

Bi Any Other Name Bisexual People Speak Out

Lesbian, Gay, Bisexual, and Transgender Aging Douglas C. Kimmel 2006 This volume fills a unique gap. Gerontologists seldom focus on special concerns of gay and lesbian older adults, lesbian, gay, bisexual, and transgender aging organizations rarely address issues of aging, and the mental health field has demonstrated an ability to marginalize both aging and homosexuality. This book lays out the state of knowledge with respect to lesbian, gay, bisexual, and transgender aging—physical health, sexuality, family ties, victimization, and legal and financial concerns. The references at the end of individual chapters and the bibliographical material at the end of the book provide an invaluable resource. For any gerontologist intrigued by the interplay of historical changes and individual aging, it is difficult to imagine a more powerful example than Lesbian, Gay, Bisexual, and Transgender Aging. Evolution of attitudes toward homosexuality, the emergence of HIV/AIDS, and legal protections beginning to be afforded to same-sex relationships are all part of the changing world that has shaped and been shaped by lesbian, gay, bisexual, and transgender individuals who are now old.

Bisexuality and the Challenge to Lesbian Politics Paula C Rust 1995-10 The subject of bisexuality continues to divide the lesbian and gay community. At pride marches, in films such as *Go Fish*, at academic conferences, the role and status of bisexuals is hotly contested. Within lesbian communities, formed to support lesbians in a patriarchal and heterosexist society, bisexual women are often perceived as a threat or as a political weakness. Bisexual women feel that they are regarded with suspicion and distrust, if not openly scorned. Drawing on her research with over 400 bisexual and lesbian women, surveying the treatment of

bisexuality in the lesbian and gay press, and examining the recent growth of a self-consciously political bisexual movement, Paula Rust addresses a range of questions pertaining to the political and social relationships between lesbians and bisexual women. By tracing the roots of the controversy over bisexuality among lesbians back to the early lesbian feminist debates of the 1970s, Rust argues that those debates created the circumstances in which bisexuality became an inevitable challenge to lesbian politics. She also traces it forward, predicting the future of sexual politics.

Bisexuality: A Critical Reader Merl Storr 2013-04-03

Bisexuality: A Critical Reader presents the essential primary texts on bisexuality from the last 100 years in an easy-to-read format. Exploring this often controversial concept from a range of perspectives, this book places bisexuality in its historical and cultural context and explores its many meanings and uses. Merl Storr's introductions give a straightforward overview of the texts included and sets them clearly in the context of debates on bisexuality. This collection includes pieces by: * Henry Havelock Ellis * Sigmund Freud * Alfred C. Kinsey, Wardell B. Pomeroy and Clyde E. Martin * and Hélèn Cixous.

Current Research on Bisexuality Ronald Fox 2013-04-03

Current Research on Bisexuality is an important resource on recent psychological and sociological findings in bisexual studies. The authors provide research findings and case studies that add to our understanding of bisexual identity, bisexuality and relationships, bisexuality and ethnicity, and attitudes toward bisexual people. This book examines research findings, literature reviews, and a wealth of resources that currently exist on bisexuality and bisexual issues. This book will bring you up to date on: bisexual identity development bisexuality in college students cross-orientation friendships of bisexual women bisexual married women and men—and their spouses bisexuality and heterosexually married couples monogamous as well as open

bisexual relationships the interrelationship of bisexuality, race, and ethnicity attitudes toward bisexual women and bisexual men Current Research on Bisexuality also contains a comprehensive reader's guide to the current social science literature about bisexuality. This bibliography brings together a wide range of nonfiction books, journal articles, book chapters, theses, and dissertations on bisexuality with a focus in the theoretical, research clinical, and community perspectives that have that have developed in the last twenty years. This reading list is essential for students, educators, researchers, and practitioners in psychology, counseling, social work, psychiatry, education, sociology, and anthropology. Current Research on Bisexuality provides new knowledge of the life experiences of bisexual people. With this book, you'll find a basis for further research and education about bisexuality in the greater context of ongoing research, education, and advocacy regarding lesbian, gay, bisexual, and transgender issues.

Bisexual Perspectives on the Life and Work of Alfred C.

Kinsey Ron Suresha 2016-02-22 The books commonly known as the Kinsey Report were Dr Alfred C. Kinsey's monumental scientific publishing achievement in 1948, often compared to the atomic bomb for its impact on the American public. On the sexagennial anniversary of the publication of Sexual Behavior in the Human Male, this book focuses on Alfred C. Kinsey's work and life. Sixteen chapters consider the Kinsey legacy, tracing the development of modern American bisexuality, and posing an intriguing and illuminating look at many aspects of bisexuality in Kinsey's life as depicted and lived in popular biographical culture and media. Contributors to this stellar collection of outstanding writing include the final surviving member of Kinsey's original research team, Dr Paul H. Gebhard, PhD, as well as leading names in the fields of sex research, GLBTIQA activism, and bisexual writing. This book was published as a special issue of the Journal of Bisexuality and was a Finalist for the Lambda Literary

Award for Excellence in Bisexual Literature.

Bisexuality and Transgenderism Fritz Klein 2012-12-06 Explore the common ground—and the important differences—between bisexuality and transgenderism! This book, guaranteed to provoke debate and discussion of sexuality and gender, is the first devoted exclusively to the relationship between transgenderism and bisexuality. Combining the work of scholars and activists, professional writers and lay people, *Bisexuality and Transgenderism: InterSEXions of the Others* presents ideas, thoughts, feelings, and insights from a variety of contributors who are committed to understanding—and deepening our understanding of—gender and sexuality. You'll find scholarly essays, narratives, poetry, and a revealing interview with four male-to-female transsexuals, two of whom are married to women who also participate in the discussion. In addition, the book includes insightful chapters by well-known advocates of transgenderism, including Jamison "James" Green, Coralee Drechsler, and Matthew Kailey. The editors of *Bisexuality and Transgenderism: InterSEXions of the Others* make the provocative but crucial claim that the larger queer community looks at "B" and "T" lives as mere "add-ons" to "L" and "G." In this book they focus attention on bisexuality and transgenderism—moving the "margins" to center stage and exploring how sexuality, gender, desire, and intimacy are constructed and circulate in our society. The book's inclusion of voices and scholarship from Eastern cultures challenges our understanding of sexuality and gender constructions all the more, giving this collection a global scope. Here is a sample of what *Bisexuality and Transgenderism: InterSEXions of the Others* examines: biphobia and transphobia within the United States' gay and lesbian community the bi/trans and subversive aspects of the works and images of cultural icons Angelina Jolie and Sandra Bernhardt how bisexual and transgendered identities are socially constructed through relationships the false promise of

homosexual play—why the concepts of postmodern sexuality fail to rewrite the construction of gender why swingers who practice bisexual and transgender behavior are often disdained and marginalized by other GLBT people suicidal thoughts and other mental health concerns of bisexual males and females, as well as transgender people Eastern perspectives on sexual/gender identities—with revealing chapters on gender identity in Japan and Indonesia

Identity Without Selfhood Mariam Fraser 1999-04-22 This book presents a post-structuralist-queer theory of the self drawing on representations of de Beauvoir and her bisexuality.

Thamiris Overcoming Boundaries: Ethnicity, Gender and Sexuality. Nanny M. W. de Vries, Jan Best

Routledge International Encyclopedia of Women Cheri Kramarae 2004-04-16 For a full list of entries and contributors, sample entries, and more, visit the Routledge International Encyclopedia of Women website. Featuring comprehensive global coverage of women's issues and concerns, from violence and sexuality to feminist theory, the Routledge International Encyclopedia of Women brings the field into the new millennium. In over 900 signed A-Z entries from US and Europe, Asia, the Americas, Oceania, and the Middle East, the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women's studies to create the new standard work for anyone who needs information on women-related subjects.

Bi Any Other Name Loraine Hutchins 2011-03-01

Childhood and Sexuality Allison Moore 2017-10-25 This book explores how children engage with sex and sexuality. Building on a conceptual and legal grounding in sexuality studies and the new sociology of childhood, the authors debate the age of consent, teenage pregnancy, sexual diversity, sexualisation, sex education and sexual literacy, paedophilia, and sex in the digital age. Whilst Moore and Reynolds recognise the necessity of child protection

Downloaded from
legacy.opendemocracy.net
on 2021-07-05 by guest

and safeguarding in the context of risk, danger and harm, they also argue that where these stifle children's sexual knowledge, understanding, expression and experience, they contribute to a climate of fear, ignorance and bad experiences or harms. What is necessary is to balance safeguarding with enabling, and encourage judicious understandings that advance from a rigid developmental model to one that recognises pleasure and excitement in children's nascent sexual lives. Exploring that balance through their chosen issues, they seek to encourage changed thinking in professional, personal and academic contexts, and speculate that children might teach adults something about the way they think about sex. Childhood and Sexuality will be of interest to students, scholars and professionals across a range of subjects and disciplines including sociology, social work, criminology, and youth studies.

Bisexual Spaces Clare Hemmings 2013-11-12 First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Queer Studies Brett Beemyn 1996-07 An anthology of expanded versions of papers presented at a November 1994 conference held the University of Iowa, with sections on issues of identity and queer theory in practice. Essays are distinguished by their accessibility to undergraduates and non-academic readers, and cover areas that have often been marginalized by queer studies in the past, such as race, transgender, bisexuality, and s/m. Subjects include recontextualizing butch in 20th-century lesbian culture, and scientific racism and the invention of the homosexual body. Annotation copyright by Book News, Inc., Portland, OR

Bi Any Other Name Lani Ka'ahumanu 2015-09-23 "I am part of the generation that came of age when Bi Any Other Name was already in print. This groundbreaking anthology gave me the language, courage and sense of community I needed as a young queer woman." —Daisy Hernández, *A Cup of Water Under My Bed* The 25th Anniversary Edition *Bi Any Other Name: Bisexual*

People Speak Out first debuted in 1991. This groundbreaking book helped catalyze a national movement for bisexual identity, justice and equality. Often dubbed “the bisexual bible,” *Bi Any Other Name* was on Lambda Book Review’s Top 100 GLBT Books of the 20th century and became a beloved reference text in many classrooms, doctors’ offices, libraries, and pulpits. A 2007 Mandarin translation was published in Taiwan. The new 2015 introduction of this book updates readers to the enormous changes the past quarter century has brought – for bi people, the larger society and the sexual rights and liberation movement of which we are a part. When did you know? How did you come out? What was your experience? The coming out stories in this book speak to the many ways bisexuals embrace realities outside rigid either/or categories throughout the passage of our lives. Everyday stories of women, men, transgender bisexuals, teenagers to octogenarians, from many different cultures and family arrangements. The fierce truth of these lives made visible puts a check on bisexual erasure, exposing the binary constructions of gay/straight and male/female as oversimplifications that reduce spectrums to mere opposites. Caught between the mainstream culture’s persistent discounting of bisexuality, the sensationalizing characterizations presented in media, and the sexual liberation movement’s continual disregard of bisexuality as a serious identity, bisexual people are often not seen or heard when they speak out. There is a vital need for these earnest voices to be heard in the new century. Enormous cultural changes have occurred in the past 25 years, yes, but understanding bisexualities has just begun.

Constructing the Literary Self Patsy J. Daniels 2014-06-02 In the twentieth century, as previously excluded groups, including ethnic minorities, women, the disabled, and the differently gendered, gained a voice in society, group identity also changed and new definitions became necessary. Whether through their group affiliations or in spite of these affiliations, many individuals

sought a new definition of themselves. As can be expected, much literature explores these changes and depicts the quest for new definitions and the search for individuality in the light of new definitions. Construction or definition of the self was once available only to the elite, and the freedom of some to define their identity was sacrificed so that others could make their own self-definitions; this practice can be found throughout much of history. This volume is about that kind of oppression and various strategies of escaping from oppression as depicted in serious literature. Its thirteen essays, all by recognized scholars, are divided into five categories: Race, Gender, and the Self; Assimilation and the Self; Black Males and the Self; Female Sexuality and the Self; and The Family and the Self.

The Oxford Handbook of Theology, Sexuality, and Gender Adrian Thatcher 2015 Selected essays draw on reason as a distinct source of theology, discussing evolutionary biology and behavioural genetics, psychology, anthropological research, philosophical research, and queer theory. It examines the history of theologies of sexuality and gender, with close analysis of the Bible and the Christian tradition.

Lesbian Histories and Cultures Bonnie Zimmerman 2000 To reflect this crucial fact, *The Encyclopedia of Lesbian and Gay Histories and Cultures* has been prepared in two separate volumes to assure that both histories receive full, unbiased attention and that a broad range of human experience is covered."--BOOK JACKET.

Feminism, Foucault, and Embodied Subjectivity Margaret A. McLaren 2002-10-10 Addressing central questions in the debate about Foucault's usefulness for politics, including his rejection of universal norms, his conception of power and power-knowledge, his seemingly contradictory position on subjectivity and his resistance to using identity as a political category, McLaren argues that Foucault employs a conception of embodied subjectivity that is well-suited for feminism. She applies

Foucault's notion of practices of the self to contemporary feminist practices, such as consciousness-raising and autobiography, and concludes that the connection between self-transformation and social transformation that Foucault theorizes as the connection between subjectivity and institutional and social norms is crucial for contemporary feminist theory and politics.

Affirmative Psychotherapy with Bisexual Women and

Bisexual Men Ronald C. Fox 2014-01-14 Learn the latest practical—and bisexually affirmative—approaches to helping bisexual clients Clinical work with bisexual clients has conceptually shifted beyond the exclusive emphasis on either straight or lesbian and gay issues. There are still, however, too few psychotherapists who provide affirmative psychotherapy specific to bisexual concerns. *Affirmative Psychotherapy with Bisexual Women and Bisexual Men* addresses the issues of bisexuals with an accepting and affirmative perspective, providing therapists with the latest viewpoints, strategies, and research to effectively treat bisexual clients. Leading authorities with affirmative-to-bisexuals perspectives discuss problems specific to bisexuals and their lifestyles, with an eye toward providing practical, effective therapy. Unique bisexual lifestyle concerns are examined, such as transgender issues, polyamory, older bisexual women and men, and cultural differences, while providing an emphasis on cultivating well-being and a sense of community in bisexual clients. *Affirmative Psychotherapy with Bisexual Women and Bisexual Men* sensitively avoids the double standard long held by therapists clinically treating heterosexual or lesbian and gay individuals, showing that an affirmative viewpoint is valid and crucial for the effective treatment of bisexuals. This source clearly explains practical strategies and discusses the latest research on bisexual issues such as age, culture, heterosexual and bisexual mixed couples, and the polyamorous lifestyle with appropriate acceptance and understanding. The book also explores useful ways to develop

successful health and support services specific to bisexual needs. Topics in Affirmative Psychotherapy with Bisexual Women and Bisexual Men include: affirmative psychotherapy techniques specific to bisexual women and bisexual men need for validation of bisexuality ways for clients to come to terms with their bisexuality practical value—and shortcomings—of the main therapeutic schools in providing effective psychotherapy transgender bisexuality, with illustrative case studies needs and issues of African-American bisexual clients bisexual aging issues counseling heterosexual spouses of bisexual women and men therapy approaches for clients who are bisexual and polyamorous recognizing and addressing the specific needs of different sub-groups of bisexual people and more! Affirmative Psychotherapy with Bisexual Women and Bisexual Men is a crucial addition to the literature of bisexual psychotherapy and is invaluable to counselors, psychotherapists, marriage and family therapists, social workers, psychiatrists, sex therapists, researchers, and educators in the fields of psychology, sociology, anthropology, sexuality, sex education, adolescent and adult development, and community mental health.

LGBT-Parent Families Abbie E. Goldberg 2012-10-12 LGBT-Parent Families is the first handbook to provide a comprehensive examination of this underserved area. Reflecting the nature of this issue, the volume is notably interdisciplinary, with contributions from scholars in psychology, sociology, human development, family studies, gender studies, sexuality studies, legal studies, social work, and anthropology. Additionally, scholarship from regions beyond the U.S. including England, Australia, Canada, and South Africa is presented. In addition to gender and sexuality, all contributors address issues of social class, race, and ethnicity in their chapters.

Male Bisexuality in Current Cinema Justin Vicari 2014-01-10 In recent decades, male bisexuality has become a recurring topic in international cinema, as filmmakers and their works challenge

our ideas about sexual freedom and identity. In all of these films, more than a dozen of which are covered here, bisexuality is treated both as an actual practice and a complex metaphor for a number of things, including the need to adapt to changing environments, the questioning of rigidly traditional male roles and identities, the breakdown and regeneration of the structures of families, the limitations of monogamy, and the stubborn affirmation of romantic love.

Dr. Ibrahim Abdurrahman Farajajé H. "Herukhuti" Sharif Williams 2023-10-10 This book is a posthumous tribute to bisexual philosopher, theologian, AIDS-activist and educator, Shaykh Dr. Ibrahim Abdurrahman Farajajé (b. 1952; d. 2016) and contains scholarship, critical engagement, and creative responses that illustrate the significance of his life and work to queer theory, liberation theology, decoloniality, Islamic/Tasawwuf studies, sacred sexuality, religious responses to HIV/AIDS, and a counter-hegemonic understanding of our world. In addition to the work of his former colleagues, students, mentees, and those his work inspired, the collection contains Dr. Farajajé's essays and speeches—many of which were not previously published. Because of the breadth and depth of its contents as a definitive text, this collection is a foundational guide to proceeding scholarship on Dr. Farajajé and his legacy. Born in Berkeley, CA, one of the earliest male students to graduate from Vassar College, Dr. Theol. magna cum laude from University of Bern, holder of a chair in the sociology of religion at Howard University during the height of the HIV/AIDS crisis, and provost of Starr King School for the Ministry, the premier hub for the academic and vocational exploration of multi-religious identity and practice, Dr. Farajajé lived the values advanced in his work through his choice of professional affiliations and modes of activism-scholarship. This book will be a key resource for scholars of queer theology and ethics, Islamic studies, cultural and social understandings of HIV/AIDS as well as religious studies and theology more

generally. One of the chapters in this volume was originally published in the book titled, *Male Lust: Pleasure, Power, and Transformation*, edited by Kerwin Brook, Jill Nagle, Baruch Gould. Other chapters were originally published as a special issue of *Journal of Bisexuality*.

A History of Bisexuality Steven Angelides 2001-09-15 Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer theory, biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality.

Making Space for Bi+ Identities Rosie Nelson 2023-07-14 How do bi+ people navigate identity, gender, and relationships in a biphobic society? This book explores this question to show how to better include and incorporate bi+ people in research, policy, and the everyday. You can expect this book to explore how bi+ people experience the gender binary, healthcare, sex, flirting, media representation, and research. It soon becomes clear that bi+ people have different needs and experiences than heterosexual, lesbian, and gay people, and so need specific inclusion measures. Further, the research explores bi+ people's nuanced approaches to understanding gender, sexuality, sex, and flirting. This book will be of interest to anyone, whether bi+, a student, a researcher, a policymaker, or a health worker, looking to develop their understanding of bi+ identities and needs. It will also be of relevance to people interested in a broad range of topics, including sexuality, gender, feminism, trans and non binary identities, LGBTQ+ topics, and everyday sociology.

Getting Bi Robyn Ochs 2009 *Gay Studies*.

Bi Shiri Eisner 2013-07-02 Depicted as duplicitous, traitorous, and promiscuous, bisexuality has long been suspected, marginalized, and rejected by both straight and gay communities

alike. *Bi* takes a long overdue, comprehensive look at bisexual politics--from the issues surrounding biphobia/monosexism, feminism, and transgenderism to the practice of labeling those who identify as bi as either "too bisexual" (promiscuous and incapable of fidelity) or "not bisexual enough" (not actively engaging romantically or sexually with people of at least two different genders). In this forward-thinking and eye-opening book, feminist bisexual and genderqueer activist Shiri Eisner takes readers on a journey through the many aspects of the meanings and politics of bisexuality, specifically highlighting how bisexuality can open up new and exciting ways of challenging social convention. Informed by feminist, transgender, and queer theory, as well as politics and activism, *Bi* is a radical manifesto for a group that has been too frequently silenced, erased, and denied--and a starting point from which to launch a bisexual revolution.

[Bisexuality and Queer Theory](#) Jonathan Alexander 2014-04-10

According to David Halperin, sexuality in our time is typified by a "crisis in contemporary sexual definition". What is sexuality? What does it mean to have a sexual identity or orientation? What is the relationship between sexuality as a knowledge construct, on one hand, and the often messy flows of desire and practices of love, on the other? How and why are some sexual, erotic, and intimate practices normalized and others marginalized? Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences. It scrutinizes identity and social structures that take heteronormativity for granted - that do not question the social construction of heterosexuality as normative in relation to its oppositional binary, homosexuality. At the same time, bisexuality is a practice, identity, and orientation that challenges the binary logic around which cultural notions of sexuality are organized. It is a portal to the imagination of a world of amorous expression beyond that divide. This provocative collection presents

bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era, and explores the ideas that circulate in these thought collectives today. We learn much about the construction and experience of sexuality, and the power it still holds throughout the contemporary Western world to shape identities and practices. This volume challenges our understanding of what it means to be sexual, to have a sexual identity, and to practise the arts of loving. This book was originally published as a special issue of the Journal of Bisexuality.

LGBT Studies and Queer Theory Karen Lovaas 2013-05-13

Find out how the tension between LGBT studies and queer theory exists in the classroom, politics, communities, and relationships. *LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain* examines the similarities and differences between LGBT studies and queer theory and the uneasy relationship between the two in the academic world. This unique book meets the challenge that queer theory presents to the study and politics of gay and lesbian studies with a collection of essays from leading academics who represent a variety of disciplines. These original pieces place queer theory in social and historical contexts, exploring the implications for social psychology, religious studies, communications, sociology, philosophy, film studies, and women's studies. The book's contributors address queer theory's connections to a wide range of issues, including the development of capitalism, the evolution of the gay and lesbian movement, and the study of bisexuality and gender. Many scholars working in gay and lesbian studies still question the intellectual and political value of queer theory. As a result, queer theory has often been concentrated in the humanities, while gay and lesbian studies are concentrated in the social sciences and history. But this has begun to change in the past 10-15 years, as documented by the 12 essays presented in *LGBT Studies and*

Queer Theory: New Conflicts, Collaborations, and Contested Terrain. LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain includes: historical notes on LGBT studies and queer theory some continuing tensions between LGBT studies and queer theory doubts about whether queer theory can lead to social change an analysis of the current state of "proto-fields" of LGBT studies and queer studies in religion concerns that queer theory's "erasure of identity" feeds into late capitalism an analysis of variability in social psychologists' studies of anti-homosexual prejudice an exploration of the commodification of queer identities in independent cinema how and why the category of bisexuality has been marginalized a historical review and assessment of recent bisexual theory a case study of Provincetown, Massachusetts an investigation of the interarticulation of race/ethnicity and gender a case study of the struggle to introduce LGBT studies in the curriculum at West Chester University and much more LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain is an essential read for researchers, academics, and practitioners involved in exploring multifaceted aspects of LGBT Studies and Queer Theory and their points of convergence and divergence.

Preventing Heterosexism and Homophobia Esther D.

Rothblum 1996-08-06 Even in today's society, gay men, lesbians, and bisexuals experience multiple pressures and constraints related to their lifestyles, in addition to the stresses of everyday life. This dual tension can result in psychopathology among gay men, lesbians, and bisexuals. Preventing Heterosexism and Homophobia examines the gay and lesbian experience in light of their tension and points toward a future free of heterosexism. The stress of "coming out," the uncertainty of parenting their children, and the difficulties facing ethnic minority lesbians and bisexuals cannot be adequately addressed without confronting the heterosexual bias in society. The contributors to this informative volume propose methods geared toward eliminating

heterosexual bias in various settings--health care, therapy, communities, corporate America, and education. Ultimately, this book examines both the risks and joys of being gay, lesbian, and bisexual, and how to prevent heterosexism and its effects on the lives of all people, including those of heterosexuals. Students and professionals in interpersonal communication and interpersonal relations, clinical psychology, and public health will benefit greatly from the original perspectives this book has to offer.

The Bisexual Option Fritz Klein 2014-05-22 Soon to be translated into Japanese! The Bisexual Option explores bisexuality, explains the bisexual, and explodes myths surrounding this large “unseen” segment of the population. Now in its second edition, this intriguing book gives an overview of bisexuality. As there is still no book that covers the subject like this one, it is must reading for establishing a contemporary view of bisexuality and those committed to a bisexual lifestyle. Fritz Klein, an experienced psychiatrist and expert in bisexuality and sexual orientation, explains the concept and the variables of sexual orientation and where bisexuality fits. He covers many subjects in the book including: myths of bisexual nonexistence and the “either/or” dilemma intimacy, both emotional and sexual an explanation of bisexuality and the Oedipus Complex definitions and examples of the healthy and troubled bisexual major sociological findings about bisexuality the bisexual in history the bisexual as depicted in the arts factors that will influence bisexuality in the future The book helps readers understand where they fit on the sexual orientation continuum. The Bisexual Option aids in explaining who bisexuals are and why they have problems in heterosexual as well as homosexual societies and shows bisexuals that they are not alone. Even helping professionals will find information on this “invisible” but large segment of the population. A variety of readers will want to read The Bisexual Option including the bisexual community and individual bisexuals, the homosexual communities which include many bisexuals, mental health

practitioners, psychologists, both students and professionals, university students, married partners of bisexuals, HIV/AIDS workers who wish to become acquainted with how bisexuality affects the risk to the heterosexual community, sexologists, and researchers.

Representing Bisexualities Donald E. Hall 1996-07 Is bisexuality coming out in America? Bisexual characters are surfacing on popular television shows and in film. Newsweek proclaims that a new sexual identity is emerging. But amidst this burgeoning acknowledgment of bisexuality, is there an understanding of what it means to be bisexual in a monosexual culture? *RePresenting Bisexualities* seeks to answer these questions, integrating a recognition of bisexual desire with new theories of gender and sexuality. Despite the breakthroughs in gender studies and queer studies of recent years, bisexuality has remained largely unexamined. Problematic sexual images are usually attributed either to homosexual or heterosexual desire while bisexual readings remain unexplored. The essays found in *RePresenting Bisexualities* discuss fluid sexualities through a variety of readings from the fence, covering texts from Emily Dickinson to *Nine Inch Nails*. Each author contributes to the collection a unique view of sexual fluidity and transgressive desire. Taken together, these essays provide the most comprehensive bisexual theory reader to date.

Reader's Guide to Lesbian and Gay Studies Timothy F. Murphy 2000 A guide to existing academic literature on issues, persons, periods, and topics important in lesbian and gay studies. With a focus on book-length studies in English, entries offer a very brief introduction and a more detailed overview of the secondary literature, including the relative merits of each source under consideration. While the overall arrangement of entries is alphabetical, other means of access include a booklist, general indexes, cross references, and a thematic list (African American culture, AIDS, art and artists, Asian studies, biological sciences,

lesbian and gay culture, education, family, gender studies, history, law, literature, media studies, medicine, music, performing arts, politics, psychology, philosophy and ethics, and others). Annotation copyrighted by Book News, Inc., Portland, OR

The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients
Joy S. Whitman 2013-12-19 Most therapy is set up in a heterosexist context. Explore the issues facing your gay, lesbian, and bisexual clients--and how to deal with them! The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients offers therapists treating lesbian, gay, and bisexual clients innovative, practical interventions plus homework and hands-on activities tailored to these populations. Use the notebook to explore the issues surrounding coming out, homophobia in the workplace, spirituality, identity formation, and issues that require a non-heterosexist approach, such as domestic violence and relationship concerns. Grounded in current theory, each chapter explains the rationale for the activity it proposes, includes contraindications, and provides a list of helpful resources for therapists and clients. Here are just a few of the issues this extraordinary book explores in its four thoughtfully planned sections: Section I: Homework, Handouts, and Activities for Coming Out and Managing Homophobia and Heterosexism addresses: conflicts in self-perceptions obstacles to the growth of a healthy GLB identity dealing with the trauma and anxiety that result from discrimination using semi-hypnotic visualization to treat internalized homophobia helping bisexuals decide whether to come out or to "pass" coping with internalized homophobic messages dealing with heterosexism in the workplace or at school Section II: Homework, Handouts, and Activities for Relationship Issues will help you and your clients understand and work on issues involving: choosing the right partner intimacy and gender roles financial stability assimilation, queer pride, and everything in between how ethnicity and coupling impact sexual identity negotiating a healthy open relationship sexual concerns, sexual

dysfunction, and pleasuring sexual role values for bisexual and lesbian women Section III: Homework, Handouts, and Activities for Gender, Ethnic, and Sexual Identity Issues addresses “who am I” issues: sexual orientation and gender identity the intersection of sexual and ethnic identity oppression on multiple fronts gender exploration for lesbians Section IV: Homework, Handouts, and Activities for Specific Issues tackles concepts including: enhancing resilience through spirituality reconciling with religion spiritual wellness and the spiritual autobiography body image disturbances unwanted sexual behavior creating a safety plan in case of same-sex domestic violence alienation and finding a caring community medication adherence for HIV+ clients the difficulties faced by coupled lesbians with children family care planning addiction and recovery healing from the wounds of homophobia relationships with ex-partners managing workplace stress If you're new to treating lesbian, gay, and bisexual clients you'll find rich material, based in current literature, to guide your work. If you've already worked extensively with LGBT clients, the activities and fresh, innovative strategies in The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients will expand and invigorate your skills.

Gender, Sexuality, and Meaning Sally McConnell-Ginet

2011-12-08 "This volume collects Sally McConnell-Ginet's most important published articles in the last twenty years, which circle around the following themes: language users are actively engaged in making meanings, both as speakers and listeners; linguistics systems and socio-political institutions constrain, but do not determine, communicative possibilities; language is essential to understanding gender and sexuality and their connection to ethnicity, class, race, and other parts of social identity"--

Adventures in Lesbian Philosophy Claudia Card 1994-12-22

"Adventures in Lesbian Philosophy contains many illuminating discussions (of S/M sex, lesbian ethics, lesbian desire,

bisexuality), and includes a useful bibliography of lesbian criticism." —Passion "This new collection edited by Claudia Card includes important articles of interest to feminist philosophy relating to lesbian feminist issues and ethics." —Ethics " . . . a fun and engaging conceptual romp." —Journal of the History of Sexuality These essays explore diverse positive understandings of "lesbian philosophy," from contested sexual behaviors such as pornography and sadomasochism to the meaning of "lesbianism." Editor Claudia Card has also included an up-to-date bibliography of lesbian philosophy and related works.

Sexuality, Religion and the Sacred Loraine Hutchins

2018-10-24 Sexuality, Religion and the Sacred is a thoughtful collection of bisexual, polysexual and pansexual scholarship on religion and spirituality. It examines how religious and spiritual traditions address sexuality, whilst also exploring the ways in which bisexually-, polysexually-, and pansexually-active people embrace religious and spiritual practice. The volume offers a comprehensive analysis of these prevalent themes by focusing on five main areas of discussion: Christian and Unitarian Discourses; Indigenous and Decolonizing Spiritual Discourses; Feminist Spiritual Discourses; Buddhist Discourses; and Neo/Pagan Discourses. Sexuality, Religion and the Sacred offers an accessible yet scholarly treatment of these topics through a collection of critical essays by academics of theology, humanities, cultural studies and social sciences, as well as sexology professionals and clergy from various faith and spiritual traditions. It gives readers an insight into the intersection of sexualities and spiritualities, and attempts to disrupt this very dichotomy through its careful consideration of a wide variety of discourses. This book was originally published as a special issue of the Journal of Bisexuality.

Bisexuality in the Lives of Men Erich W Steinman 2014-06-03

Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! Bisexuality in the Lives of

Men is the first anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories "gay" and "straight." But, while the use of the term "bisexual" has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of the public health research on the role of bisexual men in HIV transmission a study of the marital consequences of a husband's bisexuality, including couples who have stayed together an analysis of the heartfelt discussions taking place in an online bi-male community an empirical study of the ways that bi-negativity differs from homophobia an essay bringing together queer theory and social constructionist ideas to explain why bisexual men are much less visible than bisexual women The rigorously analytical yet accessible essays in this volume offer new information and perspectives about male bisexuality. *Bisexuality in the Lives of Men* is an essential resource for anyone interested in the theoretical, political, and cultural issues of male bisexuality.

Becoming Visible Beth A. Firestein 2007 *Becoming Visible* offers cutting-edge psychological perspectives on bisexual and

queer identities and the cultural and mental health issues facing bisexual, lesbian, gay, queer, and questioning individuals and their partners. Essential for any professional seeking to provide "best practice" services to this population, *Becoming Visible* addresses the therapeutic needs of bisexuals at every stage of the life cycle. This volume explores why some people resist identity labels and what bisexual men and women consider exemplary and harmful in their therapeutic experiences. It also helps practitioners distinguish between the stresses brought on by being part of a sexual minority and the clinical symptoms that indicate serious mental health issues. It includes research on ethnic minority bisexuals, youth, elders, gender-variant individuals, and bisexuals engaging in alternative lifestyles and sexual practices such as polyamory and BDSM. Edited by a psychologist who specializes in sexual-orientation and gender-identity issues and with contributions from scholars and professionals from multiple disciplines, the book embraces perspectives from the empirical to the phenomenological, and outlines both scientific and practice-based approaches to the subject while carefully considering the psychological, cultural, and spiritual dimensions of the issues confronting bisexual men and women. *Becoming Visible* is a crucial step in the improved mental health and well-being of bisexuals, transgender individuals, and other sexual minorities. This book offers a path toward awareness and compassion for those who seek to understand, treat, and empower this underserved and frequently misunderstood group of mental health clients.

Psychological Perspectives on Lesbian, Gay, and Bisexual Experiences Linda Garnets 2003 This book provides an overview of current thought about the psychological issues affecting lesbians, bisexuals, and gay men.

Bisexual Politics Naomi S Tucker 2014-06-11 This anthology presents a vivid collection of essays that explore the history, strategies, philosophy, and diversity of bisexual politics and

theory in the United States. The 33 contributors develop a multifaceted approach to defining bisexual politics. Through these voices, the book seeks to understand the contexts in which the bisexual movement has evolved. The authors analyze different organizing strategies, formulate new bisexual political theory, provide a vision of future directions for redefining sexuality and gender, and educate activists and allies about current issues pertinent to the bisexual community. This book is the first of its kind. To date, it is the only book that documents and analyzes bisexual politics and theory. While existing literature on bisexuality has focused on identity, coming out, and forming communities, *Bisexual Politics* takes the vital next step into bisexual political theory and activism. The many subjects and subthemes addressed in *Bisexual Politics* appeal to a multitude of readers from activists to academics, from friends and family of bisexuals, to those who have struggled with bisexuality. It is a sourcebook for those seeking to locate bisexuality in the schema of other social justice movements. It is a tool to build alliances with other progressive groups, and build coalitions with both lesbian/gay and heterosexual communities. It is a primer for anyone interested in bisexual activism and theory.

Bi Any Other Name Bisexual People Speak Out

best eBook format, where to find your favorite titles, and how to ensure that your eBook reading experience is both enjoyable and ethical.

Whether you're new to eBooks or a seasoned digital reader, this Bi Any Other Name Bisexual People Speak Out eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Bi Any Other Name Bisexual People Speak Out

Before you embark on your journey to find Bi Any Other Name Bisexual People Speak Out online, it's essential to grasp the concept of Bi Any Other Name Bisexual People Speak Out eBook formats. Bi Any Other Name Bisexual People Speak Out come in various formats, each with its own unique features and

compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Bi Any Other Name Bisexual People Speak Out eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for

reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Bi Any Other Name Bisexual People Speak Out eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Bi Any Other Name Bisexual People Speak Out eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find Bi Any Other Name Bisexual People Speak Out eBooks in these formats.

Bi Any Other Name Bisexual People Speak Out eBook Websites and Repositories

One of the primary ways to find Bi Any Other Name Bisexual People Speak Out eBooks online is through dedicated eBook websites and repositories. These platforms offer an extensive collection of eBooks spanning various genres, making it easy for readers to discover new titles or access classic literature. In this chapter, we'll explore Bi Any Other Name Bisexual People Speak Out eBook and discuss important considerations of Bi Any Other Name Bisexual People Speak Out.

Popular eBook Websites

1. Project Gutenberg:

Project Gutenberg is a treasure trove of over 60,000 free eBooks, primarily consisting of classic literature.

It offers eBooks in multiple

formats, including EPUB, MOBI, and PDF.

All eBooks on Project Gutenberg are in the public domain, making them free to download and read.

2. Open Library:

Open Library provides access to millions of eBooks, both contemporary and classic titles.

Users can borrow eBooks for a limited period, similar to borrowing from a physical library.

It offers a wide range of formats, including EPUB and PDF.

3. Internet Archive:

The Internet Archive hosts a massive digital library, including eBooks, audio recordings, and more.

It offers an "Open Library" feature with borrowing options for eBooks.

The collection spans various genres and includes historical texts.

4. BookBoon:

BookBoon focuses on educational eBooks, providing free textbooks and learning materials.

It's an excellent resource for students and professionals seeking specialized content.

eBooks are available in PDF format.

5. ManyBooks:

ManyBooks offers a diverse collection of eBooks, including fiction, non-fiction, and self-help titles.

Users can choose from various formats, making it compatible with different eReaders.

The website also features user-generated reviews and ratings.

6. Smashwords:

Smashwords is a platform for independent authors and

*Downloaded from
legacy.opendemocracy.net
on 2021-07-05 by guest*

publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Bi Any Other Name Bisexual People Speak Out Legal Considerations

While these Bi Any Other Name Bisexual People Speak Out eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing Bi Any Other Name Bisexual People Speak Out eBooks. Public domain Bi Any Other Name Bisexual People Speak Out eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize

yourself with the terms of use and licensing agreements on these websites. Bi Any Other Name Bisexual People Speak Out eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Bi Any Other Name Bisexual People Speak Out eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Bi Any Other Name Bisexual People Speak Out eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Bi Any Other Name Bisexual People Speak Out eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Bi Any Other Name Bisexual People Speak Out eBook websites and repositories, you'll encounter a

vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Bi Any Other Name Bisexual People Speak Out eBooks online.

Bi Any Other Name Bisexual People Speak Out eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Bi Any Other Name Bisexual People Speak Out across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Bi Any Other Name Bisexual People Speak Out

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some

tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Bi Any Other Name Bisexual People Speak Out, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search Bi Any Other Name Bisexual People Speak Out for an exact phrase or book title, enclose it in quotation marks. For example, "Bi Any Other Name Bisexual People Speak Out."

3. Bi Any Other Name Bisexual People Speak Out Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Bi Any Other Name Bisexual People Speak Out eBook."

4. Filter by Format:

Many eBook search engines

allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find Bi Any Other Name Bisexual People Speak Out in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free Bi Any Other Name Bisexual People Speak Out available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free Bi Any Other Name Bisexual People Speak Out.

You can search by title Bi Any Other Name Bisexual People Speak Out, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for Bi Any Other Name Bisexual People Speak Out and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of Bi Any Other Name Bisexual People Speak Out, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs.
eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles Bi Any Other Name Bisexual People Speak Out or genres. They serve as powerful tools in your quest for the perfect eBook.
