When He's Married to Mom - Kenneth M. Adams 2007-03-26

When a Woman Is in an Emotional Tug-of-War for Her Man's Heart Why can't he commit? Many women find themselves asking this question when in love with a man who won't get married, won't stop womanizing, or refuses to give up his sex addictions. Often this kind of man is bound by an unhealthy attachment to his mother. This phenomenon is called "mother-son enmeshment." In *When He's Married to Mom*, clinical psychologist and renowned intimacy expert Dr. Kenneth M. Adams goes beyond the stereotypes of momma's boys and meddling mothers to explain how mother-son enmeshment affects everyone: the mother, the son, and the woman who loves him. In his twenty-five years of practice, Dr. Adams has successfully treated hundreds of enmeshed men and shares their stories in this informative guide. He provides proven methods to make things better, including: -- Guidelines to help women create fulfilling relationships with mother-enmeshed men -- Tools to help mother-enmeshed men have healthy and successful dating experiences leading to serious relationships and marriage -- Strategies to help parents avoid enmeshing their children *When He's Married to Mom* provides practical and compassionate advice to the women who are involved with mother-enmeshed men, to the mothers who wish to set them free, and to the men themselves.

All About Love - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

The Woman's Guide to how Men Think - Shawn T. Smith 2013

Comedian George Carlin once said, "Women are from earth. Men are from earth. Just deal with it." Though witty, this sentiment fails to recognize one of the real truths in life: that both genders are completely mystified by one another, and often have a mile-long list of complaints for the opposite sex. Yet, generally speaking, both men and women want to get along--especially if there's romance involved. *A Woman's Guide to How Men Think* offers a practical, humorous, yet compassionate guide for women who want to learn the secrets of the elusive male mind. With author Shawn Smith's trademark humor, you'll come to understand why men think and see the world the way they do, and how to work with men to cultivate understanding and communication in relationships, without expecting men to be creatures that they are not. This isn't a male-bashing book about how men should be more like women, but a book about how men actually are, and how women can use this understanding to get what they need from their relationships. You'll also learn why men often feel frustrated and criticized, how to deal with lack of communication in ways that don't put men on the defensive, and how being curious and compassionate (while not accepting disrespectful or abusive behavior) instead of dismissing men for their inherently male traits can lead to greater understanding between the sexes. The plain truth is that both men and women are from planet earth. But that doesn't mean we are the same. If you are looking for an insider's guide to the ever-elusive male mind, this is the book for you. The author, Shawn Smith, is a psychotherapist with a blog at ironshrink.com.
