**Win an Argument** Roma Solodoff 2010-01-18 Conflict is at the core of the human experience as well as life in general. Debate, one of the forms of conflict, can determine from what job we get to where we go for dinner. So, can you become great at debate? No, but you can become better at it. Winning arguments in the everyday sense of the world is not 100 percent rational like those formal debates will have you believe. Human beings are emotional creatures and few rely on pure reason to make up their mind. Thus, successful debate is the art of appearing right. If you want to get the better of every argument, regardless what side you're on, this book will help you attain that goal.. Organized as 40 stratagems with exercises designed to explain each stratagem and develop your adeptness in applying it, this book's practical approach is unique to today's marketplace. Based on the work of Arthur Schopenhauer and other philosophers, this book was modernized, reorganized and furnished with examples to maximize learning value. Don't wait. Turn the page and start winning those arguments.

**How to Crush No-Limit Hold'em** Dusty Schmidt 2016-07-26 One of the great cash game players today shows you how to crush today's toughest no-limit hold'em cash games. Dusty Schmidt, a legendary Internet cash game player and renowned teacher, shows players how to crush today's toughest no-limit hold'em cash games. Focusing on real life examples, the authors show how to maneuver in inexact situations where players don't know opponents' ranges and strategies, and where pot odds and stack sizes aren't necessarily known quantities. They look at their own mistakes,

and good plays as well, dissecting them so readers see how to think and play in real situations where multiple situations apply so that players can cut through the noise and focus on the facts that matter most. The critical concepts that spell the difference between winning and losing, and the critical thinking needed to win in today's tough games is the focus of this powerful book on making serious money in cash games. Bluffing, inducing multi-street bluffs, exploiting capped and uncapped ranges, post-flop squeezes, turning scare cards into profit, and overbetting are just a few powerful concepts discussed and dissected through real-play examples.

**It's Just a Little Crush** Caroline Fardig 2013-01-30 Meet Lizzie Hart. Small town girl...big time problems. Hindered only by her raging crush on the office hunk, wannabe sleuth Lizzie Hart spies, accuses, and gossips her way to the truth in bestselling author Caroline Fardig's first book of The Lizzie Hart Mysteries Series! The sleepy town of Liberty hasn't seen murder in...well...ever. Residents are stunned when the body of a young woman is found strangled, and reporters at the Liberty Chronicle are thrilled, rather disturbingly, over the biggest news story to hit town this century. Lizzie Hart has even bigger problems. Lately, she can't seem to concentrate on her job as copy editor at the Chronicle with the new hunky investigative reporter, Blake Morgan, swaggering around the office. How can a girl work when she's using all of her energy combating Blake-induced hot flashes and struggling to repress the giggly inner schoolgirl that's constantly rearing her dorky head? It's a good thing that Blake barely knows Lizzie exists. After an odd string of events, however, Lizzie begins to wonder if Blake is really as fabulous as she has fantasized. When Lizzie and Blake find a co-worker dead, Blake's personality changes completely--and not in a good way. Even though the police rule the death as an accident, Lizzie immediately suspects foul play and senses a connection to the recent murder. She is determined to bring the killer to justice, but is having some trouble getting her Nancy Drew on thanks to the pesky stalker she's picked up--Blake Morgan. Wait, didn't she want him to follow her around and pay attention to her? Not like this. Blake has turned from cool and smooth to cold and downright scary, making Lizzie wonder if he should be next on her suspect list.

Crush the Bully Ash Dalby 2017-07-19 WHY YOU MUST TAKE ACTION Bullying can impact major aspects of your life including mental and physical health, career, friendships and relationships. If you have had a relationship with a bully, you might regret the years that you have lost by staying in the relationship. A workplace bully can affect your motivation, which can negatively impact on your career. A social bully can make you feel lonely and insignificant, even though you are part of a group. Some bullies enslave their victims. "Enslave" might seem like a strong word. However, when someone makes you so afraid that, you won't object in any way to their demands or insults, they have psychologically enslaved you. The long-term effects of bullying can take years to recover from. Victims of bullying may develop depression, anxiety and complex posttraumatic stress disorder. Whether you are a victim of bully or have been in the past, you must take action. WHY THIS BOOK IS DIFFERENT The fundamental premise of this book is that, bullies know they are bullies. As such, you cannot reason with them. Many authors tell you that you should talk to the bully and tell them that you feel hurt by their behaviour. This is usually pointless. In fact, trying to reason with a bully can make the situation even worse. If you try to talk to them, they will usually lie and deny. Even if they acknowledge your feelings, they will often employ another strategy to bully you. Even worse, the bully might accuse you of abusing them, simply because you tried to talk to them about their behaviour. They might present themselves as the victim. Then, they will often use this as an excuse to be even nastier to you. WIN LOTS OF SMALL BATTLES AND YOU WILL WIN THE WAR This book teaches you the skills to take the bully's power away. You should view, each time that you take the bully on, as a battle. You should not raise your voice. I am talking about a skilful battle of words. Each time the bully attacks you, you will be armed with a counter-attack and not just a defence. The idea is that, each time you and the bully have a battle of words, the bully will come off looking foolish. Bullies want to walk over their victims. They don't want to risk losing a battle of words and consequently, losing face in front of other people. The idea is that the bully will eventually realise that, by attacking you, he or she can end up socially wounded. At this point, most bullies will leave you alone. This book contains carefully planned out strategies for each situation that you might find yourself in.

[Crush PLO High Stakes Games for a Million Dollars](#) Viktor J 2018-07-16 Every poker player has a dream to have a consistent earnings from poker, to earn a lot of money. person just starting out to make money. However it is different for PLO, anyone can win at PLO if they follow the strategies outlined in my book. If you are an amateur I advise you to read this book it is a voluminous and complex book and it will take you at least a month to gather all the concepts and follow the gist of each example, make notes don't read the book passively and when you are done, you will become a very big winner at PLO games. No matter what stakes you play, if 1/2 is your game or if you play 25/50 and above you will crush these games, as I will outline a pure strategy in the bonus section where if you just follow the strategy you will win. In my earlier books I outlined a pure strategy for NLHE too and that now nearly everyone knows, however people stay confused with PLO, like how to play good aces, how to play bad aces, what to do when you have not connected, how much BB to sit with. How to tackle with a deep stack loose aggressive player? How to play when you have a deep stack, all these questions aren't answered by all the books out there, Hwang books don't go that deep in the psychology, it will just say that premium dominating hands will crush your opponents, but there is so much more to it, that it will take you years and a mountain of chips to learn the perfect strategy. The book gives it away so you can get a good win rate at the PLO games you play. Finally I will be giving you my contact details so you can reach out to me in case you have any doubts. Kindly note that I need to mark the price of the book up than most other standard books, because firstly I am not that much of a known author and secondly I will hardly sell about a 100 books, as I am not well known. But this is my 31st book and believe me to Galfond I say I can crush his soul if I play heads-up live with him. If you have gone to the WSOP my dear friends the money lies at the PLO tables, you can easily win all the money you earn from the PLO tables, just read this book cover to cover, make notes, learn all the set situations that I give to you, create a journal, and you will get a solid win rate at PLO. Then attack the tables and just grind.
