Trouble For Hire Box Set - Cynthia Eden 2023-03

The "Trouble For Hire" romance series features hot, former military heroes...and these guys truly are the best kind of trouble. All of the books are stand-alones with guaranteed happy endings. Danger, romance, action, suspense, humor...oh, it's definitely time to find some trouble...The set includes: NO

ESCAPE FROM WAR, DON'T PLAY WITH ODIN, JINX, YOU'RE IT, and REMEMBER RAMSEY. NO ESCAPE FROM WAR (Book 1) Warren "War" Channing finally has the chance to nail his beautiful, lying ex. Turns out, the woman who shattered his heart beneath her high heeled shoes is wanted for murder. She's on the run, and he is just the man to hunt her down and toss her into the nearest cell.... Rose Shadow has cracked the story of a lifetime. She's uncovered a brutal serial killer who has been hiding in the shadows—only now, she is his next target. The cops think she's involved in the string of murders because maybe her DNA had been at a crime scene and maybe she'd been spotted by witnesses at another location, but Rose is a reporter, not a killer. But with War on her trail, she's out of time and options. War is former special ops. He's the best PI in town. And he's the man who gave her more pleasure than should be legal...Too bad that he's also the man who hates her the

most. DON'T PLAY WITH ODIN (Book 2) Odin Shaw thought he'd spend his life on a battlefield. But fate had other plans, and now the former Special Forces operative has just landed a new job at his best friend's PI office. It's one hell of a life change, and the giant "Viking" is trying to adjust, fast, but then she walks into his life. Maisey Bright wants to hire Odin. She needs him to help her find proof—irrefutable evidence—that her next-door neighbor is a serial killer. Odin figures the case will be a snap. He'll prove that Maisey's neighbor is most definitely not a serial killer. He'll score some extra cash for the PI firm and maybe even score some points with the lovely—but obviously way too crime-enthusiast-obsessed—Maisey. Piece of cake. But as they dig deeper into the disappearances that have plagued the town for the last year, Odin begins to suspect that Maisey may be dead right. He also realizes that he is falling for a woman who now seems be the target

of a killer. JINX, YOU'RE IT (Book 3) Jinx lives for his good times. With a ready smile and quick joke, his charm carries him through most rough situations. And when his grin doesn't work, he just uses the down and dirty skills he acquired working Special Forces to get the job done. Life is easy, his luck is perfect, and nothing will slow him down. Except maybe...her. Alison "Ali" Carter does not have time for handsome playboys—not even the ones with killer blue eyes and abs that last for days. Sure, she might have given in just one time and let her desire for Jinx take over, but she is not about to repeat that mistake, no matter how great the night was. But when trouble follows Ali to the Gulf Coast, Jinx proves to be an unlikely hero as he leaps into action. This time, it's not about being lucky. This time, it's about protecting Ali and maybe, just maybe...winning her heart. REMEMBER RAMSEY (Book 4) Second chances and happily-ever-after endings aren't meant for men

like Ramsey Hyde. He's a criminal mastermind, a cold-blooded heartbreaker, and certainly no one's idea of a dream guy. Except...once upon a time, this heartbreaker lost his heart. Dr. Whitney Augustine is considered by many to be one of the luckiest women in the world. She survived an attack that should have killed her. But her miraculous rescue came with a twist...she lost the memory of the last six months of her life. Whitney thought that when she returned to her home, her memories would follow...Unfortunately, they didn't. And the secret to her past? To all of those long nights that she just can't remember? Well, Ramsey is the key...he's the one who remembers everything with perfect, scorching clarity. **The Genghis Khan Project** - John Topham 2018-05-08 Back in 1968, The Agency realized something drastic had to be done to save mankind from itself. While other agencies and governments throughout the world refused

to see into the disastrous future, the very same future we all face today, The Agency realized the only chance of survival rested on the formation and success of the Genghis Khan Project, which all depended on the sexual prowess of one young man. Not just any young man, but what turned out to be the world's smartest man. A man who became not only the foundation of The Project but, fundamentally, The Agency itself; with the type of unmatched power that could not only control and shape countries and continents, but life itself. The fate of mankind will be decided by just one man, and this one man alone. Brian Taylor has the fate and destiny of us all under his control and very existence. EVELINA - David Gomadza A suspenseful romantic action-packed thriller. A gorgeous young lady turned Most Wanted. A romantic trip and a love to die for. A hidden secret. An evil brutal regime practicing a cult they believe existed even before God

created the world. Until the regime is stopped life is on the line. A must read. ABOUT THE SERIES EVELINA A secret cult that existed even before this world was created is still at the center of murder a thousand years later.

My Filthy Father In Law -

Cassandra Dee

Temptation has never tasted so sweet. Holly: After my husband passed away, I was bereft. Despair weighed heavily on my shoulders, and time seemed to grind to a halt. But then he came: Cave. My father in law. The one man in the world who's totally off limits. But one ecstatic night of passion has consequences, and now I'm expecting his baby. Cave: I should have stayed away. But Holly needed me, so I came back. What I didn't expect was for the grieving widow to be curvy, gorgeous, and altogether irresistible. The sassy girl says it's wrong but what she doesn't realize is that once I put my baby in her belly, she won't have a choice. Holly will be mine for keeps. Hey Readers - This book is so taboo

and hot that your palms will be scorched by the time you're done. Holly and Cave break all the rules, but it's worth it because of the child they've conceived together. No cheating, no cliffhangers, and always a HEA for my readers. You'll love the story, I promise! Xoxo, Cassie

Yet, their connection runs deeper than they can imagine. Their lives are entangled by the secrets they harbor, secrets that, if disclosed, will destroy them. In the words of Nicolas' Shakespeare-quoting best friend, "Love is an ever-fixed

mark that looks on tempests and is never shaken." When Nicolas discovers Skylar's truth, these words ring even louder as he is compelled to return to a world he thought was forever in his past. Love is indeed the most powerful and disruptive force, but will it be enough when they face their trial by fire? Be aware of the possible triggers: Non Consensual, Assault, Violence (not graphically described) [REDACTED] (Sara on Goodreads) I really enjoyed this book. Living in a Step-Family Without Getting Stepped on

- Kevin Lemman 2001-06-03

"When two families unite, they don't blend, they collide," says Dr. Kevin Lemman, bestselling author of *The New Birth Order Book*. But he also believes, "You can blend a family without breaking it. The principles in this book will help you wage the battle of blending your family-and come up not only a survivor but a winner!" By understanding the impact that birth order has on each family member, parents are better equipped to ease the transition into a new, different but functional family unit. Using his signature humor and real

life examples, Dr. Leman provides both insight and practical advice about discipline, self-respect, parental authority, and the importance of the marriage relationship.

365 Nights - Charla Muller
2011-04-04

For an entire year. The Mullers had a solid marriage and two wonderful children, but over the years sex had fallen low on their to-do list. The lack of intimacy wasn't causing them to drift apart, exactly, but their connection didn't seem as great as it could be. Charla decided that the couple would embark on a year of scheduled sex -- falling over toy trucks and piles of laundry in an effort to make time for each other. There were obstacles along the way -- when disasters at work intruded on their home life and when there were questions about the sex itself and faking it. Would physical love -- whether good mediocre or ugly -- make up for things that weren't so good? Charla and her husband had a whole year to find out...

Out Cold - Tom Schreck

2022-07-25

When Karl, the schizophrenic, ex-GI with post traumatic issues shows up on Duffy's caseload talking about governmental conspiracy predictions Duff takes it in stride. When Karl's terrorist predictions start coming true and he prattles on about the motives of defense contractors, security firms and the profits of war, Duff begins to pay attention. But when Duff suffers his own traumatic brain injury getting knocked out in the ring, Karl doesn't look so crazy any more. With his own sanity on the line Duffy, Al and Karl travel across the country to foil the terrorists at the Notre Dame football opener and the Columbine-type massacre. Oh yeah, and in the meantime there s that evil basset hound puppymill to deal with. Step into the ring for round three and join Duffy, Al

the basset hound, that collection of lovable drunks, the Fearsome Foursome for their greatest adventure yet. Pull up a bar stool, crack a cold Schlitz, let Elvis light up the jukebox and get ready for the most therapeutic social worker moonlighting as a pro boxer. When Duffy hears the bell everyone should keep their guard up. Praise for OUT COLD: "Out Cold floored me with a quick one two of the serious and seriously funny. Schreck's unique blending of the absurd and the sublime along with his rather oddball cast of characters makes Out Cold a great read." —Reed Farrel Coleman, two-time Shamus Award winning author of Empty Ever After "Out Cold is a fast, funny, rip-roaring read, and Shreck's wit and humor shines through on every page. But what I love most about Schreck's creation, Duffy Dombrowski, is the decency and dignity with which he treats the unforgettable cast of loonies, addicts, and criminals who parade through his office. I haven't cared this much about

a protagonist in a good long while. Duffy is real hero and a true original.” —Blake Crouch, author of *Abandon* “Tom Schreck will knock you to the mat with a sucker punch of laughs. *Out Cold* is an expert one-two combination of humor and humanity.” —Mario Acevedo, author of *Jailbait Zombie*

His Secret Love - Ava Ryan
2021-10-04

Best one-night-stand of my life. Plot twist: she’s our new nanny... Commitments? No thanks. And after my painful divorce I’m also done with secrets and lies. The occasional hookup is more my speed as a new billionaire, busy doctor and single dad. But there’s something about Skye. That’s why I swiped right on her profile. That’s why we enjoyed sizzling chemistry and an unforgettable one-night stand. I meant it to be a one-time thing. I never anticipated this growing obsession with her. I certainly never expected my ex to hire her as our new nanny. Now my life is full of messy secrets. And the relentless

desire to get feisty Skye back in my bed... Don’t miss the final standalone in Ava Ryan’s sexy contemporary romance series, *Manhattan Billionaires!* *Gladiator* - Dan Clark
2023-07-06

Aggressive, explosive, and boasting awesome athletic ability, Dan Clark rose to tremendous fame as Nitro on *American Gladiators*. He quickly emerged as the most popular cast member and became a reality television superstar. But a twenty-year affair with steroids led to a life of pissing blood, smuggling drugs, destroying hotel rooms, getting arrested, growing breasts, and lying bloodied in the street after a vicious fight with his best friend. This is Clark’s riveting, fiercely candid account of his life, career, and steroid addiction. From an upbringing defined by tragedy and a difficult search for identity to tales of performing center stage at Madison Square Garden and bedding Playboy Bunnies and porn stars, Clark explores the price of fame, the pressure of

stardom, and how the whole steroid-fueled fantasy finally imploded. What began in high school as a way to speed up recovery from injury rapidly turned into an all-consuming addiction. With self-deprecating humor and a trove of incredible stories, Clark provides an eye-opening report on the dangers of steroids both obvious and hidden—and offers his thoughts on why steroid use remains a persistent problem today. More than just a pulpy exposé, *Gladiator* is a triumphant story of self-discovery and redemption. “Clark played the character ‘Nitro’ on television series *American Gladiators*, and if you only read one book on vacation this year, this has to be it.”—Chuck Palahniuk, Author of *Fight Club* “Dan Clark possesses the emotional honesty, humility, and depth

together with the innate literary talent and stylistic sensibility to execute this memoir with stunning eloquence and power. His lean, muscular prose never wavers off course as it leads us through his unspeakable loss, overwhelming success, and ultimately into a kind of acceptance and redemption...”—Augusten Burroughs, *Running with Scissors* “Enormously smart, brave-hearted, extremely personal. Filled with practical advice you can use right away. This book will help thousands of people.”—Myles Knapp, *Contra Costa Times* “Aspirational. Transformed. Edgy. Self-effacing. Larger than life.”—Mike A. Snyder, MD, Author of *The Full Diet* **The Publishers Weekly** - 2005
