Paddle Your Own Canoe - Nick Offerman 2013-10-01

Parks and Recreation actor and Making It co-host Nick Offerman shares his humorous fulminations on life, manliness, meat, and much more in this New York Times bestseller. Growing a perfect moustache, grilling red meat, wooing a woman—who better to deliver this tutelage than the always charming, always manly Nick Offerman, best known as Parks and Recreation’s Ron Swanson? Combining his trademark comic voice and very real expertise in woodworking—he runs his own woodshop—Paddle Your Own Canoe features tales from Offerman’s childhood in small-town Minooka, Illinois—“I grew up literally in the middle of a cornfield”—to his theater days in Chicago, beginnings as a carpenter/actor and the hilarious and magnificent seduction of his now-wife Megan Mullally. It also offers hard-bitten battle strategies in the arenas of manliness, love, style, religion, woodworking, and outdoor recreation, among many other savory entrees. A mix of amusing anecdotes, opinionated lessons and rants, sprinkled with offbeat gaiety, Paddle Your Own Canoe will not only tickle readers pink but may also rouse them to put down their smart phones, study a few sycamore leaves, and maybe even hand craft (and paddle) their own canoes.

Deep Trouble - Jean Erhardt 2014-06-24

The Fourth of July isn't going at all as Kim Claypoole expected. It starts with a bang, including a run-in with a dead body, and ends with her juvenile delinquent nephew, Little Bucky, disappearing from her double-wide trailer on a souped up Suzuki. When Little Bucky fails to return and no one seems concerned but Claypoole, she sets out to find her wayward nephew. Nothing ever goes easy for Claypoole, and her investigation soon involves several trips to Krispy Kreme, a visit to Jesus Our Savior Bible Camp and some nasty encounters with a series of backwoods characters, including hillbilly counterfeiter and a major league Smoky Mountain dope dealer. In the midst of this chaos and while Claypoole is desperately trying to keep a rocky romance on track, her kooky mother and redneck cousin Alonzo show up for a surprise visit. Relatives, murder and love—all ingredients in a recipe for Deep Trouble.

Just a Boy and a Girl in a Little Canoe - Sarah Mlynowski 2021-05-11

Perfect for fans of 99 Days and Anna and the French Kiss, this unforgettable, sun-drenched summer romance from one of YA's bestselling and most beloved authors, Sarah Mlynowski, is an irresistible dive into the joys of seizing the day and embracing the unexpected. Sam's summer isn't off to a great start. Her boyfriend, Eli, ditched her for a European backpacking trip, and now she's a counselor at Camp Blue Springs: the summer camp her eleven-year-old self swore never to return to. Sam expects the next seven weeks to be a total disaster. That is, until she meets Gavin, the camp's sailing instructor, who turns her expectations upside down. Gavin may have gotten the job just for his abs. Or that smile. Or the way he fills Sam's free time with thrilling encounters--swimming under a cascade of stars, whispering secrets over s'mores, embarking on one (very precarious) canoe ride after dark. It's absurd. After all, Sam loves Eli. But one totally absurd, completely off-the-wall summer may be just what Sam needs. And maybe, just maybe, it will teach her something about what she really wants.

Five Summers - Una LaMarche 2013-05-16

Bittersweet, funny, and achingly honest, Five Summers is a story of friendship, love, and growing up that is perfect for fans of Ann Brashares' The Sisterhood of the Traveling Pants and Judy Blume's Summer Sisters. Four best friends, five summers of camp memories Emma, Skylar, Jo, and Maddie have all come back to camp for a weekend of tipsy canoe trips to the island, midnight skinny dipping in the lake, and an epic game of capture the flag—boys versus girls. But the weekend isn't quite as sunwashed as they'd imagined as the memories come flooding back. . . . The summer we were nine: Emma was branded “Skylar’s friend Emma” by the infamous Adam Loring . . . The summer we were ten: Maddie realized she was too far into her lies to think about telling the truth . . . The summer we were eleven: Johanna totally freaked out during her first game of Spin the Bottle . . . The summer we were twelve: Skylar’s love letters from her boyfriend back home were exciting to all of us—except Skylar . . . Our last summer together: Emma and Adam almost kissed. Jo found out Maddie’s secret. Skylar did something unthinkable . . . and whether we knew it then or not, five summers of friendship began to fall

apart. A young adult book with a friendship story that will last long after the last s'more is gone.

I See London, I See France - Sarah Mlynowski 2017-07-11

I see LONDON, I see FRANCE, I see Sydney's underpants. Nineteen-

year-old Sydney has the perfect summer mapped out. She's spending the next four and a half weeks traveling through Europe with her childhood best friend, Leela. Their plans include Eiffel-Tower selfies, eating cocco gelato, and making out with très hot strangers. Her plans do not include Leela's cheating ex-boyfriend showing up on the flight to London, falling for the cheating ex-boyfriend's très hot friend, monitoring her mother's spiraling mental health via texts, or feeling like the rope in a friendship tug-of-war. In this hilarious and unforgettable adventure, New York Times bestselling author Sarah Mlynowski tells the story of a girl learning to navigate secret romances, thorny relationships, and the London Tube. As Sydney zigzags through Amsterdam, Switzerland, Italy, and France, she must learn when to hold on, when to keep moving, and when to jump into the Riviera . . . wearing only her polka-dot underpants.

Legends and Life in Texas - Kenneth L. Untiedt 2017-12-15

There is sometimes a fine line between history and folklore. This Publication of the Texas Folklore Society features articles that tell stories about real-life characters from the historical past of Texas, as well as offer personal reflections about life from diverse perspectives throughout the last century. These contributors go beyond merely stating facts about dates or locations or names of the events and people that can be found in court documents or genealogical records; several of these authors provide a very intimate connection to the tales they share. These articles are not just about people that we read about as school children, and they do not merely describe how our culture used to be, or how vastly it has changed; rather, they emphasize the ways we keep our culture alive through the retelling of the events and customs and major figures that are important enough to pass on from one generation to the next. The first section covers legendary characters like Davy Crockett, Mody Boatright, Sam Houston, and Cynthia Ann Parker from our state's past, as well as people who were bigger or bolder than others, yet seem to have been forgotten. Some of those characters came from different countries, while others are connected directly to our Texas Folklore Society family tree. The second section includes works that examine songs of our youth, as well as the customs and social constructs

associated with music, whether it's on a football field or in a prison yard. The works in the final section recall memories of a simpler time, when cars and home appliances lacked modern conveniences we now take for granted, before Facebook and YouTube allowed us to become Internet movie stars, and when it was a treat just to go and "visit" with family and friends.

The Firelight Girls - Kaya McLaren 2014-10-14

The past and present collide as five women work to save the summer camp of their youth in this heartwarming novel from Kaya McLaren, *The Firelight Girls*. The summers you spend at summer camp are indelibly etched on your heart. But what happens when the camp you love is about to close? Can you ever really say goodbye to the place that made you who you are? These are the questions that plague Ethel, the seventy-year-old former camp director who is nursing a broken heart after losing the love of her life as she now faces the impending closure of the camp on Lake Wenatchee that she called home. It's also a question that inspires change in forty-year-old Shannon, who spent the summers of her youth as a vibrant, capable camp counselor and is now directionless after watching her career implode. And there's Laura, who has lost all intimacy with her husband and doesn't know if she can save what seems to be gone forever. Finally, Ruby, who betrayed Ethel years ago and hasn't spoken to her since, hopes this will be her chance to make

amends. When the four women learn that a homeless teen has been hiding at camp, they realize camp is something much more immediate for all: survival. And so the three generations of women search for a way to save the place that saved them all, finding in the process a way back to themselves and each other in *The Firelight Girls*, Kaya McLaren's novel of love and loss, heartbreak and healing.

Reaching for the Moon - Edited by Julia Park Tracey 2013

"I'm glad I'm alive." Doris Louise Bailey, a teen in the Prohibition era, writes this sentiment over and over in her diaries as she struggles with a life-threatening bout of scarlet fever. But it's also an apt summation of how she lived in the years following her brush with death. *Reaching for the Moon: More Diaries of a Roaring Twenties Teen (1927-1929)* contains Doris's true-life adventures as she flirts with boys, sneaks sips of whiskey and bets on racehorses - breaking rules and hearts along the way. In Portland, Oregon, she's the belle of the ball, enjoying the attention of several handsome gents. In Arizona, she rides a wild strawberry roan, winning races and kissing cowboys. From hospital wards and petting parties to rodeos and boarding school, this older, more complex Doris faces the dawning of the Depression and her own emergence as a young adult with even more humor, passion and love of life than she showed in her earlier diaries. Readers of all ages will relate to her pursuit of true love, freedom, and adventure in her own time and on her own terms.
