The Varieties of Religious Experience William James 2009-01-01 Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. "Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind."

[The Unfolding God of Jung and Milton](#) James P. Driscoll

2021-10-21 In this first extensive Jungian treatment of Milton's major poems, James P. Driscoll uses archetypal psychology to explore Milton's great themes of God, man, woman, and evil and offers readers deepened understanding of Jung's profound thoughts on Godhead. The Father, the Son, Satan, Messiah, Samson, Adam, and Eve gain new dimensions of meaning as their stories become epiphanies of the archetypes of Godhead. God and Satan of Paradise Lost are seen as the ego and the shadow of a single unfolding personality whose anima is the Holy Spirit and Milton's muse. Samson carries the Yahweh archetype examined by Jung in Answer to Job, and Messiah and Satan in Paradise Regained embody the hostile brothers archetype. Anima, animus and the individuation drive underlie the psychodynamics of Adam and Eve's fall. Driscoll draws on his critical acumen and scholarly knowledge of Renaissance literature to shed new light on Jung's psychology of religion. The Unfolding God of Jung and Milton illumines Jung's heterodox notion of Godhead as a quarternity rather than a trinity, his revolutionary concept of a divine individuation process, his radical solution to the problem of evil, and his wrestling with the feminine in Godhead. The book's glossary of Jungian terms, written for literary critics and theologians rather than clinicians, is exceptionally detailed and insightful. Beyond enriching our understanding of Jung and Milton, Driscoll's discussion contributes to theodicy, to process theology, and to the study of myths and archetypes in literature.

Rave Culture and Religion Graham St John 2004-06-01 The collection provides insights on developments in post-traditional religiosity (especially 'New Age' and 'Neo-Paganism') through studies of rave's Gnostic narratives of ascensionism and re-enchantment, explorations of the embodied spirituality and millennialist predispositions of dance culture, and investigations of transnational digital-art countercultures manifesting at geographic locations as diverse as Goa, India, and Nevada's Burning Man festival. Contributors examine raving as a new

religious or revitalization movement; a powerful locus of sacrifice and transgression; a lived bodily experience; a practice comparable with world entheogenic rituals; and as evidencing a new Orientalism. Rave Culture and Religion will be essential reading for advanced students and academics in the fields of sociology, cultural studies and religious studies.

The Expansion of Prophetic Experience Abdulkarim Soroush 2008-11-30 Abdulkarim Soroush is known primarily for his epistemological/hermeneutical theory, the “Contraction and Expansion of Religious Knowledge,” and its application to Islamic political theory and religious pluralism. While his Reason, Freedom and Democracy in Islam applies that theory to plurality and the historicity of understanding and interpretation of religion, this book captures some of his original theories about religion itself. The Expansion of Prophetic Experience treats the historicity of the Prophet Muhammad’s revelatory experience, including human and contextual influences on the genesis of the sacred Text. It presents substantial aspects of Soroush’s Neo-Rationalist hermeneutical project for an Islamic reformed theology and ethics, systematically leading Islamic reformation beyond conventional projects of piecemeal adjustments to the Shari’ah or selective re-interpretations of the Qur’ān.

Ascension And Ecclesia Douglas Farrow 2004-07-01 Recent theology offers few attempts to come to grips with the meaning and implications of the ascension of Jesus. Professor Farrow begins with a discussion of the biblical treatment of the ascension and Eucharistic celebration, from which emerges the unique ecclesial worldview. There are chapters on the treatment of these ideas by Irenaeus, Origen and Augustine, and on developments up to the Reformation. He explores the link between ideas of the ascension, cosmology and ecclesiology. Farrow goes on to examine the difficulties faced by the doctrine of ascension in the modern scientific world. In a final chapter he calls for an ecclesiology, which does not marginalise the human Jesus>

Affective Trajectories Hansjörg Dilger 2020-02-28 The contributors to *Affective Trajectories* examine the mutual and highly complex entwinements between religion and affect in urban Africa in the early twenty-first century. Drawing on ethnographic research throughout the continent and in African diasporic communities abroad, they trace the myriad ways religious ideas, practices, and materialities interact with affect to configure life in urban spaces. Whether examining the affective force of the built urban environment or how religious practices contribute to new forms of attachment, identification, and place-making, they illustrate the force of affect as it is shaped by temporality and spatiality in the religious lives of individuals and communities. Among other topics, they explore Masowe Apostolic Christianity in relation to experiences of displacement in Harare, Zimbabwe; Muslim identity, belonging, and the global ummah in Ghana; crime, emotions, and conversion to neo-Pentecostalism in Cape Town; and spiritual cleansing in a Congolese branch of a Japanese religious movement. In so doing, the contributors demonstrate how the social and material living conditions of African cities generate diverse affective forms of religious experiences in ways that foster both localized and transnational paths of emotional knowledge. Contributors. Astrid Bochow, Marian Burchardt, Rafael Cazarin, Hansjörg Dilger, Alessandro Gusman, Murtala Ibrahim, Peter Lambertz, Isabelle L. The Lab, the Temple, and the Market International Development Research Centre (Canada) 2000 [This book] meshes a discussion of development issues and processes with four different systems of religious beliefs: Hinduism, Christianity, Islam, and the Baha'i Faith. The authors - each a scientist as well as a person of faith - show how religious belief and personal faith can be deeply motivational and strikingly fruitful in scientific pursuits. Further, they emphasize how their faith has brought

them a profound understanding of interconnectedness and compassion, and thus a wider perspective and greater sense of personal meaning to their research. -- Book jacket.

He Loves Me! Wayne Jacobsen 2008-09-02 So many Christians believe God's love is fickle: when they sin, He turns away in disgust and anger. They vacillate between "He loves me" and "He loves me not" because of their behavior. That reasoning, writes Wayne Jacobsen, is as flawed as pulling petals from a daisy. Rather God's love is sturdy, enduring, and undisturbed by people's failings because God loves humankind not for what they do -- but who they are. They are God's beloved creation. Startlingly honest and empathetically written, *He Loves Me!* reveals the facts of God's relentless grace. Readers will learn how to live consciously, confidently in this love all the time. Questions for personal reflection and group discussion help make these truths practical and life-changing. Insecure Christians ready for a revolutionary relationship with God will find out just how accessible that is.

Watching the English Kate Fox 2005-04-11 In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Ritual Catherine Bell 2009-12-29 From handshakes and toasts to chant and genuflection, ritual pervades our social interactions and religious practices. Still, few of us could identify all of our

daily and festal ritual behaviors, much less explain them to an outsider. Similarly, because of the variety of activities that qualify as ritual and their many contradictory yet, in many ways, equally legitimate interpretations, ritual seems to elude any systematic historical and comparative scrutiny. In this book, Catherine Bell offers a practical introduction to ritual practice and its study; she surveys the most influential theories of religion and ritual, the major categories of ritual activity, and the key debates that have shaped our understanding of ritualism. Bell refuses to nail down ritual with any one definition or understanding. Instead, her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition, exigency, and self-expression that goes into constructing this complex social medium.

2011-08-15 *Christianity and Public Culture in Africa* takes readers beyond familiar images of religious politicians and populations

steeped in spirituality. It shows how critical reason and Christian convictions have combined in surprising ways as African Christians confront issues such as national constitutions, gender relations, and the continuing struggle with HIV/AIDS. The wide-ranging essays included here explore rural Africa and the continent's major cities, colonial and missionary legacies, and mass media images in the twenty-first century. They also reveal the diversity of Pentecostalism in Africa and highlight the region's remarkable denominational diversity. Scholars and students alike will find these essays timely and impressive. The contributors demonstrate how the public significance of Christianity varies across time and place. They explore rural Africa and the continent's major cities, and colonial and missionary situations, as well as mass-mediated ideas and images in the twenty-first century. They also reveal the plurality of Pentecostalism in Africa and keep in view the continent's continuing denominational diversity. Students and scholars will find these topical studies to be impressive in scope. Contributors: Barbara M. Things Hidden Since the Foundation of the World René Girard 2016-02 Things Hidden Since the Foundation of the World presents a highly original global theory of culture. Here, in his greatest work, René Girard explores the function of violence, mimetic desire and the mechanism of the scapegoat, in the history of society and religion. Girard's vision is a brilliant and devastating challenge to conventional views of literature, anthropology, philosophy and psychoanalysis.

The Brothers Karamazov Fyodor Dostoyevsky 2016-03-24 The Brothers Karamazov, also translated as The Karamazov Brothers, is the final novel by the Russian author Fyodor Dostoyevsky. Dostoyevsky spent nearly two years writing The Brothers Karamazov, which was published as a serial in The Russian Messenger and completed in November 1880. The author died less than four months after its publication. The Brothers Karamazov is a passionate philosophical novel set in 19th century Russia, that enters deeply into the ethical debates of God, free will, and morality. It is a spiritual drama of moral struggles concerning faith, doubt, judgement, and reason, set against a modernizing Russia, with a plot which revolves around the subject of patricide. Dostoyevsky composed much of the novel in Staraya Russa, which inspired the main setting. Since its publication, it has been acclaimed as one of the supreme achievements in world literature.

God Dan Barker 2018-03-06 What words come to mind when we think of God? Merciful? Just? Compassionate? Delving deep into the Bible, former evangelical preacher Dan Barker uncovers God's negative qualities: jealous, petty, unforgiving, bloodthirsty, vindictive--and worse! Witty and well researched, this unique atheist book explains exactly why the Scripture shouldn't govern our everyday lives. It makes a powerful argument for the separation of church and state.

Practical Religion John Charles Ryle 2019-02-20 John Charles Ryle (10 May 1816 - 10 June 1900) was an English Evangelical Anglican bishop. He was the first Anglican bishop of Liverpool. He was educated at Eton and the University of Oxford, where his career was unusually distinguished. He was Fell exhibitor at Christ Church, from which foundation he matriculated on 15 May 1834. He was Craven scholar in 1836, graduated B.A. in 1838, having been placed in the first-class in literæ humaniores in the preceding year, and proceeded M.A. in 1871. He was created D.D. by diploma on 4 May 1880. Ryle left the university with the intention of standing for parliament on the first opportunity, but was deprived of the means of gratifying his ambition by his father's bankruptcy. He accordingly took holy orders (1841-2) and became curate at Exbury, Hampshire. In 1843, he was preferred to the rectory of St Thomas, Winchester, which he exchanged in the following year for that of Helmingham, Suffolk. The latter living he retained until 1861, when he resigned it for the vicarage of Stradbroke in the same county. The restoration of Stradbroke church was due to his initiative. In 1869, he was made rural dean of Hoxne, and in 1872 honorary canon of Norwich. He was select preacher at Cambridge in 1873 and the following year, and at Oxford from 1874 to 1876, and in 1879 and the following year. In 1880, he was designated dean of Salisbury, and at once, 19 April,

advanced to the newly created see of Liverpool, which he ably administered until his death at Lowestoft on 10 June 1900. He is buried at All Saints Church, Childwall, Liverpool Ryle was a strong supporter of the evangelical school and a critic of Ritualism. He was a writer, pastor and an evangelical preacher. Among his longer works are *Christian Leaders of the Eighteenth Century* (1869), *Expository Thoughts on the Gospels* (7 vols, 1856-69), *Principles for Churchmen* (1884). Ryle was described as having a commanding presence and vigorous in advocating his principles albeit with a warm disposition. He was also credited with having success in evangelizing the blue collar community. (wikipedia.org)

Mission and Postmodernities Rolv Olsen 2012 Endorsements: It is here, under these trees on my desert island that this volume takes on meaning because its authors honestly struggle with and debate how we should relate to postmodernities. Should our response be accommodation, relativizing or counter-culture? How do we strike a balance between listening and understanding, and at the same time exploring how postmodernities influence the interpretation and application of the bible as the normative story of God's mission in the world? Some may consider 'postmodernities' a Western dilemma. The contributions from some writers in the Global South (China, India, and Korea) unfold a larger canvas and explore the implications for Christian mission. This focus on 'mission' is central: this is not just a book about the many facets and trends of postmodernities. It is a book about the implication for mission, for what it means to live as Christians and as churches in a terra incognita, in a world where we have not been before. We know how postmodernities influence the understanding of the gospel, and how it/they may make Christianity merely one local story among many. We have seen how 'truth' has become a plural word and how we are left 'personal preferences'. But we are not losing hope. Here is a volume to be studied under the trees, on how to understand, how

to wrestle with and how to confront these challenges in a constructive way, on various levels and in various parts of the world. Let me therefore congratulate editors and conveners of study theme three for bringing together such a wide spectrum of contributors and laying the stones for a useful and stimulating discussion of what it implies to witness to Christ in a postmodern world. Knud Jørgensen, PhD Adjunct Professor of Mission at MF Norwegian School of Theology and the Lutheran Theological Seminary, Hong Kong About the Contributor(s): Rolv Olsen is a teacher, pastor and administrator. He is a Norwegian Lutheran pastor, has a doctorate in theology, and for eleven years served as a missionary in Taiwan and Hong Kong.

Orientalism and Religion Richard King 2013-04-03 Orientalism and Religion offers us a timely discussion of the implications of contemporary post-colonial theory for the study of religion. Richard King examines the way in which notions such as mysticism, religion, Hinduism and Buddhism are taken for granted. He shows us how religion needs to be reinterpreted along the lines of cultural studies. Drawing on a variety of post-structuralist and post-colonial thinkers, such as Foucault, Gadamer, Said, and Spivak, King provides us with a challenging series of reflections on the nature of Religious Studies and Indology.

He Loves Me! Wayne Jacobsen 2000-05 Do you find yourself picking through circumstances like children plucking daisy petals, attempting to discover whether or not God loves you? If you find yourself least certain of His love in those critical moments when you most want to trust it, there is hope for you. Let author Wayne Jacobsen take you to the scene of history's most critical moment: the death of Jesus. There, you will see what happened between a Father and a Son that guarantees your place in the Father's heart and frees you forever from groping about in the fear that you

cannot measure up to His expectations. When you are released from the fear of His judgements, you will be free to revel in His tenderness. You will find that the fear of the Lord is the beginning of wisdom, and love is its fulfilment. If you don't love Him, you are well served to fear Him. Once you learn to love Him as He truly is, however, you will never need to fear Him again. This book will help you to discover: That the Father Loves you more than you ever dreamed; the way He wants to engage your life every day; how your confidence in that love is the key to every change God wants to make in your life; why Jesus' death on the cross is the undeniable proof of His affection for you; the incredible freedom to trust God through anything life hurls at you.

An End to Suffering Pankaj Mishra 2013-09-15 Is the Buddha still relevant today and, if so, in what way? Pankaj Mishra tries to answer this question as he travels through poverty-ridden South Asia to gilded Europe and America. Along the way he discovers how Buddhist thought has flowered even in a materialistic world, and reveals the parallels between the age of the Buddha and the contemporary world. A rich, challenging and deeply contemplative work, *An End to Suffering* is regarded as many to be Mishra's masterpiece.

The Training of the Twelve Alexander Balmain Bruce 2011-01 One of Jesus' most important endeavors during His short ministry involved the preparation of His twelve disciples for the work they would need to accomplish. The importance of studying Jesus' methodologies cannot be overstated. While there is much we can learn from His words and deeds, it is His work in training the disciples that facilitated the promotion and growth of the Kingdom in the first century. If we would become His disciples, we must sit at His feet and be trained by Him as He trained the twelve. "The Training of the Twelve" was written in the face of growing doubt about the legitimacy of the Gospels as authentic witnesses to the life and work of Jesus. In "The Training of the

Twelve," Bruce seeks to prove that the portrayal of Jesus and His disciples is authentic, and therefore their message is believable as revealed in the New Testament. Whereas the nineteenth century liberal scholars were saying that the disciples invented the story of Jesus, "The Training of the Twelve" provides sufficient proof that it is Jesus who transforms the disciples into the Apostles, and that their testimony is true. This compelling defense of the portrayal of Jesus and His disciples in the Gospel accounts is, if anything, even more necessary now than it was when it was first written. Scholars today continue to perpetuate many of the claims of the nineteenth century liberal scholars and have even gone beyond them in denying the legitimacy of the Gospel accounts of the life of Jesus of Nazareth. In a world that believes in a distinction between the 'historical Jesus' and the 'Jesus of faith,' "The Training of the Twelve" demonstrates that the two are really one and the same.

The Quran and the Secular Mind Shabbir Akhtar 2007-10-31 This book is concerned with the rationality and plausibility of the Muslim faith and the Qur'an, and in particular how they can be interrogated and understood through Western analytical philosophy. It also explores how Islam can successfully engage with the challenges posed by secular thinking. *The Quran and the Secular Mind* will be of interest to students and scholars of Islamic philosophy, philosophy of religion, Middle East studies, and political Islam.

Stories of Minjung Theology Byung-Mu Ahn 2019 "This autobiography combines the personal story of Ahn Byung-Mu, one of the foremost Asian theologians, with the history of the Korean nation in the light of the dramatic social, political and cultural upheavals of the 1970s. It records the history of minjung (the people's) theology, one of the vigorous theologies to emerge in Asia, Ahu's involvement in it, and his interpretations of major Christian doctrines such as God, Sin, Jesus, and Holy Spirit from the minjung perspective. The volume also contains an

introductory essay which situates Ahn's work in its context and discusses the place and purpose of minjung hermeneutics in a vastly different Korea"--
