Good Life God Life WILAIWAN SCHULTZ 2021-12-25 Good life is about a good perspective you can see from facing tough times. It is the process that leads you to look inward and communicate with yourself. To discover what you truly want and have it. "How life would be if you can just simply think and it happened?" Well, this book has all the answers about how you can do that. My first purpose is to write to me, keep a summary of what I found to be the truth about life. Through the way, it led me to my desire, when I discovered this truth and knew how to live the life I ever dreamed of. This book is about learning to change your life from within as happiness, love, happy relationship, good health and wealth starts from within the mind of man. Each chapter is the key point that has guided me into stepping toward and finding my true self and helping me understand the nature of life as my true self is one with all life. We create our life through thoughts that are formed into a conception and beliefs about life. Everything that happened in our life is just a reflection of whom we think we are. This book will help you find your true self, understand the nature of life within you and how to live from your best self and empower your gift. You will understand the core of your being and know that your consciousness, your spirit, and God are one. Your desire, happiness, and success are just temporary. Through practice, you will build self-love, self-confidence, self-respect, and see the true value in yourself. You will get to know that infinite love is to be your very own nature. You will learn to fully trust in yourself and gain absolute faith in all aspects of your life. "When you can master your mind, what you can get out of life is limitless." By the end of the book, you will know how to live from within, create your world as you wish, and live a wish fulfilled life.

Two Rivers of the Mind Christopher J Bourg 2019-10-09 Our lives and how we live them are like a river adventure—and it's up to us to make the experience fun. It's not the river's job to make us successful or happy. What we make of every day is up to us, and we get to decide if we will face the challenges in front of us or stop halfway through the adventure. Captain Bon, a real tugboat captain and former Navy man whose service taught him about leadership and hard work, is your guide in this book that will help you create a system to succeed. So, take a journey with the captain and learn a new way to live life.

The Seven Year-Old Pilot Steven Archille 2012-03-23 Flying has been my dream since before I can remember... literally. My Aunt Odette tells me that when I was three years old, she took me with her to the Port-au-Prince International Airport to pick someone up, and when I saw an airliner up close for the first time, I excitedly yelled out, "I want to drive that!" I don't recall that event, but it serves as evidence that my fascination with flying began at a remarkably young age. My first memory of wanting to fly came a few years later at the age of seven. I was on my very first flight, from Port-au-Prince to New York City, where I was going to start a new life in a new country. I remember looking at all the people boarding the airplane and wondering how that "big silver bird" was going to get us into the air (that silver bird was an American Airlines Boeing 727). To this day, the whole experience is vivid in my mind: being greeted with a smile by the captain at the aircraft entry door, the funny feeling in my stomach as the plane accelerated down the runway, leaping into the air, and my utter disbelief that we didn't drop out of the sky! I was mesmerized by it all, and by the time the plane came to a stop at our gate, my dream had been born... I wanted to become an airline pilot. I have been blessed to be living that dream since 1999. It's a dream from which I hope never to awaken. This is the story of the lifelong journey I have taken in realizing that dream. I invite you to come along with me as we go from my birth in Haiti to the present day, as I live my dream every day. You will come with me as I move to America at the age of seven, a country I knew nothing about and whose language I didn't speak, a land that would truly prove to be "the land of opportunity." You will feel my sense of wonder and bewilderment growing up in New York City, trying to understand my new world. You will face my struggles to fit in with the kids in the housing project where my family lived for a decade as Mom and Dad saved money to buy a house. You will meet my parents, who encouraged my dream of flying, and my fifth grade teacher who helped me to see that it was possible not only to dream it, but also to achieve it. It's a story of potential fulfilled, and my family's sacrifices to get me through college and flight school. You will fly with me from my first lesson to my first airline job as a copilot, to the day I earned my four-stripes and first heard someone call me "Captain." You will sit with me in the captain's seat as I fly an airline jet over Haiti for the first time, looking down from thirty-eight thousand feet onto the land of my birth where my dream had been born. You will soar with me over the majestic Amazon jungle in Brazil, over the desert-flanked Nile River in Egypt, and the sparkling Mediterranean Sea. You will fly with me through New York City blizzards, Indian monsoons, and Arabian sandstorms. You will travel with me on adventures to Europe, South America, the Middle East, South Asia, the Caribbean, and other parts of the world I used to dream of going to as a child; places that have affected me profoundly and where I left a little part of myself. I have seen all these things through the eyes of the seven year-old boy from Haiti that I was and in many ways, still am; the little boy who had a sense of just how incredible the world and life are, who dreamt of a life of worldwide adventure, and was blessed to have his dream come true. That is the reason for the title of this book, "The Seven Year-Old Pilot," because even after years of flying around the world, in many ways, I still feel like that little boy, and I always try to approach my travels and my life with his sense of gratitude, amazement, and awe. I truly believe that every one of us has life experiences and lessons worth sharing that can inspire, enlighten, teach, and benefit others because we have all liv

Drowning Edith Bleue 2009-06-19 Everyday were bombarded with news.. With problems.. With life.. Its hard to escape it, but we find a way to do so anyways.. We try and escape our lives.. And we drown ourselves in the world around us.. We drown ourselves in the news.. In celebrity gossip.. In movies.. Books.. Television.. And music.. We often find ourselves relating to the words of a song.. How the lyrics fit our life story.. How that song was written just for us.. And we drown ourselves in that fantasy world.. We drown in other peoples problems and also our own.. But never think of how to fix them, and finally escape So for those who never had a father.. Or for those who never had a parent.. For those who got their hearts broken.. For those that sacrificed a great love.. For those who fell hard for the wrong person.. For those trying to deal with and get over a tragic heartbreak.. For those trying to figure themselves out.. For just everyday problems and worries.. Drown like I did in having to deal with them and cope with them.. But at the end of the day learn how to move on from them.. And never look back again.. So for now, drown yourself in your thoughts and mine.. Relate your life to mine.. Your problems and mine.. Worry about them.. Deal with them.. Figure those feelings out.. Figure out how to make things better for yourself.. Let all that anger out.. Let that hate and sadness fall out.. Let those hidden feelings come out.. Drown yourself in all of that for now.. But in the end, get that strength to find your own way to save yourself.. And no longer drown.. And to finally move on, and finally get out

Tyrese stresses that life becomes infinitely richer when one takes the time to know him or herself and understand the true meaning of peace and fulfillment. This book is a guide to helping yourself, using his experiences as a learning tool. "It's not about talking down to people, it's about elevating them," Tyrese says. Some of Tyrese's chapter-based questions include: How much do you love yourself? How much do you want for yourself? Why do men cheat? What is your bottom line? Are you ready for the next level? This star of the Transformers sequel will show you how to transform your life in this amazingly candid book!" -- Rev Run "I've watched Tyrese for many years - I've watched him succeed; I've watched him fail; I've seen him as a beneficiary of serendipity, and I've watched him suffer at

his own hand. And in the recent years, as we've become friends, I've witnessed Tyrese Gibson learn how to get out of his own way as he wrestled his destiny from the fickle hands of fate." -- Will Smith

Revelation Richard MacLeod 2010-09-17 The "Revelation" book series is a continuing true story of a man who searches for his ancestry in the remote Hebrides Islands and uncovers the secrets of ancient stone structures and a language of symbols carved into stone. He is transported through time to discover the origins of humanity and given the knowledge of Heaven that allows us to live happily in this world. The first people discussed in these books are those who built these stone structures beyond five thousand years ago, and those now waking up in this world today. And their message is this. "The way to heaven is to open your mind to understanding and your heart to love, and as you do Heaven will appear of its own. As you discover what is within you, you are changed forever and the world changes with you, and this will bring peace to our world All the suffering in this world and our own personal suffering are totally unnecessary. And the single cause of it is that we don't understand our own humanity, because we have forgotten the meaning of love, forgotten who we are. At the core of each of us is the knowledge of love, truth, happiness and forgiveness, and by opening up to this core knowledge we set ourselves free to live life, as it should be." How many? How many people in this world lead happy lives? How many people leave this world in peace? How many people are trying to change their lives? How many people are searching and cannot find? How many people know the meaning of love? How many people know the meaning of truth? In the teachings of the First People found in these books the body mind soul and spirit are simply explained in a way we can understand. We have learned a good deal about our body and mind, but little nothing about the soul and spirit. So this is an opportunity for us to catch up by discovering that our soul and spirit are not mysteries after all. How we see the world. How we see ourselves. How we see our lives. How we see one another. Is determined by the stories we are told as innocent children. If we are told helpful stories we can live a happy life. If we are told harmful stories we suffer in life. Awakening is not what you may think it is. And certainly not what you have been told it is. It is in simply knowing who you are completely. And with this knowledge comes the certain realization of a completely sane view of reality. And it completely changes you, completely changes your psyche. Changes how you view the world, and just about everything you thought was you. And the purpose of life then becomes, just being happy in completely different ways. This ancient knowledge is about a powerful positive philosophy that resides at the core of all of us. They tell us that we have a choice between two worlds, with two worldviews. The frightened, misguided, and divided world we have made or the one that actually is. And that the most important thing anyone may do, in life, is to open up to our true self and let the best in us come out. As we do, our past sufferings, troubles, issues, and conflicts will simply be forgotten, because they are only held in place by false judgments we have made against ourselves. Opening to love and understanding is our awakening, our natural way of life. The life we were meant to have. A stunning revelation of an ancient language of the standing stones, telling us of the mysteries of life. Including the meanings of love, our humanity, a better way of living, and our real guidance in this world. Please see my website at, <http://www.gardenofedenbook.com>

Live in One Light Mark Helm 2020-12-08 "Live in One Light" was inspired after hearing a reply to the question I asked to God, "Who am I?" after going through many personal challenges and setbacks in the world. Someone had written me a letter and asked me, "Who are you?" and I heard a deep voice in my mind answer, "Light!" Live in 1 Light is for all those seeking and finding the light within each of us. By experiencing the light in others, we will find it within ourselves. We know there are dark clouds and times when we cannot imagine there is any light, within or without. I wrote this book in one such time, and over several years wrote about the light within from many perspectives: how I could experience it, and how when I held my brothers and sisters in that same light, it reflected back to me and those dark clouds started to float on by. We learn to view the world differently with our minds, and if we change our minds our world changes with us--not externally, but within. We are more at peace, we smile more,

we extend love, we forgive others and ourselves and Heaven on Earth becomes our state of mind" You are the light of the world. A city that is set on a hill cannot be hid." Matthew 5:14 Uplifting and insightful, Mark Helm hits a home run for anyone motivated to let go of fear & self-doubt and live more peacefully and joyfully. This book will inspire you to use his practical suggestions and examples to align with your true power by remembering the light within. Practicing forgiveness, kindness and non-judgment will point your way to truth. Whatever your chosen path, Mark reminds us that we have never left our Source. We are One with God and each other. Jackie Lora Jones, author of All Peace No pieces: A Course in Miracles' Take on The World' Live in One Light rocks with a message of oneness and love reminding us we all live in the light! Mark has written some wonderful lessons to teach you that the light is within and no one is without. Rev. Maria Felipe, author of "Live your Happy - Get out of your own way and Find The Love Within"

Finding Your True Calling Valerie Young 2002-06-01 Have You Found Your True Calling? True Calling?Yeah. True Calling. The reason youre alive. Your personal mission in life. Your raison detre.Your True Calling.If you dont have a clue what Im talking about, take a couple seconds to complete this quick quiz:Are you doing EXACTLY the kind of work that makes you want to leap out of bed each morning excited to begin a new day? Does your work satisfy a need deep within to express yourself, your talents, your values, your unique and precious gifts? Does your work allow for a balanced life one that leaves time for family and friends, for exercise or hobbies, for you? Are you doing what you love and loving what you do? If you answered yes to all of these questions, congratulations! Theres a good chance that you have achieved what the Buddhists call Right Livelihood.If you havent yet found the work you were meant to do, keep reading. Youre about to find your true calling and when you find that calling that is uniquely yours, your life will be transformed. Guaranteed.The way to find out about your happiness, said renowned mythology scholar Joseph Campbell, is to keep your mind on those moments when you feel most happy, when you are really happy not excited, not just thrilled, but deeply happy.Read that paragraph again. Its awesome.Now ask yourself how you feel each day as you get ready for work. It probably sounds something like this.Your alarm clock buzzes you awake. You drag yourself out of bed, dreading another day at a job thats high on stress and short on satisfaction.I guess what Im asking you is this:Are You Truly Happy Working In A Career Thats Fulfilling And Enjoyable?Because when you really love your work you greet the day like this:You dont need an alarm clock because you cant wait to get out of bed and dive into another workday where your work feels more like play.Maybe you think its too late. Maybe you believe that youve somehow missed your True Calling and that well youre not getting any younger.Nonsense. The 19th century writer George Eliot got it right when she said, Youre never too old to be what you might have been.Beverly Goodman Park from Northampton, Massachusetts is a perfect example of what Im talking about:Beverly was close to 60 when her marriage ended. At an age when most people are contemplating retirement, Beverly decided to pursue a long-held dream of becoming an attorney. A lot of people told her she was too old. Undaunted, Beverly went to law school while working full-time, passed the bar exam, and at 61, landed a job at a law firm, explaining, I thought this age stuff was baloney.So as you see, just because youre all grown up, it doesnt mean you cant find your own life mission and live it.But this leads me to my next questionHow Do You Find Work That Will Feed Your Soul?When you discover your True Calling, you may find your life taking you in unexpected directions.You see, anyone can get a 9-to-5 (or maybe for you its more like 8-to-late) J-O-B. A job is something that pays the bills but all too often fails to feed the spirit. And when your spirit is starved for meaningful satisfying work, your happiness suffers. But thats not all.Did you know that people who love what they do for a living actually live longer?Thats right. Research conducted by Duke University found that out of 788 factors considered, the top predictor of a long life in the U.S. even more than good health habits or good genes was found to be work satisfaction!I guess its

not surprising then that the word Vocation comes from the Latin word vocare which means to call. And when respond to your TRUE Calling you feel renewed, fulfilled, and deeply happy. So here's your million-dollar question: Do you believe you were put on this earth to sit in commuter traffic, to suffer through the performance evaluations and reorganizations, to have to answer to a boss that is well you know. Were you really created to spend your life having the Sunday night blues? Or Do You Believe, As I Do, That You Were Put Here To Follow A Calling That Is Uniquely Yours? If the idea of loving what you do appeals to you, the way I see it here are your options: You can keep plodding along week after week hoping that inspiration will somehow, someday suddenly strike and in a flash your true calling will be revealed. Or, you can make a promise to yourself right here, right now to take the first bold step on behalf of your dreams. This is where Changing Course comes in. Euphoria Gathoni Njenga 2020-10-20 My thoughts, feelings, and views on success, life, and love have never been clearer as I creep into what I suppose is the second half of my life. I stand firm in the belief that each and every one of us humans is the guardian and architect of their own happiness. This is a motto that I harshly apply to myself and the way I embrace all the events that life brings my way. After all, who better to take the driver's seat in my own life than me? Admittedly, life, love, and the pursuit of happiness know no single rhythm. There is no one way or a single set of steps one must take to get "there". We each must truthfully prescribe the remedies that we feel will aid in the removal of any encumbrances that inhibit our path to happiness. We must each allow ourselves the leeway to discover what it is that we want, and who we want to be and/or be with. Often due to a set of complicated reasons, some folks go their entire lives without once allowing themselves the simple basic right of being who they are. We owe it to ourselves to try to find out who we are and what makes us happy. I know as I write this that there are many ways to arrive at this destination: Happiness. I would be a fool and a hypocrite to suggest that one can be happy or at least try to be by following some structured cure-all steps. Moreover, I would be deluded to think there are some who know just what to do to be successful and happy. I try not to be that naive in life. I merely try to draw as many repeatable parallels as I can from the moves of those who, by all accounts, have managed to tame that elusive creature called "happiness". I feel as though, to that end, as I uncover some of these closely guarded "secrets", I must share them with the world. Or at

least with those who have been kind and generous enough to remain patrons of my ongoing experiment in writing and publishing. "Euphoria", I feel, is my latest attempt at unpacking some of the lessons I have learned and ways in which I feel, my younger self could have begun the drive towards happiness, self-acceptance, and inner peace - Had I known how crucial these moves would be to my overall mental health. In this book, each chapter tackles a different subject matter, I think when carefully navigated will help you get closer to your goals of being successful and happy. An excerpt from EUPHORIA Contentment is defined as a state of happiness and satisfaction. Happiness in the 21st century has become more sporadic than one would have imagined. By all accounts, as a global society, one would think that we would be happy. Seeing as the average person now has the ability to acquire the things that - in theory - should make us happy. Many nations also report a significant decline in general feelings of well-being. Countries like Canada and the United Kingdom show sharp declines in happiness as measured by the study. Leading up to the 2020 COVID-19 global pandemic/crisis, we all shared a great deal of information about ourselves, our families, and so on via social media. The average Joe ceaselessly shared photos and videos documenting - in great detail - their lovely vacations and constantly expressed joy surrounding the widespread concept of "living your best life". And yet, studies showed that more and more adults were reporting higher incidences of stress, anxiety, and depression. After the whole world changed due to the coronavirus pandemic, we seemed to turn on one another, tearing each other apart because of our different points of view and our loyalty to social and political groups. The truth is, social media platforms are changing the way we relate to each other. According to the latest World Happiness Report (2020), happiness is on a downward trajectory in many developed nations.
