The Catholic Church on Marital Intercourse - Robert Obach 2008-12-16

The Catholic Church on Marital Intercourse traces the development of the Church's theology of marital sexuality from New Testament times to the present day. The early ecclesial leaders promoted a theology of sexuality based on Stoicism's biological perception that sexual activity was solely for the purpose of reproduction. Only in the early twentieth century did a few theologians begin to move beyond discussing 'the purposes of marital intercourse' to discussing the meaning that the marital act might have for the spouses themselves. With the Second Vatican Council (1962-1965), a new and positive view of marital sexuality emerged recognizing the Pauline view that the couple's marital acts express their love for each other along the lines of Christ's love for his church (Ephesians 5). In sum, The Catholic Church on Marital Intercourse treats the way in which the Catholic Church has moved away from an attitude of conditional acceptance of marital intercourse on the basis of its utility to recognition that the dynamics of sexual union are both good and holy, not only because that is the way children are conceived, but also because the marital act enhances the love of husband and wife for each other.

Vocation to Virtue - Kent Lasnoski 2022-08-05

Vocation to Virtue seeks to answer a perennial difficulty in the Catholic theology of marriage: how do the practice and bond of marriage lead to Christian perfection in spouses and their children? If the Second Vatican Council is correct in saying that all in the church are called to Christian perfection, we need an account of how those consecrated in the sacrament of marriage can fulfill that vocation. If the perfection of charity consists in Christ himself, then couples must imitate Christ. But how? If Christ is the poor, chaste, and obedient bridegroom of the church, then spouses achieve holiness inasmuch as they participate in Christ's own virtues: poverty, chastity, and obedience. The thesis is that the language of the evangelical virtues (poverty, chastity, and obedience), a rule of life, and robust preparation (maybe a novitiate) belongs as properly to marriage as to consecrated religious life. Both states are specifications of a common baptismal consecration to Christ himself. Lasnoski seeks to establish this fact and constructively apply this language to conjugal life. The book begins by explaining our marriage crisis and theological paradigms for speaking about Christian marriage as "relationship" or as "practice," and considers modern scholarly attempts to relate conjugal life and consecrated religious life. The book then offers a theological groundwork in Christ and the Trinity for a deeper, noncompetitive relationship between the consecrated religious life and married life. It offers an Augustinian account of the relationship between marriage and consecrated life, and develops the ecclesial connection between the states with recourse to John's Gospel, which sees Christian life in terms of "householding." The church's tradition has a dialogical relationship between the consecrated and married - a mutual sharing of both "monastic" and "domestic" language. The final chapter develops practices of Christian householding for conjugal life using the language of poverty, chastity, and obedience, a rule of life, and a kind of novitiate preparation.

What God Has Joined - Peter J. Elliott 2010-03-01

Much has been written about marriage from the sociological and psychological point of view and as an object of civil and canon law. But in terms of systematic theology this treatment of marriage as a sacrament may very well be unique. Every effort has been made to keep the text from becoming too academic while at the same time providing the average educated reader with a wealth of original insights into the "mystery" of marriage: in creation and as transformed by Christ. Chapters cover sacramental consent, bond, and covenant as well as the quest for the sign. Such thorny problems as the role of faith in the sacrament, marriage with an unbaptized person, the most pressing ecumenical questions and the relationship between the sacrament and contraception are studied in depth. Finally, the "sacrament of family" is treated at some length with an eye to its social and redemptive dimensions.

Love, Joy, and Sex - Stan Chu Ilo 2019-07-30

There is no papal document that has generated as much interest, controversy, and debate in recent times as Pope Francis's *Amoris Laetitia*. This document, which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015, will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life. This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians, social scientists, and pastoral workers. They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same-sex relations, divorce and remarriage, and reception and denial of Holy Communion in the church, among other divisive issues. These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage, family, and same-sex relations. Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling. The authors here also call for the inclusion of Africa's own unique challenges—like polygamy, childless marriages, and the impact of migration, civil conflict, diseases, ecological and population crises, and the rights of African women—in the global discussion on marriage and family life. They also challenge uncritical clichés in world Christianity that Africa's opposition to same-sex marriages (or Western propaganda about population or birth control and contraception) are conservative, while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent.

Theology of the Body Explained - Christopher West 2003

Christopher West makes John Paul II's theology of the body available for the first time to people at all levels within the Christian community. Love, sexuality, and human flourishing are inseparable. Those who doubted this will find West's book a transforming experience, and those who have been wounded will find liberation and peace. A wonderful education on the meaning of being human. Christopher West teaches the theology of the body and sexual ethics at St John Vianney Theological Seminary in Denver. He is also visiting faculty member of the John Paul II Institute for Studies on Marriage and Family in Melbourne, Australia.

Pope Francis and the Event of Encounter - John C. Cavadini 2018-01-19

Since being elected to the Chair of St. Peter on March 13, 2013, Pope Francis has given unique shape to the meaning of the new evangelization. With his emphasis on the concept of encounter, and his stunning expression of pastoral ministry in *Evangelii gaudium*, the present pontiff has breathed new life into the Christian vocation to evangelize. This book brings together the voices of fifteen American Catholic scholars around the theme of Pope Francis and the Event of Encounter. Inaugurating the new series, *Global Perspectives on the New Evangelization*, this book incorporates a variety of approaches and questions in order to amplify the theology behind the pontificate of Pope Francis and the most recent developments in the new evangelization. Among the topics treated in the book are mercy, ecology, doctrine, culture, and the life and ministry of Jorge Mario Bergoglio. The reader will be delighted with an array of perspectives that promise to give inspiration for embarking on further frontiers of the new evangelization.

Living the Mystery of Marriage - Perry J. Cahall 2020-02-20

This unique book will assist those called to marriage to live out the wonderful, beautiful, and challenging mystery of married love by presenting a theology, spirituality, and morality of marriage in a widely accessible level.

Man, Woman, and the Meaning of Love - Dietrich Von Hildebrand 2002

Dietrich von Hildebrand here explores the mystery of sexuality with a firm and beautiful Catholic understanding. He corrects mistakes some Christian authors make about marital sexuality, details the unique profundity of sexual desire, warns you about wrong approaches to sex that can destroy a marriage, explains the meaning of the conjugal act (it's much more than mere satisfaction of desire), and shows why modesty and purity are important even within marriage. He even reveals how to tell genuine from false love, and how the true lover regards his beloved's shortcomings!

The Love Triangle - Renee Beamer 2012-07-01

What makes marriage work? The answer appears to be hidden from countless couples that find it

impossible to keep their covenant of love. Today, one out of every two marriages in America ends in divorce, and the state of the family is in crisis. The rebuilding of the foundational structure of our nation is absolutely essential, and it must begin within the home. The Love Triangle exposes God's design for marriage as detailed in Ephesians 5:22-33. Husbands learn what it means to love their wives as Christ loved the Church, and wives understand the importance of submission. To know God's Word on the subject of marriage is one matter; to live it necessitates the following warning: "Do not miss the symbolism of the wedding ceremony taking place at the altar. Something is about to be sacrificed." The Love Triangle explores obstacles in society, self and the spiritual realm that prevent a couple's intimacy with God and with one another. To stand firm in the face of those challenges is to fulfill the call of God that is specific for the married: "Be fruitful and increase in number; fill the earth and subdue it" (Genesis 1:28a). It is time for marriages to find healing, unity and this God-defined purpose. Renee Beamer, founder of Sharing Love and Truth Ministry, writes from her more than 20 years experience of wedded bliss and includes stories from others who also remain strong in their marriages despite the storms of the past. In each account of their struggles to remain faithful, the conclusion leads directly to the heart of God. The Father's desire to be known more intimately and His presence enjoyed more fully is beautifully portrayed in the unfolding of a "profound mystery" in marriage.

The Mystery of Marriage: A Theology of the Body and the Sacrament - Perry J. Cahall 2014-12-01

This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage. Incorporating the rich insights found in St. John Paul II's Theology of the Body, Dr. Cahall presents a theology of marriage that incorporates the biblical, systematic, pastoral, and historical traditions which have shaped our understanding of this sacrament.

Called by God: Discernment and Preparation for Religious Life - Rachael Marie Collins 2017-08-01

In *Called by God: Discernment and Preparation for Religious Life*, Rachael Marie Collins provides an overview of the spiritual life—both its joys and its challenges—and guides women as they discern whether they are called to be religious sisters or nuns. In a series of letters written by the author to a trusted friend discerning whether to enter religious life, *Called by God* explores both discernment and spirituality. The key to discernment, Collins argues, is to prepare for religious life by entering deeply into a life of prayer and sacrifice so that one experiences and begins to understand the "work" of a religious before entering the convent. *Called by God* draws heavily on the wisdom of great Catholic women such as Teresa of Ávila, Thérèse of Lisieux, Zélie Martin, Edith Stein, Teresa of the Andes, Elizabeth of the Trinity, Miriam Teresa Demjanovich, Elizabeth Leseur, and Caryll Houselander, among others. Women discerning a vocation will benefit immensely from the discussions about the difference between religious life and marriage, the nature of a vocation, the supernatural superiority of religious life, and spiritual motherhood in *Called by God*.

Marriage Is - Andrew T. Walker 2015-06-01

Marriage is not up for debate; marriage simply is. Today the meaning and purpose of marriage has been lost, and it is our fault. The prevalence of pornography, divorce, pre-marital sex, cohabitation, infidelity, and a thousand other mistakes have blurred our vision of God's plan for sex, family, and society to the point of blindness. The task before us is not merely to argue against the lie of same-sex marriage. Though that it is necessary, ours is a much larger project. It is time to restore among our people a sense of the profound beauty, mystery, and holiness of faithful marital love. It is time to recognize the time for defending the institution of marriage has passed. Sadly, for far too many, the marriages they know are not worth defending. Instead, Christians must take up the mission to renew and rebuild a culture that values marriage and family. To do so, we must first understand what marriage is and why it matters.

Mystery and Sacrament of Love - Marc Cardinal Ouellet 2015

An internationally respected Roman Catholic leader on the mystery-sacrament of marriage Marriage and the family are at the forefront of the burning questions being debated by civil society and the church today. Cultural changes in our increasingly secularized society have dire consequences in the family sphere, requiring a Christian response that is faithful to the Church's tradition, says Marc Cardinal Ouellet. In *Mystery and Sacrament of Love* Ouellet clearly expounds a theology of marriage and the Catholic Church's understanding of the sacrament celebrated between spouses and God. Developed with influences from Pope Francis, the theological intuitions of Vatican II, the contributions of Saint John Paul II (the "pope of the family"), and the innovative thought of Hans Urs von Balthasar, Ouellet's study lays the foundations for a faithful resurgence of well-being for families in our contemporary day and age.

Humanae Vitae, 50 Years Later - Charles J. Chaput 2019

"Experts representing a variety of disciplines including history, culture, theology, medicine, law, and psychology reflect upon the Catholic Church's teachings on marriage and licit methods for the regulation of births, on the occasion of the 50th anniversary of the papal document *Humanae vitae*. Includes selected bibliography"--

Three to Get Married - Fulton J. Sheen 2017-03-31

One of the greatest and best-loved spokesmen for the Faith here sets out the Church's beautiful understanding of marriage in his trademark clear and entertaining style. Frankly and charitably, Sheen presents the causes of and solutions to common marital crises, and tells touching real-life stories of people whose lives were transformed through marriage. He emphasizes that our Blessed Lord is at the center of every successful and loving marriage. This is a perfect gift for engaged couples, or for married people as a fruitful occasion for self-examination.

The Voice of the Bridegroom - Benjamin A. Roberts 2021-02-02

Preaching is a relational act. This book explores the relationship between the preacher and the assembly as a spousal relationship. Written by a parish pastor with a doctorate in preaching and rooted in the Roman Catholic notion of the priest as bridegroom of the church, this work examines characteristics of the spousal relationship between husband and wife and then provides an analysis of the ministerial priesthood through this nuptial lens. This nuptial reflection on the ministerial priesthood is then applied to preaching. This book presents a nuptial hermeneutic or vision for preaching and the implications of this vision for the assembly, the preacher, the homily, and the homiletical method. The appendices include a one-page strategy for preaching summarizing the homiletical method, a rubric for homily evaluation by members of the assembly, and two sample homilies.

The Mystery of Love and Marriage - Derrick Sherwin Bailey 1977

Marriage - Dietrich Von Hildebrand 1984

Before we examine the nature, the meaning, and the beauty of Christian marriage (which St. Paul calls "a great mystery in Christ and the Holy Church"), we shall examine the essence and meaning of marriage in the realm of nature, and its specific character in reference to all other fellowships and communities. Only in this way can we understand what was so gloriously exalted by Jesus Christ and thus dispel the misinterpretations of the nature of marriage so frequently encountered. Why does Holy Scripture choose this particular relationship as an image? It is chosen because marriage is the closest and most intimate of all earthly unions in which, more than in any other, one person gives himself to another without reserve, where the other in his complete personality is the object of love, and where mutual love is in a specific way the theme (that is to say, the core) of the relationship.
