The Curse Workers - Holly Black 2021-12-14

"Cassel Sharpe comes from a family of curse workers, people who have the power to change emotions, memories, and luck with the slightest touch of their hands. And since curse work is illegal, they're also all criminals. Many become mobsters and con artists, but not Cassel. He doesn't have magic, so he's an outsider, the straight kid in a crooked family--except for the small detail that he killed his best friend, Lila, three years ago. Cassel has carefully built up a facade of normalcy, blending into the crowd. But his facade starts to crumble when he finds himself sleepwalking, propelled into the night by terrifying dreams about a white cat that wants to tell him something. He's noticing other disturbing things, too, including the strange behavior of his two older brothers, who are keeping secrets from him. As Cassel begins to suspect he's an unwitting pawn in a huge con game, he must unravel his past, and his memories. To find the truth, Cassel will have to out-con the conmen"--

Red Glove - Holly Black 2011-04-05

The cons get twistier and the stakes get higher in this second book of The Curse Workers trilogy: "a sleek and stylish blend of urban fantasy and crime noir" (Booklist). Curses and cons. Magic and the mob. In Cassel Sharpe's world, they go together. Cassel always thought he was an ordinary guy, until he realized his memories were being manipulated by his brothers. Now he knows the truth—he's the most

powerful curse worker around. A touch of his hand can transform anything—or anyone—into something else. After rescuing his brothers from Zacharov's retribution and finding out that Lila will never be his, Cassel is trying to reestablish some kind of normalcy in his life. That was never going to be easy for someone from a worker family tied to one of the big crime families, and a mother whose cons get more reckless by the day. But Cassel is also coming to terms with what it means to be a transformation worker and figuring out how to have friends. But normal doesn't last very long—soon Cassel is being courted by both sides of the law and is forced to confront his past. A past he remembers only in scattered fragments and one that could destroy his family and his future. Cassel will have to decide whose side he wants to be on because neutrality is not an option. And then he will have to pull off his biggest con ever to survive. Love is a curse and the con is the only answer in a game too dangerous to lose.

Queer Voices from the Locker Room -

Cuhullan Tsuyoshi McGivern 2017-07-01

The editors intended for this volume to provide queer and ally athletes a space to have a voice and share the experiences that have been significant in their identity as an athletic member of the LGBT+ community. To that end, this book is a collection of autobiographical

short stories of LGBT+ athletes and their experiences in sports and athletics, some who are publicly out and some who are not. Based on the narratives collected, the book is organized around themes that illustrate various perspectives and the power that sport can play in 1) finding one's true identity, 2) bridging communities, and 3) challenging gender norm stereotypes. The goal of this book is to help change the expectations of what it means to be a successful athlete and promote greater inclusivity of LGBT athletes. Providing the space for these voices to be heard will help to pave the way for a non-discriminating sporting environment, allow LGBT+ athletes to focus on their given sport without any distractions, and enable these athletes to live an authentic life without having to hide their true identity.

Lunch at Junior's - Richard Grayson

2014-03-31

ROLLING STONE called Richard Grayson's first short story collection, WITH HITLER IN NEW YORK, published in 1979, "where avant-garde fiction goes when it becomes stand-up comedy," and NEWSDAY said, "The reader is dazzled by the swift, witty goings-on." THE NEW YORK TIMES BOOK REVIEW said Grayson's I SURVIVED CARACAS TRAFFIC (1996) was "entertaining and bizarre" and "consistently, even ingeniously funny." PUBLISHERS WEEKLY called Grayson's THE SILICON VALLEY DIET (2000) "compulsively talky and engagingly disjunctive"; and THE PHILADELPHIA INQUIRER, reviewing AND TO THINK THAT HE KISSED HIM ON LORIMER STREET (2006), said, "Grayson has a fresh, funny voice." Grayson's diaries from August 1969 to December 1977 were published in a number of previous volumes. LUNCH AT JUNIOR'S covers the first half of 1978, when the 26-year-old author, having published over fifty stories, teaches college English classes in downtown Brooklyn and dreams about having his first book published.

Junior High Ministry - Wayne Rice 2010-05-29
Rowdy, restless, silly, out of control, moody, vulgar, disrespectful, unpredictable -- this may be the junior high stereotype, writes youth ministry expert Wayne Rice. But early adolescents' enthusiasm, loyalty, energy, candidness, and willingness to learn -- these more than compensate for the well-publicized hazards of working with middle schoolers. In

this edition of Junior High Ministry -- updated and expanded to reflect the realities of middle school ministry at the turn of the century -- the cofounder of Youth Specialties takes a comprehensive look at the early adolescent experience: - A case for junior high ministry -- and what it takes to work effectively with junior highers. - New material of turn-of-the-century trends in the youth culture -- and on programming for kids living in this culture. - A chapter each on the five pivotal areas of development -- physical, social, intellectual, psycho-emotional, and faith -- among junior highers. - Altogether new chapters on parental involvement and mentoring in the context of junior high ministry . . . all topped off with 50 creative and practical ideas -- fun and games, Bible study openers, mixers, entire events -- that are tailored for junior highers in Sunday school, the youth room, or your living room. Whether you're training for youth work or a trainer of youth workers, Junior High Ministry will keep finding its dog-eared way to the top of your most used resources.
