Mate - Tucker Max 2015-09-15  
Whether they conducted their research in life or in the lab, experts Tucker Max and Geoffrey Miller have spent the last 20+ years learning what women really want from their men, why they want it, and how men can deliver it. The short answer: become the best version of yourself possible, then show it off. It sounds simple, but it's not. If it were, Tinder would just be the stuff you use to start a fire. Becoming your best self requires honesty, self-awareness, hard work, and a

little help. Through their website and podcast, Max and Miller have already helped more than one million guys take their first steps toward Ms. Right. They have collected all of their findings in *Mate*, an evidence-driven, seriously funny playbook that will teach you how to become a more sexually attractive and romantically successful man, the right way

snatches everything, but the one who accepts it and willingly faces it, receives something from death itself. Ironically, knowledge of death gives you the gift of life. Katopanishad tells the story of young Nachiketa who goes to face the lord of death and the extraordinary dialogue that ensues between them. Upanishad means sitting close to the Master. Gurudev takes us through this beautiful story integrating its profoundness with real-life situations, turning abstract philosophy into existential reality.

*Straight* - Hanne Blank 2012-01-31

It's surprising that the term "heterosexuality" is less than 150 years old and that heterosexuality's history has never before been written, given how obsessed we are with it. In *Straight*, independent scholar Hanne Blank delves deep into the contemporary psyche as well as the historical record to

chronicle the realm of heterosexual relations--a subject that is anything but straight and narrow. Consider how Catholic monasticism, the reading of novels, the abolition of slavery, leisure time, divorce, and constipation of the bowels have all at some time been labeled enemies of the heterosexual state. With an extensive historical scope and plenty of juicy details and examples, Straight provides a fascinating look at the vagaries, schisms, and contradictions of what has so often been perceived as an irreducible fact of nature.

**MagicLand** - Charles Bastille  
2021-09-07

“A bracing dystopian tale that deftly mixes magic, evolution, and romance” featuring a wiccan priestess and a humanoid who fall in love against all odds (Kirkus Reviews). A feel-good dystopian novel? Welcome to MagicLand. On a future Earth where magic and technology have been at war for two thousand years, can one kiss change the fate of the world?

When a young actor from Gath, Belex, crash lands outside the magic land known as Moria, he’s rescued by a young Morian priestess in waiting, Aurilena. The two find themselves drawn impossibly towards each other in the midst of a war between two distinct species of humanoids: her people, the magicians of Moria, and his people, the Gath, whose tremendous intellectual and physical capabilities are programmed into their DNA. Together, the two discover a terrible secret that lies at the heart of the centuries-old conflict between MagicLand and Gath. It’s a secret that leads to a kiss that could end the war once and for all. The only question is will it end in brutal violence or give way to an improbable peace between implacable enemies? The answer to that question may depend on whether Aurilena can discover the true source of power behind her unique gifts before it’s too late. “Bastille’s debut artfully combines magic, technology, and romance. . . . [He] handles

the multilayered plot well, creating a fascinating world populated with empathetic characters.” —Publishers Weekly

**Open Wide** - Dubois 2014-12-15

Who would ever buy sex toys from the woman who cleans their teeth? Apparently, a lot of people! Open Wide -- Divorce, Dating, Dentistry & Dildos tells the embellished story of real-life Heidi's adventures in raising her kids after her divorce. As Heidi was scraping by (literally) on her dental hygienist's job salary, she found herself trying to make ends meet while fending off her patients who seemed more interested in setting her up on dates than in her hygiene skills. In attempts to get out of her financial rut, Heidi accepted an offer to get in on the ground floor of a new business, selling sex toys in people's homes. This decision proved not only successful but also turned out to be an entertaining adventure, full of hilarious stories detailed in Open Wide. Let Heidi take you along for the ride as she learns

everything there is to know about human sexuality -- what makes men and women tick, and even more important, what makes them orgasm. Open Wide is for every woman who yearns for support while facing life's challenges, and for every man who faces the seemingly impossible task of understanding middle-aged women. Humorous, warm, and educational, this story comes from someone who will soon be everyone's favorite (and possibly the world's only) dental hygienist and sex expert. One thing is for sure. You will never look at the woman cleaning your teeth quite the same way again!

*Hollywood's Eve* - Lili Anolik  
2020-03-19

The goddaughter of Igor Stravinsky and a graduate of Hollywood High, Eve Babitz posed in 1963, at age twenty, playing chess with the French artist Marcel Duchamp. She was naked; he was not. The photograph made her an instant icon of art and sex. Babitz spent the rest of the decade rocking and rolling on the Sunset Strip, honing her notoriety. There were the album covers she designed: for Buffalo Springfield and the Byrds, to name but a few. There were the men she seduced: Jim Morrison, Ed Ruscha, Harrison Ford, to name but a very few. Then, at nearly thirty, her It girl days numbered, Babitz was discovered—as a writer—by Joan Didion. She would go on

to produce seven books, usually billed as novels or short story collections, always autobiographies and confessionals. Under-known and under-read during her career, she's since experienced a breakthrough. Now in her mid-seventies, she's on the cusp of literary stardom and recognition as an essential—as the essential—LA writer. Her prose achieves that American ideal: art that stays loose, maintains its cool, and is so simply enjoyable as to be mistaken for simple entertainment. What Hollywood's Eve has going for it on every page is its subject's utter refusal to be dull... It sends you racing to read the work of Eve Babitz." The New York Times "Read Lili Anolik's book in the same spirit you'd read a new Eve Babitz, if there was one: for the gossip and for the writing. Both are extraordinary." Jonathan Lethem "There's no better way to look at Hollywood in that magic decade, the 1970s, than through Eve Babitz's eyes. Eve knew everyone, slept with

everyone, used, amused, and abused everyone. And then there's Eve herself: a cult figure turned into a legend in Anolik's electrifying book. This is a portrait as mysterious, maddening-and seductive-as its subject." —Peter Biskind, author of *Easy Riders, Raging Bulls For Babitz*, life was slow days, fast company until a freak fire turned her into a recluse, living in a condo in West Hollywood, where author Lili Anolik tracked her down in 2012. Hollywood's Eve, equal parts biography and detective story "brings a ludicrously glamorous scene back to life, adding a few shadows along the way" (Vogue) and "sends you racing to read the work of Eve Babitz" (The New York Times).

An Intimate Note to the Sincere Seeker - Sri Sri Ravishankar 2019-03-04  
Weekly Knowledge Sheets given by Sri Sri Ravi Shankar, a practice which began from the year 1995 and now, have been compiled into Seven Volume Series of books. This book (Volume I) is a collection of weekly talks, conversations and messages that Sri Sri Ravi Shankar gave between June 21 1995 to June 13 1996. An Intimate Note to the Sincere Seeker is a compilation of excerpts of talks by Sri Sri Ravi Shankar in the year 1995 - 1996. While these talks often discuss the state of the world at the time they were written, because they discuss human life on the most basic levels - love, hatred, trust, peace, silence, happiness, they are still valuable today. They give us an insight into this knowledge that is so deeply profound, yet so simple, knowledge that does not just

remain in the intellect, but is beautifully and effortlessly integrated into daily life. Sri Sri avoids lengthy discussions about the deeper philosophy of life, yet his talks reflect these values to their very core. This book is specially compiled to help readers going through an emotional phase or who need a guidance in life. The reader can go through any one random page (365 chapters for 365 days) for help or can follow as per ones discretion

Understanding Gender Dysphoria - Mark A. Yarhouse 2015-05-22

Foreword Reviews' INDIEFAB Honorable Mention Few topics are more contested today than gender identity. In the fog of the culture war, complex issues like gender dysphoria are reduced to slogans and sound bites. And while the war rages over language, institutions and political allegiances, transgender individuals are the ones who end up being the casualties. Mark Yarhouse, an expert in sexual identity and therapy, challenges the church to rise above the political

hostilities and listen to people's stories. In *Understanding Gender Dysphoria*, Yarhouse offers a Christian perspective on transgender issues that eschews simplistic answers and appreciates the psychological and theological complexity. The result is a book that engages the latest research while remaining pastorally sensitive to the experiences of each person. In the midst of a tense political climate, Yarhouse calls Christians to come alongside those on the margins and stand with them as they resolve their questions and concerns about gender identity. *Understanding Gender Dysphoria* is the book we need to navigate these stormy cultural waters.

Christian Association for Psychological Studies (CAPS) Books explore how Christianity relates to mental health and behavioral sciences including psychology, counseling, social work, and marriage and family therapy in order to equip Christian clinicians to support the well-being of their clients.

*Notes for Juicy Ghosts* - Rudy Rucker 2021-10

Writing notes for Rudy Rucker's novel, "Juicy Ghosts." A book-length volume with 25 color illustrations.

*Juicy Ghosts* - Rudy Rucker 2021-10

"Juicy Ghosts" is a fast-paced adventure novel, with startling science, engaging dialog-and a happy ending. The novel treats near-future versions of telepathy and immortality. It's also a redemptive political tale, reacting to the chaos of the 2020 US presidential election. The tone is hip, bright, and darkly comic, with generous helpings of Rucker's SF surrealism. Romances interweave the tale.

*Seeing Around Corners* - Rita McGrath 2019

The first prescriptive, innovative guide to seeing inflection points before they happen--and how to harness these disruptive influences to give your company a strategic advantage. Paradigmatic shifts in the business landscape, known as inflection points, can either create new, entrepreneurial opportunities (see Amazon and Netflix) or

they can lead to devastating consequences (e.g., Blockbuster and Toys R Us). Only those leaders who can "see around corners"-that is, spot the disruptive inflection points developing before they hit-are poised to succeed in this market. Columbia Business School Professor and corporate consultant Rita McGrath contends that inflection points, though they may seem sudden, are not random. Every seemingly overnight shift is the final stage of a process that has been subtly building for some time. Armed with the right strategies and tools, smart businesses can see these inflection points coming and use them to gain a competitive advantage. Seeing Around Corners is the first hands-on guide to anticipating, understanding, and capitalizing on the inflection points shaping the marketplace.

**The Brand Innovation Manifesto** - John Grant  
2006-05-12

The days of the image brands are over, and 'new marketing' has gone mainstream. The

world's biggest companies are pursuing a post-advertising strategy, moving away from advertising and investing in leading edge alternatives. In the vanguard of the revolution has been John Grant, co-founder of the legendary agency St. Luke's and author of The New Marketing Manifesto, whose radical thinking has informed a generation. Now Grant is set to stun the industry again. In The Brand Innovation Manifesto, he redefines the nature of brands, showing why old models and scales no longer work and revealing that the key to success today is impacting people's lifestyles (think Starbucks, iPod and eBay). At the heart of the book is the concept of the 'brand molecule' to which new cultural ideas can be constantly added to keep pace with change. Cataloguing 32 classes of idea, Grant presents a practical approach to mixing and matching them within your own market to develop new brand ideas - and new ideas for existing brands. [The End of Competitive](#)

Advantage - Rita Gunther

McGrath 2013-05-14

Are you at risk of being trapped in an uncompetitive business? Chances are the strategies that worked well for you even a few years ago no longer deliver the results you need. Dramatic changes in business have unearthed a major gap between traditional approaches to strategy and the way the real world works now. In short, strategy is stuck. Most leaders are using frameworks that were designed for a different era of business and based on a single dominant idea—that the purpose of strategy is to achieve a sustainable competitive advantage. Once the premise on which all strategies were built, this idea is increasingly irrelevant. Now, Columbia Business School professor and globally recognized strategy expert Rita Gunther McGrath argues that it's time to go beyond the very concept of sustainable competitive advantage. Instead, organizations need to forge a new path to winning: capturing

opportunities fast, exploiting them decisively, and moving on even before they are exhausted. She shows how to do this with a new set of practices based on the notion of transient competitive advantage. This book serves as a new playbook for strategy, one based on updated assumptions about how the world works, and shows how some of the world's most successful companies use this method to compete and win today. Filled with compelling examples from "growth outlier" firms such as Fujifilm, Cognizant Technology Solutions, Infosys, Yahoo! Japan, and Atmos Energy, *The End of Competitive Advantage* is your guide to renewed success and profitable growth in an economy increasingly defined by transient advantage. *Testosterone Rex: Myths of Sex, Science, and Society* - Cordelia Fine 2017-01-24 "Beliefs about men and women are as old as humanity itself, but Fine's funny, spiky book gives reason to hope that we've heard Testosterone rex's last

roar.” —Annie Murphy Paul,  
New York Times Book Review  
Many people believe that, at its  
core, biological sex is a  
fundamental force in human  
development. According to this  
false-yet-familiar story, the  
divisions between men and  
women are in nature alone and

not part of culture. Drawing on  
evolutionary science,  
psychology, neuroscience,  
endocrinology, and philosophy,  
Testosterone Rex disproves  
this ingrained myth and calls  
for a more equal society based  
on both sexes’ full human  
potential.
