[Sexual Segregation in Vertebrates](#) - Kathreen Ruckstuhl 2006-01-05  
 Males and females often differ in developmental patterns, adult morphology, ecology and behaviour, and in many mammals males are often larger. Size dimorphism results in divergent nutritional and energetic requirements or reproductive strategies by the sexes, which in turn sometimes causes them to select different forage, use different habitats, and express differing social affinities. Such divergent life-styles often lead males and females to live large parts of their lives separately. Sexual segregation is widespread in animals. Males and females may share the same habitat, but at different times, for example, or they might use different habitats entirely. Why did sexual segregation evolve and what factors contribute to it? *Sexual Segregation in Vertebrates* explores these questions by looking at a wide range of vertebrates and is aimed as a synthesis of our current understanding and a guide for future research.

**Sex and Tourism** - Thomas G. Bauer 2003  
 Written in a unique combination of academic and personal accounts, *Sex and Tourism: Journeys of Romance, Love, and Sex* takes you behind the scenes with motel owners, adventure travel guides, backpackers, and others working on all sides of the tourism industry all over the

world. The editors have created a model that views the situation from three different perspectives: tourist, tourism provider, and nature of the encounter. Unlike other related volumes, this book is not just about the sex trade, but also about the role of tourism in love, marriage, and relationships *Sex and Tourism* is an enlightening guide to the complex world found at the crossroads of sex and sightseeing. To view an excerpt online, find the book in our QuickSearch catalog at [www.HaworthPress.com](http://www.HaworthPress.com).  
**Sexual Behavior in the Human Female** - Alfred C. Kinsey 1998-05-22  
 On female sexuality  
[Negotiating Sexual Idioms](#) - 2008-01-01  
*Negotiating Sexual Idioms: Image, Text, Performance* affords new theoretical approaches and insights into the complexity of sexual discourse pervading contemporary cultures, exploring sexuality's role in dominant conceptualisations of self and society, in patterns of political belonging and exclusion, and in societal transformations. Opening with a substantial critical introduction, this collection of twelve essays and creative pieces contributes to significant current debates regarding sexual rights and their violation, queer theory and identity politics, sexual fantasy formations and strategies of pleasure, and the celebration of sexual diversity, topics explored through a

variety of disciplinary frameworks, including gender and film studies, religious philosophy, neo-Victorian and postcolonial literature, sociology, pornography, and performance art. The volume positions the subjects of sex and sexuality as crucial to our ethical understanding of the human, both in individual and communal terms, exploring how claims for sexual subjectivity and citizenship are formulated and the entitlements they entail. The analytical insights offered signal important new directions for critical engagement with the socio-political construction of sexuality and its strategic deployment within the cultural imaginary. Designed to appeal equally to scholars, students, and general readers, *Negotiating Sexual Idioms* will prove essential reading for those interested in multi-disciplinary approaches to reading sex and sexuality within inter-cultural contexts, from the early modern period to the present-day.

**Sex Objects** - Jennifer Doyle 2006

The declaration that a work of art is “about sex” is often announced to the public as a scandal after which there is nothing else to say about the work or the artist-controversy concludes a conversation when instead it should begin a new one. Moving beyond debates about pornography and censorship, Jennifer Doyle shows us that sex in art is as diverse as sex in everyday life: exciting, ordinary, emotional, traumatic, embarrassing, funny, even profoundly boring. *Sex Objects* examines the reception and frequent misunderstanding of highly sexualized images, words, and performances. In chapters on the “boring parts” of *Moby-Dick*, the scandals that dogged the painter Thomas Eakins, the role of women in Andy Warhol's *Factory* films, “bad sex” and Tracey Emin's crudely evocative line drawings, and L.A. artist Vaginal Davis's pornographic parodies of Vanessa Beecroft's performances, *Sex Objects* challenges simplistic readings of sexualized art and instead investigates what such works can tell us about the nature of desire. In *Sex Objects*, Doyle offers a creative and original exploration of how and where art and sex connect, arguing that to proclaim a piece of art “about sex” reveals surprisingly little about the work, the artist, or the spectator. Deftly interweaving anecdotal and personal writing with critical, feminist, and queer theory, she reimagines the relationship

between sex and art in order to better understand how the two meet-and why it matters. Jennifer Doyle is associate professor of English at the University of California, Riverside. She is coeditor, with Jonathan Flatley and Jos Esteban Muoz, of *Pop Out: Queer Warhol*.

**World Made Sexy** - Paul Rutherford 2007-08-11

The cult of eroticism is a pervasive force in modern society, affecting almost every aspect of our daily lives. In this book, Paul Rutherford argues that this phenomenon is a product of one of the major commercial and political enterprises of the twentieth and twenty-first centuries: the creation of desire - for sex, for wealth, and for entertainment. *A World Made Sexy* examines museum exhibitions, art, books, magazines, films, and television to explore the popular rise of eroticism in America and across the developed world. Starting with a brief foray into the history of pornography, Rutherford goes on to explore a sexual liberation movement shaped by the ideas of Marx and Freud, the erotic styles of Salvador Dali and pop art, the pioneering use of publicity as erotica by *Playboy* and other media, and the growing concerns of cultural critics over the emergence of a regime of stimulation. In one case study, Rutherford pairs James Bond and Madonna in order to examine the link between sex and aggression. He details how television advertising after 1980 constructed a theatre of the libido to entice the buying public, and concludes by situating the cultivation of eroticism in the wider context of Michel Foucault's views on social power and governmentality, and specifically how they relate to sexuality, during the modern era. *A World Made Sexy* is about power and pleasure, emancipation and domination, and the relationship between the personal passions and social controls that have crafted desire.

**Red Light Women of the Rocky Mountains** -

Jan MacKell 2011-10-12

Throughout the development of the American West, prostitution grew and flourished within the mining camps, small towns, and cities of the nineteenth-century Rocky Mountains. Whether escaping a bad home life, lured by false advertising, or seeking to subsidize their income, thousands of women chose or were forced to enter an industry where they faced segregation and persecution, fines and jailing, and battled

the hazards of disease, drug addiction, physical abuse, pregnancy, and abortion. They dreamed of escape through marriage or retirement, but more often found relief only in death. An integral part of western history, the stories of these women continue to fascinate readers and captivate the minds of historians today.

Expanding on the research she did for *Brothels, Bordellos, and Bad Girls* (UNM Press), historian Jan MacKell moves beyond the mining towns of Colorado to explore the history of prostitution in the Rocky Mountain states of Arizona, Idaho, Montana, New Mexico, Utah, and Wyoming. Each state had its share of working girls and madams like Big Nose Kate or Calamity Jane who remain celebrities in the annals of history, but MacKell also includes the stories of lesser-known women whose role in this illicit trade nonetheless shaped our understanding of the American West.

**Sex Museums** - Jennifer Tyburczy 2016-01-11  
Museums have lengthy history, going back to the Renaissance Cabinets of Curiosity, and they are indices of changing fashions of perception insofar as the categories museum curators use to classify objects change over time. The major focus of Tyburczy's study is sexuality on display, which sets up, in turn, her investigation of the effects of museum display on the history of sexuality. Historical context for the museum is one of her themes (and how categories of normalcy and perversity change over time), with another theme being the work of sex museums in redefining what sex means in the modern public sphere; she also folds in consideration of the pleasures and dangers of exhibiting marginalized sexual subjects (women, nonwhite races, LGBT individuals, and the like); last, she explores the paradox of asserting (as she does) that all museums are sex museums: bodies move around and toward objects on display, they reshape the typical dances of museum-goers along with their preconscious motivations in visiting a museum. She proposes that explicit display or restagings of sexual artifacts provides new ways for approaching and understanding issues of desire, sexual identity, and sexual practices as they intersect with the history of the modern museum and with sexual history during the past two centuries. Her fieldwork sites are: the Leather Archives & Museum in Chicago, the

Museum of Sex in New York, the World Erotic Art Museum in Miami Beach, and El Museo del Sexo in Mexico City. Such institutions allow Tyburczy to show how alternative sexuality (inclusive of kink, fetish, and sadomasochistic cultures) and slavery dangerously crisscross on the surface of objects. There are plenty of cases here, in short, to keep the casual reader titillated and the erudite reader surprised."

**Selling Sex in the Silver Valley** - Dr. Heather Branstetter 2017-05-15

Once the largest silver producer in the world, Wallace became notorious for labor uprisings, hard drinking, gambling and prostitution. As late as 1991, illegal brothels openly flourished because locals believed that sex work prevented rape and bolstered the economy, so long as it was regulated and confined to a particular area of town. The madams enjoyed unprecedented status as influential businesswomen, community leaders and philanthropists, while elsewhere a growing aversion to the sex trade drove red-light districts underground. Dr. Heather Branstetter's research features previously unpublished archival materials and oral histories as she relates the intimate details of this unlikely story.

[Orientalia](#) - Tracy Quan 2003

Every day, thousands of young Asian women go to work in the sex industry, a marketplace where any desire can be satisfied for a price. For six years, Asian-American photographer Reagan Louie journeyed through this sexual underworld, visiting nearly a dozen countries and documenting the day-to-day lives of women who, either by choice or by necessity, exchange their bodies for money. From Thai sex emporiums and Japanese image clubs to Philippine dance halls and Taiwanese betel nut stands, Louie exposes a world where the archetypes of female Asian sexuality are maintained.

*Red Light Districts of the World* - Fiona Pitt-Kethley 2000

*The Beggar's Benison* - David Stevenson  
2013-04-04

Two clubs, dedicated to proclaiming the joys of libertine sex, thrived in mid and late 18th-century Scotland. The Beggar's Benison (1732), starting from local roots in Fife, became large and sprawling, with branches in Edinburgh, Glasgow - and St Petersburg. As a toast "The Beggar's Benison" was drunk at aristocratic dinners in London as a coded reference to sex, and the Prince of Wales (later George IV) became a member. In Edinburgh, also, the Wig Club (1775) gave the elite of the Scottish Tory establishment a forum in which to dine, gamble and venerate a wig supposedly made of the pubic hairs of the mistresses of Charles II. Both

clubs flourished in a great age of raucous clubs in which bawdy often played a prominent part, and both died as changes in sensibility made such behaviour seem gross and unacceptable. As the Victorian age approached, the clubs withered away under its disapproving glare. In this book, the author tells the story of these clubs, analyzes the obscene relics of their rituals which survive, and places the clubs in their social, cultural and political contexts. It is an extensively researched study, but at the same time recognizes the entertainment value of the many anecdotes concerning the clubs, the absurdities inherent in the antics of club rituals, and the appeal of the bawdy.

*Red Light Women of the Rocky Mountains* - Jan MacKell 2009

These profiles of the soiled doves who plied the oldest trade in the Rocky Mountains explain many of the facts of life in the nineteenth and twentieth century West.
