**Lesbian Porn Magazines and the Sex Wars** - Elizabeth Groeneveld  
2023-04-18

Lesbian Porn Magazines and the Sex Wars re-examines the heated debates about the politics of sexuality known as the sex wars, investigating how they were fundamentally engaged in the complex intersections of gender, race, class, and sexuality. Groeneveld presents an accessible and fascinating framing of lesbian sex magazines as activist media texts engaged in education, community building, and dialogue, amplifying theories or writers and artists across the intersectional spectrum. Making use of archival material and a cohort of lesbian radical porn magazines, the book posits that collectively these

magazines helped create and circulate new ideas about sex, power, and identity. The chapters cover lesbian public culture, trans self-representation, AIDS activism, and issues of consent. This is an essential intervention into sexuality studies and is suitable for students and scholars in gender and sexuality studies, sociology, media studies, literature, and cultural studies. *Lesbian Porn Magazines and the Sex Wars: Reimagining Sex, Power and Identity* is the 2021 winner of the NWSA Routledge Subversive Histories, Feminist Futures Prize.

***I Confess!*** - Thomas Waugh 2019-11-21

In the postwar decades, sexual revolutions - first women's suffrage, flappers, Prohibition, and Mae West; later Alfred Kinsey, Hugh Hefner, and the pill - altered the lifestyles and desires of generations. Since the 1990s, the internet and its cataclysmic cultural and social technological shifts have unleashed a third sexual revolution, crystallized in the acts and rituals of confession that are a staple of our twenty-first-century lives. In *I Confess!*, a collection of thirty original essays, leading international scholars such as Ken Plummer, Susanna Paasonen, Tom Roach, and Shohini Ghosh explore the ideas of confession and sexuality in moving image arts and media, mostly in the Global North, over the last quarter century. Through self-referencing or autobiographical stories, testimonies, and performances, and through rigorously scrutinized case studies of "gay for pay," gaming, camming, YouTube uploads, and the films *Tarnation* and *Nymph()*maniac, the contributors describe a spectrum of identities, desires, and related representational practices. Together these desires and practices shape how we see, construct, and live our identities within this third sexual revolution, embodying both its ominous implications of surveillance and control and its utopian glimmers of community and liberation. Inspired by theorists from Michel Foucault and Gilles Deleuze to Gayle Rubin and José Esteban Muñoz, *I Confess!* reflects an extraordinary, paradigm-shifting proliferation of first-person voices and imagery produced during the third sexual revolution, from the eve of the internet to today.

[Sexuality Education \[4 volumes\]](#) - Elizabeth Schroeder 2009-04-30

An exemplary team of professionals provides a comprehensive look at sex education, the heated debate over federal controls, current research and practice, programs, politics, legislation, and cultural and religious issues related to sex and sexuality education. In the groundbreaking *Sexuality Education: Past, Present, and Future*, the history, practices, and politics of sexuality education are explained. Respected educators, counselors, and therapists marshal both research and educated opinion to offer insights into exactly what is meant by "sex education," what the various approaches are, what "age appropriate" lessons are supported by most

professionals, and the impact of government policies. Noting that the need for sexuality education has expanded to adults, from new parents to senior citizens, this unique work also takes readers into classrooms and makes them privy to conversations representing everyone from elementary school students to nursing home residents. These comments reveal the range of unanswered questions about sex—questions that are important for psychological, as well as physical health. In addition, the contributors explore ongoing issues in sexuality education, such as how to present "culturally competent" lessons that include consideration of race, ethnicity, gender, religion, and sexual orientation. The experts also examine sexuality education in other countries, the challenges those countries face, and their victories over unplanned pregnancy and STDs in the global effort to preserve sexual health.
