Sex, Gender, and Sexuality in Sport - Vikki Krane 2018-12-07

Diverse sex, gender, and sexual identities historically have been pushed to the margins in sport. While there is more visibility and inclusion for LGBTIQ (lesbian, gay, bisexual, transgender, intersex, queer) people in sport today than in the past, there still exists bigotry and marginalization. In this book, Vikki Krane and a team of leading sport scholars critically assess what we know about sex, gender, and sexuality in sport; expose areas in need of further inquiry; and offer new avenues for theory, research, and practice. Drawing on cultural studies perspectives, and with social justice at the heart of every chapter, the book discusses theory, policy, practice, and the experiences of LGBTIQ people in sport. *Sex, Gender, and Sexuality in Sport* is an important read for undergraduate and postgraduate students in any class with content on LGBTIQ people in sport, but particularly for those studying sport and gender, sexuality and sport, LGBT studies, psychology of gender, contemporary issues in sport, sociology of gender, and sport and higher education. It is also a vital resource for scholars who conduct research in the area of LGBTIQ people in sport.

Gender and Sexual Diversity in Schools - Elizabeth J. Meyer 2010-06-16

Issues related to gender and sexual diversity in schools can generate a lot of controversy, with many educators and youth advocates under-prepared to address these topics in their school communities. This text offers an easy-to-read introduction to the subject, providing readers with definitions and research evidence, as well as the historical context for understanding the roots of bias in schools related to sex, gender, and sexuality. Additionally, the book offers tangible resources and advice on how to create more equitable learning environments. Topics such as working with same-sex parented families in elementary schools; integrating gender and sexual diversity topics into the curriculum; addressing homophobic bullying and sexual

harassment; advising gay-straight alliances; and supporting a transgender or gender non-conforming student are addressed. The suggestions offered by this book are based on recent research evidence and legal decisions to help educators handle the various situations professionally and from an ethical and legally defensible perspective.

Sex in Global History: Modern Sources and Perspectives - Laura L. Lovett 2017-12-31

Sex in Global History: Modern Sources and Perspectives is a collection of primary and secondary sources that illustrates how sex, gender, and sexuality have changed throughout the world over the past 300 years. These sources range from the Spanish Conquest of North America to contemporary transgender history, and address themes of colonialism, representation, scientific inquiry and authority, rights and regulations, and more. *Sex in Global History* includes material on the imposition of gender norms in China during the 18th and 19th century; race, sex, and gender in Europe before the 20th century; Victorian efforts to regulate sex, gender, and sexuality; and the idea of "new women" around the world who, by the 1920s, proclaimed independence from traditional gender norms. The book builds upon the global history of sex, gender, and sexuality to address contemporary issues including the invention of sexology, the sexual revolutions of the 1970s, and transgender history. Offering a rich variety of perspectives, *Sex in Global History* is ideal for undergraduate courses in anthropology, history, gender studies, and sociology that focus on the histories of sex, gender, and sexuality. Laura L. Lovett earned her M.A. in English and American literature from the University of California, San Diego, and a Ph.D. in history from the University of California, Berkeley. She is an associate professor of history at the University of Massachusetts, Amherst, where she teaches courses on women's history, the history of sexuality and gender, and the history of youth.

Gaga Feminism - J. Jack Halberstam 2012-09-18

A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism. Why are so many women single, so many men resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender.

The Bioarchaeology of Socio-Sexual Lives - Pamela L. Geller 2016-07-28

This volume uses bioarchaeological remains to examine the complexities and diversity of past socio-sexual lives. This book does not begin with the presumption that certain aspects of sex, gender, and sexuality are universal and longstanding. Rather, the case studies within—extend from Neolithic Europe to pre-Columbian Mesoamerica to the nineteenth-century United States—highlight the importance of culturally and historically contextualizing socio-sexual beliefs and practices. *The Bioarchaeology of Socio-Sexual Lives* highlights a major shortcoming in many scholarly and popular presentations of past socio-sexual lives. They reveal little about the ancient or historic

group under study and much about Western society's modern state of heteronormative affairs. To interrogate commonsensical thinking about socio-sexual identities and interactions, this volume draws from critical feminist and queer studies. Reciprocally, bioarchaeological studies extend social theorizing about sex, gender, and sexuality that emphasizes the modern, conceptual, and discursive. Ultimately, *The Bioarchaeology of Socio-Sexual Lives* invites readers to think more deeply about humanity's diversity, the naturalization of culture, and the past's presentation in mass-media communications.

Gender and Sexuality in Modern Japan - Sabine Frühstück 2022-03-31

A lively, accessible survey of genders and sexualities in modern Japanese history from the 1860s to the present.

Sex, Gender, and Science - M. Hird 2004-11-05

In *Sex, Gender and Science*, Myra Hird outlines the social study of science and nature, specifically in relation to 'sex', sex 'differences' and sexuality. She examines how Western understandings of 'sex' are based less upon understanding material sex differences, than on a discourse that emphasizes sex dichotomy over sex diversity and argues for a feminist engagement with scientific debate that embraces the diversity and complexity of nature.

Sex/gender - Anne Fausto-Sterling 2012

Anne Fausto-Sterling's *Sex/Gender* is the only interdisciplinary book for undergraduate courses to explain sex and gender from a biological, social, and cultural perspective.

Talking Gender and Sexuality - Paul McIlvenny 2002

This edited volume brings together scholars from psychology, linguistics, sociology and communication science to investigate how performative notions of gender and sexuality can be fruitfully explored with the rich set of tools that have been developed by conversation analysis and discursive psychology for analyzing everyday practical language use, agency and identity in talk. Contributors re-examine the foundations of earlier research on gender in spoken interaction, critically appraise this research to see if and how it 'translates' successfully into the study of sexuality in talk.

and promote innovative alternatives that integrate the insights of recent feminist and queer theory with qualitative studies of talk and conversation. Detailed empirical analyses of naturally occurring talk are used to uncover how gender and sexual identities, agencies and desires are contingently accomplished in conversational practices. Collectively, they pose the important question of what a critical theory of talk, gender and sexuality ought to look like if it is to be sensitive to a politics of conversation analysis.

Gender, Sex, and Sexualities - Nancy Kimberly Dess 2018

This volume is a compendium of conceptual frameworks and associated research approaches used for inquiry into gender, sex, and sexualities. It is suitable for use as an advanced textbook.

Sex Media - Feona Attwood 2017-12-08

Media are central to our experiences and understandings of sex, whether in the form of familiar 'mainstream' genres, pornographies and other sex genres, or the new zones, interactions and technosexualities made possible by the internet and mobile devices. In this engaging new book, Feona Attwood argues that to understand the significance of sex media, we need to examine them in terms of their distinctive characteristics, relationships to art and culture, and changing place in society. Observing the role that media play in relation to sex, gender, and sexuality, this book considers the regulation of sex and sexual representation, issues around the 'sexualization of culture', and demonstrates how a critical focus on sex media can inform debates on sex education and sexual health, as well as illuminate the relation of sex to labour, leisure, intimacy, and bodies. *Sex Media* is an essential resource for students and scholars of media, culture, gender and sexuality.

Companion to Sexuality Studies - Nancy A. Naples 2020-06-29

An inclusive and accessible resource on the interdisciplinary study of gender and sexuality *Companion to Sexuality Studies* explores the significant theories, concepts, themes, events, and debates of the interdisciplinary study of sexuality in a broad range of cultural, social, and political contexts. Bringing together essays by an international team of experts from diverse

academic backgrounds, this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for social justice that advance sexual citizenship and reproductive rights. Detailed yet accessible chapters explore the intersection of sexuality studies and fields such as science, health, psychology, economics, environmental studies, and social movements over different periods of time and in different social and national contexts. Divided into five parts, the *Companion* first discusses the theoretical and methodological diversity of sexuality studies. Subsequent chapters address the fields of health, science and psychology, religion, education and the economy. They also include attention to sexuality as constructed in popular culture, as well as global activism, sexual citizenship, policy, and law. An essential overview and an important addition to scholarship in the field, this book: Draws on international, postcolonial, intersectional, and interdisciplinary insights from scholars working on sexuality studies around the world Provides a comprehensive overview of the field of sexuality studies Offers a diverse range of topics, themes, and perspectives from leading authorities Focuses on the study of sexuality from the late nineteenth century to the present Includes an overview of the history and academic institutionalization of sexuality studies The *Companion to Sexuality Studies* is an indispensable resource for scholars, researchers, instructors, and students in gender, sexuality, and feminist studies, interdisciplinary programs in cultural studies, international studies, and human rights, as well as disciplines such as anthropology, psychology, history, education, human geography, political science, and sociology.

Sex, Gender and Social Change in Britain since 1880 - Lesley A. Hall 2017-09-16

Sexual attitudes and behaviour have changed radically in Britain between the Victorian era and the twenty-first century. However, Lesley A. Hall reveals how slow and halting the processes of change have been, and how many continuities have persisted under a façade of modernity. Thoroughly revised, updated and expanded, the

second edition of this established text: • explores a wide range of relevant topics including marriage, homosexuality, commercial sex, media representations, censorship, sexually transmitted diseases and sex education • features an entirely new last chapter which brings the narrative right up to the present day • provides fresh insights by bringing together further original research and recent scholarship in the area. Lively and authoritative, this is an essential volume for anyone studying the history of sexual culture in Britain during a period of rapid social change.

Sex, Gender, and Sexuality - 2012

Sexuality, Gender and Schooling - Mary Jane Kehily 2005-06-29

The sexuality of young people arouses controversy and remains a source of concern for parents, teachers, policy-makers and politicians. But what young people really think about sexuality and gender and how these issues impact upon their lives is often marginalized or overlooked. Based upon extensive ethnographic research with young people and teachers, *Sexuality, Gender and Schooling* offers a telling and insightful account of how young people acquire sexual knowledge and how they enact their understanding of their own gender. It highlights the ways in which young people's constructions of gender and sexuality are formed outside the school curriculum, through engagements with various forms of popular culture - such as teen magazines and television programmes - and through same-sex friendship groups. Offering a fresh perspective on a subject of perennial interest and concern, *Sexuality, Gender and Schooling* provides accounts from the inside - some of which may challenge and eclipse current approaches to sexuality education. It has significant implications for policy and practice in Personal, Social and Health Education and is also an excellent introduction to key debates and issues in the study of gender and sexuality.

Sex, Gender and Time in Fiction and Culture - B. Davies 2011-03-01

Investigating modern art, literature, theory and the law, this book illustrates the different ways in which sex, gender and time intersect. It demonstrates that time offers new critical

perspectives on sex and gender and makes problematic reductive understandings of sexual identity as well as straight and queer time

Gender, Sex, and Politics - Shira Tarrant 2015-06-19

Gender, Sex, and Politics: In the Streets and Between the Sheets in the 21st Century includes twenty-seven chapters organized into five sections: Gender, Sexuality and Social Control; Pornography; Sex and Social Media; Dating, Desire, and the Politics of Hooking Up; and Issues in Sexual Pleasure and Safety. This anthology presents these topics using a point-counterpoint-different point framework. Its arguments and perspectives do not pit writers against each other in a binary pro/con debate format. Instead, a variety of views are juxtaposed to encourage critical thinking and robust conversation. This framework enables readers to assess the strengths and shortcomings of conflicting ideas. The chapters are organized in a way that will challenge cherished beliefs and hone both academic and personal insight. *Gender, Sex, and Politics* is ideal for sparking debates in intro to women's and gender studies, sexuality, and gender courses.

Sex, Gender, and Sexuality - Abby L. Ferber 2009

There has been an outpouring of discussion and interest in recent years on gender and sexual identities in the disciplines of sociology and women's studies. Now, for the first time, there is a reader available that bridges the study of both gender and sexuality, providing a thorough examination of their interconnections. In an accessible format, the editors of *The New Basics* construct a new model for making sense of gender and sexuality by raising provocative questions such as: How has our understanding of the relationship among sex, gender, and sexuality changed over time? How are these concepts constructed differently across cultures? What is the difference between transgender, transsexual, and queer? How does class and race shape people's experiences and expressions of gender and sexuality? While exploring a wide range of issues, each piece makes the relationship among sex, gender, and sexual identities central to the analysis. *The New Basics* includes first-person accounts and narratives.

poems, theoretical analyses, and critiques of existing research. Due to the evolution of thought and terminology in recent years, the editors have included a useful and unique glossary of basic and new terms.

Integral Voices on Sex, Gender, and Sexuality - Sarah E. Nicholson 2014-07-16

Brings the insights of Integral Theory to the consideration of sex, gender, and sexuality. This volume takes a unique approach to the question of what it is to be a gendered, sexual self in a postmodern world, offering insights informed by the Integral paradigm of theory and practice. With the inquiry into sex, gender, and sexuality having become so broad and diverse within both academia and popular culture, the Integral approach can help sift through and make sense of the cacophony of theories and agendas that seek to stake their ground in this collective conversation. Informed by the work of thinkers such as Sri Aurobindo, Gregory Bateson, Jean Gebser, Ervin Laszlo, and, most directly, Ken Wilber, the Integral approach acknowledges and works with multiple and contradictory experiences, theories, and realities. Dealing with a variety of topics, including feminism, the men's movement, sexual identity, queer history, and spirituality, the work's contributors speak from across the spectrum of personal and political backgrounds, academic and practitioner orientations, and male and female perspectives. The combination of voices aims to bring forward a more complex and integrated understanding of what it means to be woman, man, human. Sarah Nicholson and Vanessa Fisher have put together a fascinating, multilayered look at the

interface of Integral Theory and contemporary gender studies. These articles tackle significant issues, raise courageous questions, and further the conversation in valuable ways. Sally Kempton, author of *Awakening Shakti: The Transformative Power of the Goddesses of Yoga* - Jacqueline Murray 2019-01-23

Sex, Gender and Sexuality in Renaissance Italy explores the new directions being taken in the study of sex and gender in Italy from 1300 to 1700 and highlights the impact that recent scholarship has had in revealing innovative ways of approaching this subject. In this interdisciplinary volume, twelve scholars of history, literature, art history, and philosophy use a variety of both textual and visual sources to examine themes such as gender identities and dynamics, sexual transgression and sexual identities in leading Renaissance cities. It is divided into three sections, which work together to provide an overview of the influence of sex and gender in all aspects of Renaissance society from politics and religion to literature and art. Part I: *Sex, Order, and Disorder* deals with issues of law, religion, and violence in marital relationships; Part II: *Sense and Sensuality in Sex and Gender* considers gender in relation to the senses and emotions; and Part III: *Visualizing Sexuality in Word and Image* investigates gender, sexuality, and erotica in art and literature. Bringing to life this increasingly prominent area of historical study, *Sex, Gender and Sexuality in Renaissance Italy* is ideal for students of Renaissance Italy and early modern gender and sexuality.
