "In this book, you will find the complete truth about pleasing a woman sexually." It goes beyond sticking your penis into the vagina. You must understand how to get a woman's attention. Understand why "sex is a woman" before continuing. Learning how to stimulate a woman for a long time is essential. You must be able to handle the intricacies of the woman's physical makeup to contribute to her sexual fulfilment and happiness. To truly conquer fast ejaculation during sex with a lady and stay long in her eager vagina, you must first understand the causes of it. You will learn about all these things as you go through this book How to Satisfy a Woman in bed, The Magical Formula for Multiple Orgasms Before creating this well-known book on How to Satisfy a Woman in bed, The Magical Formula for Multiple Orgasms-I spoke with close to 2500 women. Every single one of them had faked an orgasm during sex at some point in their lives, with 60% of them doing so every time, I discovered when I asked them about their pleasure with their sex lives. These women need a book designed for guys that explains why their women are staging orgasms and what they can do to stop it, not another fancy sex manual with intricate positions. Many of the assumptions men frequently hold about what a woman wants in bed are examined by Charles Clinton. He explains what repels women and what attracts them The author also talks about the value of love and commitment in marriage, romantic fantasies, and the advantages of excellent health for enhancing sexual energy. A more straightforward, down-to-earth manual on how to give and receive sexual pleasure has been written. You can use this book as a license to appease your beloved wife and girlfriend. When making love, a man is obsessed with numerous thoughts, such as: Is she enjoying it? Is she staging the orgasm to boost my male ego? What if she meets a different man who is more effective at it? Do not worry; this book has got you covered because it teaches you how to discover every woman's erogenous zones, where and when to start after initiating foreplay, and the best sexual positions that can give her

multiple orgasms easily. Once you follow the steps highlighted in this book, your woman must acknowledge you as an actor in the game and always ask for more sex. This book is an antidote to divorce and unpleasable sex.

Do It My Way - Joel Block 2013-08

Do It My way - The New Sexually Assertive Woman describes the emergence of a new type of woman who is comfortable sexually asserting

herself to her partner. Such a woman directs her partner in how to satisfy her sexually. Its message to women who are not finding satisfaction in sex is that they must teach their partner on how to give them good sex. They do this by explicitly telling their partner what to do, when to do it, and how to do it so that they experience sexual satisfaction. Such women know that their partner loves it when they take such an active role in sex and that sex is better for both of them. The new sexually assertive woman frees herself from the bondage of the good girl stereotype that only bad girls take an active role in sex.

The Art of Pleasure - Ryan Darrel 2019-05-13

Do you know what it feels like to have your spouse do you - not just bringing you to orgasm or have intercourse - but really do you? Do you know what it feels like to do your spouse? The fine art of doing and being done. I've got news for you - equity has no place when it comes to eroticism and sex matters. The ability to take your partner (or be taken by them) embodies a lusty, lascivious eagerness for pleasure. This isn't crudeness - quite the opposite - it's a deliberate intent to arouse (and satisfy) passionate sex on the moon. If you're one of the many who've yet to experience this level of passion and eroticism in your relationships, or if you've had a taste of it but it faded over time, the Art of Pleasure will help you to activate and reawakened this passion once more. So how do you reach this level of eroticism and sexual passion? For many people, this part of themselves is yet to be born. When we climb into bed with our spouse, we each carry different expectations, hopes, plans, and passions to the experience about to unfold. Let's face it, on a basic biological level men and women are different. Arousal, pleasure, eroticism, power, even orgasms are different. Many men can be quite envious of a woman's orgasm. Look at the differences between us, when a man has an orgasm, while the feeling is great it seems to pale in comparison to a woman's. A woman is capable of full body orgasms. It seems to pulsate like waves throughout her entire body. Plus, and the biggest source of male envy, a woman is capable of wave after wave. A man has to have some recovery time. Just look at the different faces and expressions between the two sexes.

and you'll get confirmation of the difference. So rather than focus on the differences that separate you and your spouse, what if you brought more of yourself to the party? And they brought more of themselves? Could you handle that? Many of you will quickly reply ... yes! Really though? Think about it this way, to my male readers, can you really handle a full grown woman? One who knows what she wants sexually and how she wants it? A woman in touch with her raw, animalistic nature? This will require more of you, perhaps MUCH more of you! It may mean that after you've experienced your orgasm you have to stay around for hers. It may mean you have to submit to her power, or you have to over-power her and truly take her. And to my female readers, are you ready for a full grown man? Someone in touch with his power. A man in tune with his raw, animalistic nature? This too, will require more of you. If you're interested in creating this part of you and your relationship, the Art of Pleasure will help you get started. Tapping into eroticism and new levels of passion requires tremendous personal integrity. It takes a great deal of integrity to face head on the demands and challenges of exploring your sexual potential. But you know what? Every one of us has some untapped sexual potential just waiting to be discovered. You can place two violins next to each other, pluck the string on one of them and the corresponding string on the other violin will vibrate. It recognizes its own wave. Marriage and sex can be the same. You and your spouse can resonate with each other, creating your own music together.
