Full Surrogacy Now - Sophie Lewis 2021-08-31

Where pregnancy is concerned, let every pregnancy be for everyone. Let us overthrow, in short, the “family” The surrogacy industry is estimated to be worth over \$1 billion a year, and many of its surrogates around the world work in terrible conditions—deception, wage-stealing and money skimming are rife; adequate medical care is horrifyingly absent; and informed consent is depressingly rare. In Full Surrogacy Now, Sophie Lewis brings a fresh and unique perspective to the topic. Often, we think of surrogacy as the problem, but, Full Surrogacy Now argues, we need more surrogacy, not less! Rather than looking at surrogacy through a legal lens, Lewis argues that the needs and protection of surrogates should be put front and center. Their relationship to the babies they gestate must be rethought, as part of a move to recognize that reproduction is productive work. Only then can we begin to break down our assumptions that children “belong” to those whose genetics they share. Taking collective responsibility for children would radically transform our notions of kinship, helping us to see that it always takes a village to make a baby.

Johnny Tremain - Esther Forbes 1998

After injuring his hand, a silversmith's apprentice in Boston becomes a messenger for the Sons of Liberty in the days before the American Revolution.

Sexual Identities - Patrick Colm Hogan 2018

Patrick Colm Hogan, a leading theorist of cognitive cultural studies, offers the first cognitive cultural study of identity in sex, sexuality, and gender. With precise conceptual distinctions, wide-ranging citation of empirical research, and careful explication of diverse literary works, Hogan defends a systematic skepticism about gender differences and a view

of sexuality as evolved but also contingent and variable.

My Two Moms - Zach Wahls 2012-04-26

A resounding testament to individuality and the power of family in all forms from the young man who “lit up the Internet” (Ellen DeGeneres) On January 31, 2011, Zach Wahls addressed the Iowa House Judiciary Committee in a public forum regarding full marriage equality. The nineteen-year-old son of a same-sex couple, Wahls proudly proclaimed, “The sexual orientation of my parents has had zero effect on the content of my character.” Hours later, his speech was posted on YouTube, where it went viral, quickly receiving more than two million views. By the end of the week, everyone knew his name and wanted to hear more from the boy with two moms. Same-sex marriage will be a major—possibly the defining—issue in this year’s election cycle, and Wahls speaks to that, but also to a broader issue. Sure, he’s handsome and athletic, an environmental engineering student, and an Eagle Scout. Yet, growing up with two moms, he knows what it’s like to feel different and to fear being made fun of or worse. In the inspirational spirit of *It Gets Better* edited by Dan Savage and Terry Miller, *My Two Moms* also delivers a reassuring message to same-sex couples, their kids, and anyone who’s ever felt like an outsider: “You are not alone.”

A Critical Analysis of Sexuality Education in the United States - Tiffani Kocsis 2019-10-11

A Critical Analysis of Sexuality Education in the United States explores the development of sexuality education in North America and uses economic, legal, and psychological paradigms to identify and trace exclusionary programming and practices in schools. By analyzing legal and political documents, as well as state and private curricula, this insightful text considers the historical and contemporary experiences of adolescents in connection to the social structures of sexuality education. Challenging the current state of sex education in the United States, in terms of both content and delivery, the

chapters succinctly illustrate how schools are failing to meet the developmental needs of all students. Student perspectives and evidence-based research demonstrate that an exclusionary curriculum is failing to equip students with the knowledge and understanding they require to undergo a process of empowerment about their sexuality, and engage in safe, informed, and consensual sexual activity. Finally, by employing a rights-based approach to sexuality education, the author offers important recommendations for change in state and federal curricula. Offering unique and comprehensive insight into the state of sex education in the United States, this text will be of great interest to graduate and postgraduate students, academics, researchers, policy-makers, and libraries in the fields of sexuality education, education policy and politics, sociology of education, gender studies, and curriculum studies.

My Family and Other Animals - Gerald Durrell 2017-04-20

The bewitching account of a rare and magical childhood on the island of Corfu by treasured British conservationist Gerald Durrell Escaping the ills of the British climate, the Durrell family - acne-ridden Margo, gun-toting Leslie, bookworm Lawrence and budding naturalist Gerry, along with their long-suffering mother and Roger the dog - take off for the island of Corfu. Women Writers and Old Age in Great Britain, 1750-1850 - Devoney Looser 2008-08-01

This groundbreaking study explores the later lives and late-life writings of more than two dozen British women authors active during the long eighteenth century. Drawing on biographical materials, literary texts, and reception histories, Devoney Looser finds that far from fading into moribund old age, female literary greats such as Anna Letitia Barbauld, Frances Burney, Maria Edgeworth, Catharine Macaulay, Hester Lynch Piozzi, and Jane Porter toiled for decades after they achieved acclaim -- despite seemingly concerted attempts by literary gatekeepers to marginalize their later contributions. Though these remarkable women wrote and published well into old age, Looser sees in their late careers the necessity of choosing among several different paths. These included receding into the background as authors of "classics," adapting to grandmotherly standards of behavior, attempting to reshape masculinized conceptions of aged wisdom, or trying to create entirely new categories for older women writers. In assessing how these writers affected and were affected by the culture in which they lived, and in examining their varied

reactions to the prospect of aging, Looser constructs careful portraits of each of her Subjects and explains why many turned toward retrospection in their later works. In illuminating the powerful and often poorly recognized legacy of the British women writers who spurred a marketplace revolution in their earlier years only to find unanticipated barriers to acceptance in later life, Looser opens up new scholarly territory in the burgeoning field of feminist age studies.

Filming's not as glamorous as it's cracked up to be.

Virgil, Aeneid, 4.1-299 - Ingo Gildenhard 2012

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

[Temptations](#) - Otis Williams 2002-06-25

The Temptations were the most commercially

successful and critically lauded male vocal group of the Sixties and early Seventies. Through the years, the group's trademark razor-sharp choreography, finely tuned harmonies, and compelling vocals made them the exemplars of the Motown style. This is the frank, revealing story of the legendary supergroup, told by its founder.

[All I Ever Wanted](#) - Kathy Valentine 2020-04-09

At twenty-one, Kathy Valentine was at the Whisky in Los Angeles when she met a guitarist from a fledgling band called the Go-Go's—and the band needed a bassist. The Go-Go's became the first multi-platinum-selling, all-female band to play instruments themselves, write their own songs, and have a number one album. Their debut, *Beauty and the Beat*, spent six weeks at the top of the Billboard 200 and featured the hit songs "We Got the Beat" and "Our Lips Are Sealed." The record's success brought the pressures of a relentless workload and schedule culminating in a wild, hazy, substance-fueled tour that took the band from the club circuit to arenas, where fans, promoters, and crew were more than ready to keep the party going. For Valentine, the band's success was the fulfillment of a lifelong dream—but it's only part of her story. *All I Ever Wanted* traces the path that took her from her childhood in Texas—where she all but raised herself—to the height of rock 'n' roll stardom, devastation after the collapse of the band that had come to define her, and the quest to regain her sense of self after its end. Valentine also speaks candidly about the lasting effects of parental betrayal, abortion, rape, and her struggles with drugs and alcohol—and the music that saved her every step of the way. Populated with vivid portraits of Valentine's interactions during the 1980s with musicians and actors from the Police and Rod Stewart to John Belushi and Rob Lowe, *All I Ever Wanted* is a deeply personal reflection on a life spent in music.

I'm Special - Ryan O'Connell 2015-06-02

NOW a NETFLIX series entitled *Special* from Executive Producer JIM PARSONS starring RYAN O'CONNELL as himself. From the beloved blogger turned voice of an online generation, an unforgettable and hilarious memoir-meets-manifesto exploring what it means to be a millennial gay man living with cerebral palsy.

which VICE calls “a younger, gay version of Mary Karr's Lit.” People are obsessed with Ryan O’Connell’s blogs. With tens of thousands reading his pieces on Thought Catalog and Vice, watching his videos on YouTube, and hanging on to each and every #dark tweet, Ryan has established himself as a unique young voice who’s not afraid to dole out some real talk. He’s that candid, snarky friend you consult when you fear you’re spending too much time falling down virtual k-holes stalking your ex on Facebook or when you’ve made the all-too-common mistake of befriending a psycho while wasted at last night’s party and need to find a way to get rid of them the next morning. But Ryan didn’t always have the answers to these modern-day dilemmas. Growing up gay and disabled with cerebral palsy, he constantly felt like he was one step behind everybody else. Then the rude curveball known as your twenties happened and things got even more confusing. Ryan spent years as a Millennial cliché: he had dead-end internships; dabbled in unemployment; worked in his pajamas as a blogger; communicated mostly via text; looked for love online; spent hundreds on “necessary” items, like candles, while claiming to have no money; and even descended into aimless pill-popping. But through extensive trial and error, Ryan eventually figured out how to take his life from bleak to chic and began limping towards adulthood. Sharp and entertaining, *I’m Special* will educate twentysomethings (or other adolescents-at-heart) on what NOT to do if they ever want to become happy fully functioning grown-ups with a 401k and a dog.

Country Joe and Me - Ron Cabral 2004-04-06

Black Girl/White Girl - Joyce Carol Oates
2009-10-13

Fifteen years ago, in 1975, Genna Hewett-Meade's college roommate died a mysterious, violent, terrible death. Minette Swift had been a fiercely individualistic scholarship student, an assertive—even prickly—personality, and one of the few black girls at an exclusive women's liberal arts college near Philadelphia. By contrast, Genna was a quiet, self-effacing teenager from a privileged upper-class home, self-consciously struggling to make amends for her own elite upbringing. When, partway through their freshman year, Minette suddenly fell victim to an increasing torrent of racist harassment and vicious slurs—from within the apparent safety of their tolerant, "enlightened" campus—Genna felt it her duty to protect her roommate at all costs. Now, as Genna reconstructs the months, weeks, and hours leading up to Minette's tragic death, she is also forced to confront her own identity within the social framework of that time. Her father was a prominent civil defense lawyer whose radical politics—including defending anti-war terrorists wanted by the FBI—would deeply affect his daughter's outlook on life, and later challenge her deepest beliefs about social obligation in a morally gray world. *Black Girl / White Girl* is a searing double portrait of "black" and "white," of race and civil rights in post-Vietnam America, captured by one of the most important literary voices of our time.

Lost Memory of Skin - Russell Banks

2011-09-29

Suspended in a strangely modern-day version of limbo, a young man must create a life for himself in the wake of incarceration. Known only as the Kid, and on probation after doing time for a liaison with an underage girl, he is shackled to a GPS monitoring device and forbidden to live within 2,500 feet of anywhere children might gather. With nowhere else to go, the Kid takes up residence in a makeshift encampment with

other convicted sex offenders. Barely beyond childhood himself, the Kid is in many ways an innocent, trapped by impulses and foolish choices. Enter the Professor, a man who has built his own life on secrets and lies. A university sociologist of enormous size and intellect, he finds in the Kid the perfect subject for his research on homelessness and reoffending sex offenders. The two men forge a tentative partnership. But when the Professor's past resurfaces and threatens to destroy his carefully constructed world, the balance in the two men's relationship shifts. Suddenly, the Kid must reconsider everything he has come to believe, and choose what course of action to take when faced with a new kind of moral decision.
