My Time Treating Incest Families - Jane Marchand Lewis 2012-11-30
My BA in Psychology, Stanford, in 1954 prepared me for marriage and a family, but little more. Before marriage, I was a Social Worker in Santa Cruz administering AFDC (Aid to Families with Dependent Children). In the mid-sixties, when the children were in school, I administered AFDC for Santa Clara County. In the early seventies, I went to San Jose State University for an elementary school credential. In 1975 I began the two year masters program in Marriage and Family Counseling at the University of Santa Clara. The program was humanistic orientated and the perfect fit for me. As an intern, I joined the newly formed Child Sexual Abuse Treatment Program. As an intern, one need 3000 hours of practicum, 500 hours of personal therapy and completion of at least one years of a masters program before being eligible for licensure. There I stayed in San Jose, for 17 years, becoming a staff counselor until I went into private practice. I still see clients after 37 years. The philosophy of Hank Giarretto, who founded the treatment program, was to treat the whole family. The focus was incest families. Hank pioneered treating sex offenders along with the rest of the family. At the pinnacle, there were more than 60 satellite programs around the world, patterned after Hanks pilot program. All my stories are true although names and places have been scrambled. Not all my clients were from incestuous families. In all cases, there was at least some component present similar to incest families. My hope is that people reading this will learn more about themselves and others. I remain optimistic that people instinctively drive to become more whole, and that there is a flow between their conscious and unconscious selves. The first courageous step is to walk into the counseling office to ask for help. I know people are making progress when they take what they have learned and practice it at home.

The Commitment - Dan Savage 2006-09-26

Dan Savage's mother wants him to get married. His boyfriend, Terry, says "no thanks" because he doesn't want to act like a straight person. Their six-year-old son DJ says his two dads aren't "allowed" to get married, but that he'd like to come to the reception and eat cake. Throw into the mix Dan's straight siblings, whose varied choices form a microcosm of how Americans are approaching marriage these days, and you get a rollicking family memoir that will have everyone—gay or straight, right or left, single or married—howling with laughter and rethinking their notions of marriage and all it entails.

Not My Kid - Sinikka Elliott 2012-08-13

Teenagers have sex. While almost all parents understand that many teenagers are sexually active, there is a paradox in many parents' thinking: they insist their own teen children are not sexual, but characterize their children's peers as sexually-driven and hypersexual. Rather than accuse parents of being in denial, Sinikka Elliott teases out the complex dynamics behind this thinking, demonstrating that it is rooted in fears and anxieties about being a good parent, the risks of teen sexual activity, and teenagers' future economic and social status. Parents—like most Americans—equate teen sexuality with heartache, disease, pregnancy, promiscuity, and deviance and want their teen children to be protected from these things. Going beyond the hype and controversy, Elliott examines how a diverse group of American parents of

teenagers understand teen sexuality, showing that, in contrast to the idea that parents are polarized in their beliefs, parents are confused, anxious, and ambivalent about teen sexual activity and how best to guide their own children's sexuality. Framed with an eye to the debates about teenage abstinence and sex education in school, Elliott also links parents' understandings to the contradictory messages and broad moral panic around child and teen sexuality. Ultimately, Elliott considers the social and cultural conditions that might make it easier for parents to talk with their teens about sex, calling for new ways of thinking and talking about teen sexuality that promote social justice and empower parents to embrace their children as fully sexual subjects.

My Parents Never Had Sex - Doris B. Hammond 1987

My Parents Never Had Sex presents the myths and facts of sexual aging in a thoughtful and straightforward manner that celebrates the sexuality of our elders. Dr. Hammond rejects not only the misconception that sexuality is neutralized with age, but also the related view (held by many elders) that sexual expression should be curtailed as one advances in years. She encourages both young and old to appreciate and take pride in their individual sexual being, and that of others, from birth to death. Cultural, religious, and societal influences affecting our views of human sexuality are described and discussed. Diverse forms of sexual expression are explored, with attention given to changes at mid-life and to health-related concerns. Helpful suggestions for family members and counselors are also offered. Specific situations encountered by families, couples, single persons, homosexuals, and nursing home residents are covered.

The Art of Love, Sex & Illegitimate Baby Making: My Parenting Confessional - Jenn White 2019-01-28

I was born in the '70s. Raised in the '80s. Had kids in the '90s. And I empty nested in the '00s. Growing up in my childhood home was hard, making babies was easy, and raising great kids was challenging. I met

my husband, Greg, in 1991. I was 17 and he was 23. Naturally, we were arrogant, carefree, and madly in love with each other given our young age. Somewhere in those late nights, and definitely before marriage, everything changed when we made a baby. Turns out, contraceptives only work when you use them. We entered parenthood determined to leave behind the traditional, broken family cycles we were raised in. Our definition of those cycles have been called delusional by some and perceived as rejection by others. The 'fuck offs' and 'fuck you's' in those relationships, always the real deal. I started my family in what some call sin. When my life's choices looked irresponsible to others, they were the most defining moments of my damn life. Three kids in and failing as many times as I succeeded, I reinvented those broken cycles and instead created the most tender, raw, and messy experiences of real life. The lessons learned along the way became the insight I used to raise myself and my family. Now, 26 years later, we're young empty nesters and more in love than the day we met. My kids are now in their twenties and are out in the world living a good life that I hope like hell we prepared them for. *The Art Of Love, Sex & Illegitimate Baby Making: My Parenting Confessional* is a throwback to those early days. A collection of short stories revealing how I made my way through young marriage and unconventional parenting, these are my personal stories and how I remember them. Some names have been changed and a lot of crap left out, but the memories and actions shared are the real-life experiences that have shaped me and remain as the true character and foundation of this book series. If you're reading this and are offended, it's none of my business what you think of me, so please have a nice day. Parenthood ain't for wimps.

Mom, Dad...What's Sex? - Jessica Thompson 2018-05-08

A Healthy View of Sexuality Starts with God God created sex to be good. But our culture is drifting away from a biblical worldview and is promoting an unhealthy view of sexuality. The church has taken a defensive approach, giving our kids a long list of "do nots" with few words of hope or redemption. Do you want something better for your child? Rediscover God's plan for sexuality and instill a positive perspective of sex and identity in your children. *Mom, Dad...What's Sex?* will equip you to help your child learn what God's Word—and today's culture—say about sex understand the influence pop culture and social media have on your kid share a gospel-centered, hopeful message with your son or daughter Give your child a healthy view of sexuality grounded in biblical truth—recognizing the gift of intimacy, the reality of brokenness, and the redeeming work of the Savior.

Not Under My Roof - Amy T. Schalet 2011-09-30

Winner of the Healthy Teen Network's Carol Mendez Cassell Award for Excellence in Sexuality Education and the American Sociological Association's Children and Youth Section's 2012 Distinguished Scholarly Research Award For American parents, teenage sex is something to be feared and forbidden: most would never consider allowing their children to have sex at home, and sex is a frequent source of family conflict. In the Netherlands, where teenage pregnancies are far less frequent than in the United States, parents aim above all for family cohesiveness, often permitting young couples to sleep together and providing them with contraceptives. Drawing on extensive interviews with parents and teens, *Not Under My Roof* offers an unprecedented, intimate account of the different ways that girls and boys in both countries negotiate love, lust, and growing up. Tracing the roots of the parents' divergent attitudes, Amy T. Schalet reveals how they grow out of their respective conceptions of the self, relationships, gender, autonomy, and authority. She provides a probing analysis of the way family culture shapes not just sex but also alcohol consumption and parent-teen relationships. Avoiding caricatures of permissive Europeans and puritanical Americans, Schalet shows that the Dutch require self-control from teens and parents, while Americans guide their children toward autonomous adulthood at the expense of the family bond.
