The American Genealogist - 2003

Religion and Governance in England's Emerging Colonial Empire, 1601-1698 - Haig Z. Smith 2022-01-07
This open access book explores the role of religion in England's overseas companies and the formation of English governmental identity abroad in the seventeenth century. Drawing on research into the Virginia, East India, Massachusetts Bay, Plymouth, New England and Levant Companies, it offers a comparative global assessment of the inextricable links between the formation of English overseas government and various models of religious governance across England's emerging colonial empire. While these approaches to governance varied from company to company, each sought to regulate the behaviour of their personnel, as well as the numerous communities and faiths which fell within their jurisdiction. This book provides a crucial reassessment of the seventeenth-century foundations of British imperial governance.

Researching Your Colonial New England Ancestors - Patricia Law Hatcher 2006

When the early colonists came to America, they were braving a new world, with new wonders and difficulties. Family historians beginning the search for their ancestors from this period run into a similar adventure, as research in the colonial period presents a number of exciting challenges that genealogists may not have experienced before. This book is the key to facing those challenges. This new book, *Researching Your Colonial New England Ancestors*, leads genealogists to a time when their forebears were under the rule of the English crown, blazing their way in that uncharted territory. Patricia Law Hatcher, FASG, provides a rich image of the world in which those ancestors lived and details the records they left behind. With this book in hand, family historians will be ready to embark on a journey of their own, into the unexplored lines of their colonial past.

The Planters of Colonial Virginia - Thomas Jefferson Wertenbaker 2022-05-29

The Planters of Colonial Virginia is a research on the colonial Virginia political and economic experience of the tobacco planter culture. The book covers a time from the founding of Jamestown to the disbursement of the settlers to various other places.

[A Guide to the Library of the New England Historic Genealogical Society](#) - Maureen Alice Taylor 2004

"This book is divided into eight sections: a general introduction to the library, articles on genealogies and manuscripts, regional studies--Ne England, beyond the Northeast, Canada, and the British Isles and Ireland--and methodological articles on diverse topics" -- Introduction, p. ix.

Essex County Deeds, 1639-1678 - Essex Society of Genealogists 2003

Essex Society of Genealogists. This volume consists of abstracts from the first four copy books of the Essex County Deed Books. These records are a rich source of names complete with details of the transactions and the properties involved. Records contain (as available) the full names of both the buyer and the seller in bold type, the date of the transaction, a description of the property including its location, payment(s), and (as available) witnesses. The fullname index is a bonus for researchers. 2003, 5? x 8?, index, paper, 392 pp.
