The Pun Also Rises - John Pollack 2011-04-14

A former word pun champion's funny, erudite, and provocative exploration of puns, the people who make them, and this derided wordplay's remarkable impact on history. The pun is commonly dismissed as the lowest form of wit, and punsters are often unpopular for their obsessive wordplay. But such attitudes are relatively recent developments. In *The Pun Also Rises*, John Pollack—a former World Pun Champion and presidential speechwriter for Bill Clinton—explains why such wordplay is significant: It both revolutionized language and played a pivotal role in making the modern world possible. Skillfully weaving

together stories and evidence from history, brain science, pop culture, literature, anthropology, and humor, *The Pun Also Rises* is an authoritative yet playful exploration of a practice that is common, in one form or another, to virtually every language on earth. At once entertaining and educational, this engaging book answers fundamental questions: Just what is a pun, and why do people make them? How did punning impact the development of human language, and how did that drive creativity and progress? And why, after centuries of decline, does the pun still matter? Watch a Video

[Your Head is a Houseboat](#) - Campbell Walker 2021-10-06

Your Head is a Houseboat is a uniquely hilarious guide to what goes on in your brain, from illustration sensation Campbell Walker aka Struthless. The only truth we really know is that we're going to spend the rest of our lives in our own houseboat (our head) so it makes sense to make that houseboat as good as possible. The houseboat needs cleaning and maintenance, and it shouldn't be weighed down by junk (our own thoughts and other people's opinions). There's a bunch of bosses with different ideas about where you should be heading in the ocean of life, and a zoo of animalistic desires below the deck who are really steering. But it's your houseboat, so it's probably time for you to cast away and set sail (is that even how houseboats work?) on a journey to understanding it. In *Your Head is a Houseboat*, Cam demystifies brain functions, mental health, emotions, mindfulness and psychology - but with less complex terminology and more bizarre metaphors. It's a book filled with illustrations, journal exercises and words that will probably hit too close to home. At its core, this is a funny, accessible approach to understanding your head and making it a nicer place to live. 'The most important and accessible mental health book in a generation. Truly life-changing.' - Osher Günsberg

Punderdome - Fred Firestone 2016-06-21

From the daughter-father duo that created Brooklyn's beloved live pun competition, the "Punderful card game that] will replace Cards Against Humanity at your next party." (Mashable) One part game, one part conversation starter, you don't need to be a pun master to master

Punderdome: the goal is to make bad jokes and have fun along the way. A player (the prompter for that round) draws two prompt cards from the deck, and then reads the prompts to the rest of the group, who have 90 seconds to create a single, groan-worthy pun that combines the two prompts. When time is up, pun makers share their puns with the prompter, who awards the prompt cards to the player whose pun he or she likes best. The winner then draws the next pair of prompt cards and the process repeats. Players win by obtaining 10 pairs of cards. - 200 double-sided cards (100 White and 100 Green) - 2 Mystery Envelopes with fill-in prize slips - 2 80-page pads for drafting puns - 1 instruction card and 1 pun example card - A stu-PUN-dous time for 3 or more players
