99 Questions You Must Ask a Man Before Sleeping with Him and Definitely Before Having SEX Armani Valentino 2008-01-01 The great author and lecturer Napoleon Hill taught that one of the main causes of failure was IMPROPER SELECTION OF A MATE IN MARRIAGE. Would you believe a man who grew up the only male in a household full of women, has probably written one of the best (if not the best) books on dating for single people, and definitely for single ladies looking to find the right mate? Well, Armani Valentino's national bestselling book, 99 Questions You Must Ask a Man Before Sleeping with Him & Definitely Before Having SEX, just might be that book. It is a practical straight forward guide that will leave you enlightened on all levels. The book covers every area of what could possibly come up in a relationship. Big Boom, Steve Harvey's best friend and Bodyguard, Best-selling author and the self-proclaimed "Bodyguard for Women's Heart's" says, "Armani is right on point. His generation and others need this book." Armani Valentino believes that his book is a great tool for those wanting to be in a relationship and for those already involved. He says, "Most of the time people don't really know what to ask. Many people like to avoid asking questions for fear of finding out something they don't want to know. The sad part about this is, STD's are on the rise. Even if you don't contract an STD, you may get involved with a total basket case that might abuse you emotionally and physically. These things along with so many other possibilities are usually due to not asking enough of the right questions before you get emotionally and sexually involved." Some women feel that the man will lie to them anyway. Therefore, Mr. Valentino has included his chapter, "The Art of Asking Questions." This chapter teaches you how to become an interview expert. Fortune 500 companies use this to process to choose the best candidates. Armani feels that women should treat themselves as if they are Fortune 500 companies. Armani Valentino says, "My book is a spiritually based book that all people can benefit from in some way. No matter if you are single, dating, engaged, and even married. You will find something in the book that will enrich your life or others around you." He also says, "The non-physical side of SEX is something that we need to talk more openly about. I think my book helps individuals to do this. That's why Chapter 4 of the book is probably my favorite. Chapter 4 is "Love & SEX...The Two Most Powerful Energies and How Not to Get the Two Confused." The 3-year National Best-seller, "99 Questions," written by one of the nation's premiere dating/relationship experts, Armani Valentino, is now available in all ebook formats. "The Most USEFUL DATING BOOK on the market!" ~DFW Singles Magazine "Armani Valentino's book, 99 Questions You Must Ask a Man Before Sleeping with Him & Definitely Before Having SEX, is one book that you must have in your library." - Street Pop Magazine This book has helped thousands get a better understanding of the person that is pursuing them or the one that they are pursuing. Many women and men, both young and seasoned, have purchased numerous copies of this book for themselves or a loved one. Everyone knows someone that can benefit from this book. Armani Valentino says, "Most of the time we think we know what to ask before getting involved with someone. Although we probably do, we don't have that information in-front of us in a manner like this when we need it. Therefore, my book acts a reference guide to help in the process. It's kind of like dating insurance."

Great Answers to Difficult Questions about Sex Linda Goldman 2010-02-15 What does sex mean? Where do babies come from? Why is my body changing? Sex is never an easy subject for discussion and adults often struggle to find the right words when talking about it with children. This book explores children's thoughts and feelings on the subject of sex and provides parents and other caring adults with guidance on how to respond to difficult questions. The author explores some of the most common questions children ask about sex and provides sensitive yet candid answers, phrased in a way that children will be able to understand and relate to. Each chapter is devoted to a particular issue, such as how babies are made, relationships, and the differences between boys and girls. The book recognizes the emotions and reactions of children and family members and includes separate conclusions for adults and children. This guide offers useful advice for parents and carers and will also be of interest to counsellors and other professionals working with children.

No More Headaches Juli Slattery 2011-09-09 Both husbands and wives can be extremely frustrated by the differences in sexual needs and expectations between them. This frustration manifests itself as fighting, resentment, feelings of either guilt or rejection, and general marital strife. There are few safe and appropriate places to ask the questions about sex that frustrate and confuse women most. In No More Headaches, Juli Slattery provides that place with honest answers that target women's specific needs. Her warm and compassionate style come through as she examines the underlying issues that prevent couples from having a satisfying sex life. Helping husbands and wives understand and address the sexual relationship with their spouse will improve the marriage by reducing stress and frustration in that area, which will reduce stress in other areas of marriage as well. Each chapter contains questions for reflection and questions for couples to discuss. Juli Slattery has extensive experience speaking

to women about marriage, parenting, and family issues at retreats and conferences as well as on television and radio.

Sex, Dating, and Love Ray E. Short 1994

Magnetic Partners Stephen Betchen 2010-05-18 Do you and your partner argue about the same things over and over again? Are you often confused about why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new terms with the conflict to save your relationship

As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience.
