To satisfy a woman on bed

especially for those with a small penis might be quite difficult if you don't understand the basics behind making a woman orgasm. Before writing this masterpiece, I spoke to more than 500 women who have experienced orgasm. The statistics are written below; 51% said that they anticipated the sex so badly that they climaxed few minutes after the man started thrusting. 30% said that the man started out with a fantastic foreplay and hit the right spots when he started thrusting. 19% said that they had no idea what the man did, but the sex was wonderful. The question is where exactly is the right spot? If you know about the G-spot but have no idea how to hit it right during sex, then there is a problem. This book will show you exactly how you can make a woman anticipate sex so bad that you would have a field day getting her to climax The right way to go about foreplay, thrusting, and making her climax, even when you have a small penis. A woman feels like a true woman after an extraordinary sexual experience. One reason for this is that a woman will go to any lengths to cling to and adore a man who can sexually please her. There is the knowledge you need to have about the nature of a woman when it comes to sex. You need to understand why "sex is a woman." "In this book, you will find the complete truth about pleasing a woman sexually." It goes beyond sticking your penis into the vagina. You must understand how to get a woman's attention. Understand why "sex is a woman" before continuing. Learning how to stimulate a woman for a long time is essential. You must be able to handle the intricacies of the woman's physical makeup

to contribute to her sexual fulfilment and happiness. To truly conquer fast ejaculation during sex with a lady and stay long in her eager vagina, you must first understand the causes of it. These women need a book designed for guys that explains why their women are staging orgasms and what they can do to stop it, not another fancy sex manual with intricate positions. what repels women and what attracts them The author also talks about the value of love and commitment in marriage, romantic fantasies, and the advantages of excellent health for enhancing sexual energy. A more straightforward, down-to-earth manual on how to give and receive sexual pleasure has been written. You can use this book as a license to appease your beloved wife and girlfriend. When making love, a man is obsessed with numerous thoughts, such as: Is she enjoying it? Is she staging the orgasm to boost my male ego? What if she meets a different man who is more effective at it? Do not worry; this book has got you covered because it teaches you how to discover every woman's erogenous zones, where and when to start after initiating foreplay, and the best sexual positions that can give her multiple orgasms easily. Once you follow the steps highlighted in this book, your woman must acknowledge you as an actor in the game and always ask for more sex. This
