*Nothing Left to Steal* - Mzilikazi wa Afrika 2014-08-20

This tell-all memoir reveals the details behind Sunday Times journalist Mzilikazi wa Afrika's exposure of the R1.7 billion lease scandal between police commissioner Bheki Cele and property tycoon Roux Shabangu, for which he was infamously arrested in 2010. It is also the riveting account of how a neglected boy in an unknown village became one of South Africa's most awarded investigative reporters and found himself at the receiving end of the corruption that had defeated those he helped put in power. Fearless in the face of corrupt authorities with sinister political motives, and fervent about justice, Wa Afrika's life was characterised by resistance to oppression and inequality from an early age. Destined to defend and uphold the principles of democracy, his story is the inspiring tale of an ordinary man, armed with a pen, who challenged the proverbial giant.

**Ritual Abuse and Mind Control** - Orit Badouk Epstein 2018-03-22

People who have survived ritual abuse or mind control experiments have often been silenced, accused of lying, mocked and disbelieved. Clinicians working with survivors often find themselves isolated, facing the same levels of disbelief and denial from other professionals within the mental health field. This report - based on proceedings from a conference on the subject - presents knowledge and experience from both clinicians and survivors to promote understanding and recovery from organized and ritual abuse, mind control and programming. The book combines clinical

presentations, survivors' voices, and research material to help address the ways in which we can work clinically with mind control and cult programming from the perspective of relational psychotherapy.

**Nam June Paik** - Sook-Kyung Lee 2020-02-04

Explore the ground-breaking work of 20th-century, avant-garde artist Nam June Paik, the pioneer of video art, and discover his impact on the digital age. Nam June Paik was one of the most presciently visionary artists of his generation, one who foresaw the ascendance of the screen in modern life, coined the phrase "electronic superhighway", and celebrated these developments with a humor and whimsy that counteracts some of the darker aspects of our technological age. This book features works from throughout Paik's five-decade career--from robots made from old TV screens to stills from his innovative video works and views of his renowned room-sized installations. Archival materials and excerpts of Paik's own writings offer a deeper understanding of the artist's extraordinary collaborative career. He had exchanges with avant-garde artists, musicians, and choreographers, including Charlotte Moorman, John Cage, Merce Cunningham, Joseph Beuys, and members of the Fluxus movement. Essays explore how Paik influenced a global network of artists and pioneered a radical and cutting-edge art practice. They also consider how Paik's transnational approach to art presaged today's issues around borders, immigration, cultural appropriation, and nationalism. By envisioning a future that has become a reality, Paik's work--and its humanity, scope, and optimism--is perhaps more important than ever. Published with Tate

But for Ralph, the oldest of nine, being part of a large family means more kids to join in the fun—from making tripods in the woods and "snicking" up the rug, to raising chicks and even discovering a meteor (well, maybe). It doesn't feel like there's life beyond Marshfield, Massachusetts. Then one day Dad's new job moves the family to Chicago, and there's so much Ralph has to leave behind. DIVDIV Though the greats of Hollywood may fade, their secrets live on forever/divDIV Fedora is dead, and movies will never be the same. A star since the early days of Hollywood, she survived the business for an unprecedented four decades before retiring to Crete. As the years wore on and her costars turned wrinkled and worn, Fedora's perfect features never faded. Now that she has finally passed, the secret to her longevity will be told—a shocking revelation that will raise her to the level of myth./divDIV These four novellas tell the story of Fedora and three of her costars in 1955's infamous *The Miracle of Santa Cristi*. Alongside the ageless beauty are William Marsh, whose days as a leading man are numbered; Bobbitt, a former child star still trading on his boyish good looks; and Lorna, a dim bulb who's too sexy for her own good. When the film was shot, they were headed in different directions, but all ended up in the same place: forgotten, loathed, and unlamented. /div/div
