Education, Marriage, and Professionalization: the Modern Qatari Woman's Dilemma - 2017

Abstract: "We offer observations about the obstacles to promoting a gender-inclusive labor force based on two sets of data on female Qatari students and professionals. Data set 1 is the result of a project pertaining to the disparity between education and employment among Qatari

women. We surveyed 274 young women between the ages of 17 and 25 with the aim of understanding some of the reasons why Qatari women were not entering the workforce. Data set 2 derives from 350 focus groups and interviews with female students to assess the effect their tertiary education had on their marriageability. While education has delayed the age of marriage when this generation of women is compared with that of their mothers and grandmothers, the social expectations of becoming a wife and ensuing motherhood mean that marriage can restrict a woman's working outside the home." (author's abstract)

A Woman's Dilemma - Gozie Igweze 2012-07-03

Amas story goes from fairy tale to hard times, as she finds herself as a school drop-out, with no money and a young son to raise. She was estranged from her parents. Her fianc and the father of her son was incarcerated. He was being detained by officers of a state agency. An unwitting incident from her past catches up with her and compounds her current problems. Amas is subpoenaed to be a prosecution witness in a case against some young men believed to be the killers of a fellow student six years prior. Used to having others do for her, Amas struggles to get her life back on track by herself and on her own terms. With some help from her parents, now reunited with her, Ama begins to piece her life back together. She goes back to college, no longer the heartless young thing that only enjoyed the attention of older men with money. This time Ama is older and wiser and has her attention fully focused on getting her architecture degree and raising her son. Love visits again, this time dressed up as a sharp police officer who wants her to help him nail the bad guys. This is Amas second chance at finding true love.

Abortion - Don M. Sloan 1992

First law permitting abortion for the general public, he helped establish a clinic that would become a mecca for women all over the world. Dr. Sloan recalls all this and more in Abortion: A Doctor's Perspective/A Woman's Dilemma, as well as recounting the impact of abortion since it has become more widely available. As a practicing sex-and-marital therapist, Dr. Sloan has never wavered in his lifelong commitment to abortion rights, but he has also never stopped examining.
