[The Body-Image Meaning-Transfer Model: An Investigation of the Sociocultural Impact on Individuals' Body-image](#) - Anke Jobsky 2013-08

This book deals with the impact of the sociocultural environment on body-image in Western consumer culture. Based on McCracken's (1986) meaning-transfer model, the author has created a body-image meaning-transfer (BIMT) model. It suggests how cultural discourse and interactions can shape individual consumers' understanding of socially 'good' and 'bad' bodies. It emphasizes the notable impact of mainstream advertising, media, and celebrity culture that commonly promote a thin-and-muscular beauty-ideal, and the process of normalization which implies feelings of guilt, anxiety, public observation, and failure. Both can ultimately lead to negative body-images and body-dissatisfaction among individuals. In contrast, alternative campaigns against the current beauty-ideal and towards healthier body-images are introduced. Two focus group discussions among young adults from the UK and Germany provide insight into the timeliness of the topic concerned.

The LSD is not interested in Agneta Larsson, a former Swedish Miss who'll soon be a formidable Swedish President. The LSD is only interested in some documents in Agneta Larsson's safe. They send Benny, The Runner, to copy these documents and get out. A simple mission; Agneta isn't even at home. Agneta hasn't been at home for a while. Agneta has disappeared. Her sister Frieda is worried. She calls Agneta's phone. Benny picks it up... Why should he help Frieda? Let her call the Stockholm police. He'll lose his job. He might lose his life. The LSD never interferes with foreign politics. Spies follow the rules of logic. Spies follow orders. Real spies are tough. But Benny isn't a real spy. He's just a Runner, and he can't stand a woman crying... Mission «Miss Missing» might mean a miserable, mortal mistake.

Who Cares Anyway - Will York 2023-03-02

Late '70s San Francisco. The Summer of Love is a hazy memory, the AIDS crisis is looming, and nearby Silicon Valley is still an obscure place where microchips are made. The City by the Bay is reeling from a string of bizarre tragedies that have earned it a new name: the "kook capital of the world." Yet out of the darkness comes a creative rebirth, instigated by punk and sustained by the steady influx of outsiders who view the city as a place of refuge, a last resort. What ensues is a collision of sounds and ideas that spans the golden age of analog DIY culture, from the dark cabaret of Tuxedomoon and Factrix, the apocalyptic sounds of Minimal Man and Flipper, the conceptual humor of Gregg Turkington's Amarillo Records; through to the subversive pop music of Faith No More, the left-field experimentalism of Caroliner, Mr. Bungle, and Thinking Fellers Union Local 282, and much more. Drawing on extensive research—including interviews with over 100 musicians, artists, and other key players—WHO CARES ANYWAY is the first book to chronicle the wild post-punk San Francisco music scene, courtesy of those who lived it. It's a tale full of existential drama, tragic anti-heroes, dark humor, spectacular failures—and even a few improbable successes.

Lenin's Asylum - A. A. Weiss 2018
