*Voices From the Wreckage: Young Adult Voices in the #MeToo Movement* Kimberly Karshner 2023-04-18 'Voices From the Wreckage: Young Adult Voices in the #MeToo Movement' is an edited collection by Kimberly Greenfield Karshner (Lorain County Community College). This collection focuses on situating young adult voices in the #MeToo movement, and into American culture and identity. Children's and young adult literature is an area of study that has rapidly evolved in the past ten years, bringing previously silenced voices to light. This is especially true for YA LGBTQ+ voices, and also for young narrators who are not only discovering, celebrating, and coming to terms with their identities, but also dealing with assaults on their identities. This collection will build on what writers like Laurie Halse Anderson have begun, first with her groundbreaking book on sexual assault, 'Speak', published in 1999, and more currently, her follow-up book, 'Shout' (2019). These authors continue what Anderson started, exploring texts from the perspectives of YA male and female voices, Native American and international perspectives, and LGBTQ+ character representation. Chapters investigate various literary forms such as graphic novels, memoirs, and novels, and cover topics such as sexual desire, consent, trauma, and survivorship. The literature featured in this volume will assure young people that they can tell their stories and that they will be heard. 'Voices From the Wreckage' will be a valuable tool for anyone who teaches Young Adult Literature, or for those who are avid readers and fans of the genre. The authors in this collection are starting and continuing very important conversations on the topic of sexual abuse and trauma, a conversation necessary for the intended audiences of these books, and for adult readers and teachers who are facilitating the emotions connected to these topics.

*Come As You Are: Revised and Updated* Emily Nagoski 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

*Doing It* Hannah Witton 2017-04-06 Book of the Year at the Summer in the City Awards 2017 Sexting. Virginity. Consent. The Big O ... Let's face it, doing it can be tricky. I don't know anyone (including myself) who has sex all figured out. So I've written a book full of honest, hilarious (and sometimes awkward) anecdotes, confessions and revelations. And because none of us have all the answers, I've invited some friends and fellow YouTubers to talk about their sexuality, too. My book is for everyone, no matter what gender you identify as or who you fancy. We talk about doing it safely. Doing it joyfully. Doing it when you're ready. Not doing it. Basically, doing it the way you want, when you want. So. Let's do this ... ----- *Doing It* candidly and openly explores topics like masturbation, slut-shaming, pornography and consent, as well as how to maintain healthy relationships in a digital age.

**Internet Comedy Television Series, 1997-2015** Vincent Terrace 2016-02-25 Created around the world and available only on the web, Internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.

**Learning Difficulties and Sexual Vulnerability** Andrea Hollomotz 2011-08-15 People with learning difficulties are considerably more likely to experience sexual violence than non-disabled people, and for this reason they are often described as 'vulnerable'. However, the use of this label can in fact increase risk. This book argues that by seeing adults with learning difficulties as vulnerable and in need of protection, they are stripped of their autonomy and left with fewer skills that are needed to protect themselves from harm. Their different treatment, such as segregation and over-protection, can in fact increase their 'vulnerability'. The author discusses a range of social processes, such as sex education, self-determination, friendships, sexual relationships and social inclusion, and examines the risk and benefits associated with each. Drawing on the everyday experiences of 29 adults with learning difficulties, the author illustrates how people with learning difficulties can be capable of safeguarding themselves from harm, and makes a range of suggestions for enabling them to become better equipped at managing risk themselves. This book will be essential reading for practitioners working with people with learning difficulties, as well as students and academics in the fields of disability and social work.

*Competing Masculinities in the British Netflix Series "Sex Education"* Lea-Christin Klaas 2023-11-13 Seminar paper from the year 2020 in the subject Gender Studies, grade: 2,0, University of Dortmund (Institut für Anglistik und Amerikanistik), course: British Proseminar, language: English, abstract: This paper deals with the competing masculinities in the British Netflix series "Sex Education". Especially the characters Otis Milburn, Adam Groff and Eric Effiong are taken into consideration. Otis is the typical lovable goof, whereas Adam is more likely to fulfill the stereotype of being a "real man", because of his tendency of being violent. It turns out that Adam's aggression is caused by him being insecure. Eric is also especially interesting to look at, since he serves several contrary stereotypes. He is a black, homosexual young male that is raised as a second generation immigrant in a traditionally catholic household and is often confronted with homophobia and racism. Eric turns out to be a modern gentleman. Each character's typical behavior patterns will be described and clarified by examples and interpreted in the context of masculinities.

**Popular Appeal** Lesley Hawkes 2013-11-18 Now is an opportune moment to consider the shifts in youth and popular culture that are signalled by texts that are being read and viewed by young people. In a world seemingly compromised by climate change, political and religious upheavals and economic irresponsibility, and at a time of fundamental social change, young people are devouring fictional texts that focus on the edges of identity, the points of transition and rupture, and the assumption of new and hybrid identities. This book draws on a range of international texts to address these issues, and to examine the ways in which key popular genres in the contemporary market for young people are being re-defined and re-positioned in the light of urgent questions about the environment, identity, one's place in the world, and the fragile nature of the world itself. The key questions are: • What are the shifts and changes in youth culture that are identified by the market and by what young people read and view? • How do these texts negotiate the addressing of significant questions relating to the world today? • Why are these texts so popular with young people? • What are the most popular genres in contemporary best-sellers and films? • Do these texts have a global appeal, and, if so, why? These over-arching themes and ideas are presented as a collection of inter-related essays exploring a rich variety of forms and styles from graphic novels to urban realism, from fantasy to dystopian writing, from epic narratives to television musicals. The subjects and themes discussed here reveal the quite remarkable diversity of issues that arise in youth fiction and the variety of fictional forms in which they are explored. Once seen as not as important as adult fiction, this book clearly demonstrates that youth fiction (and the popular appeal of this fiction) is complex, durable and far-reaching in its scope.

**Mediated Intimacy** Meg-John Barker 2018-02-27 Mediated Intimacy looks at contemporary sex and relationship advice, exploring how our intimate lives are shaped through different media, from manuals and magazines to television and Twitter. By exploring how intimacy is constructed through different media texts, the authors consider which ideas and practices these changing forms of 'sexpertise' open up, and which they close down. The book reveals the intimate operation of power in mediated advice, how words and images, stories and sound can work to shore up social injustice. It critically engages with the ideas of choice and responsibility in sex self-help, arguing that these can obscure and/or justify oppression, even if they're sometimes experienced as empowering and/or pleasurable. This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry, and presents a critical, collaborative and consensual vision for sex advice of the future.

*The Pocketbook of Audience Research* Joke Hermes 2023-12-18 Focusing on qualitative methods, The Pocketbook of Audience Research uses contemporary, global television and cross-media examples to explain essential approaches to audience research and outline how they can be employed. This handy guide is divided into three parts: the first part, 'Watching Post-Television', offers 'television' as a shortcut to understanding today's platform media and gives an introduction to key theoretical terms such as representation, identity and community. The second part, 'Methods with Method', introduces different methodological tools to study cross-media texts and practices from an audience-led perspective. With individual chapters covering ethnography, textual analysis and visual methodologies, this part also functions as a toolset and starting point for small research projects. The third part, 'Methods in Action', offers a variety of recent case studies to show how these methodological principles work in practice. Drawing on different genres from drama to sports, The

Pocketbook of Audience Research gives a sense of what audience-led cross-media research can achieve. This concise, accessible book gives students, early-career researchers and creative professionals the tools to do useful and inspiring audience research, whether for a paper, a proposal or a market survey.

Reporting on empirical analyses conducted by the authors, the book makes a unique contribution to thinking about gender diversity in schools and advocates for the broadening of educational approaches beyond narrow gender binaries.

**The Bite, the Breast and the Blood** Amy Williams Wilson 2018-09-25 Central to every vampire story is the undead's need for human blood, but equally compelling is the human ingestion of vampire blood, which often creates a bond. This blood connection suggests two primal, natural desires: breastfeeding and communion with God through a blood covenant. This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives, arguing that modern readers and viewers are drawn to this genre because of our innate fascination with the relationship between human and maker.
