

Gay Lesbian Bisexual And Transgender Civil Rights Wallace Swan

Handbook of Gay, Lesbian, Bisexual, and Transgender Administration and Policy - Wallace Swan 2004-02-03

Recording issues and obstacles as well as groundbreaking victories in the recognition of gay, lesbian, bisexual, and transgender (GLBT) rights in politics and policy, this landmark handbook introduces core considerations necessary for prompting governmental initiatives and social structures to better serve the GLBT population. Its impressive range

The Routledge Handbook of LGBTQIA Administration and Policy - Wallace Swan 2018-10-26

The Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, Asexual, and Allies community (abbreviated LGBTQIA or "LGBT") is responding to a radically changed social and political environment. While a host of books have analyzed legal dimensions of LGBT public policy, this authoritative Routledge handbook is the first to utilize up-to-the-minute empirical data to examine and unpick the corrosive "post-factual" changes undermining LGBT public policy development. Taking an innovative look at a wide range of social and policy issues of broad interest—including homelessness, transgender rights, healthcare, immigration, substance abuse, caring for senior members of the community, sexual education, resilience, and international policy—through contributions from established scholars and rising stars, this comprehensive and cutting-edge volume will be a landmark reference work on LGBT administration and policy for decades to come.

Gay, Lesbian, Bisexual, and Transgender Civil Rights - Wallace Swan 2014-09-26

This book could be aptly entitled *After Marriage What Is Next for the LGBT Community?* Now that marriage is increasingly being institutionalized in many states within the United States it is quite likely that marriage will be acceptable in all 50 states (dependent upon action of the U.S. Supreme Court). What lesbian, gay, bisexual, and transgender p

Handbook of Gay, Lesbian, Bisexual, and Transgender Administration and Policy - Wallace Swan 2004

Fifteen articles assess the status of gay, lesbian, bisexual, and transgender (GLBT) rights in public policy and administration in the United States and call attention to a number of policy and administrative issues of concern to the GLBT community that are seen by editor Swan (Minneapolis Board of Estimate and Taxation) to be underreported and unde.

Queer Word- and World-Making in South Africa - Taylor Riley 2021-05-03

Focusing on everyday experiences of sexuality in the South African province of KwaZulu-Natal, this book considers personal narratives and other queer artefacts to shed light on linguistic and performative strategies of resistance, referred to as queer word- and world-making. Questions of non-normative expressions of gender and sexuality in South Africa refer to the politics of words, and to their contested meanings and valuations reflected in the way that they roll off tongues. If sexualities are not merely acts, feelings, or identities, but embodiments of desires which invoke and influence social contexts, assumptions about sexuality as a realm of situated knowledge cannot be trusted at face-value. Taylor Riley considers the meanings coded in words used to depict same-sexualities and the productive silences which surround them, and how those meanings are embraced, altered, and resisted through labors of everyday existence. The volume sheds new light on and personalizes the highly contested meanings which surround queer life and LGBTI rights in South Africa. It will be of interest to scholars and upper-level students of anthropology, queer studies and African studies.

Queer Inclusions, Continental Divisions - David Rayside 2008-04-05

No area of public policy and law has seen more change than lesbian, gay, bi-sexual, and trans-gender rights, and none so greatly needs careful comparative analysis. *Queer Inclusions, Continental Divisions* explores

the politics of sexual diversity in Canada and the United States by analyzing three contentious areas - relationship recognition, parenting, and schooling. It enters into long-standing debates over Canadian-American contrasts while paying close attention to regional differences. David Rayside's examination of change over time in the public recognition of sexual minorities is based on his long experience with the analysis of trends, as well as on a wide-ranging search of media, legal, and social science accounts of developments across Canada and the United States. Rayside points to a 'take off' pattern in Canadian policy change on relationship recognition and parenting, but not in schooling. At the same time, he explores the reasons for a 'pioneering' pattern in early gains by American LGBT activists, a surprising number of court wins by American lesbian and gay parents, and changes in American schooling that, while still modest, are more substantial than those instituted by the Canadian system. *Queer Inclusions, Continental Divisions* is a timely examination of controversial policy areas in North America and a reasoned judgment on the progress of lesbian and gay issues in our time.

Gay/lesbian/bisexual/transgender Public Policy Issues - Wallace Swan 1997

In response to the cultural war declared upon gay, lesbian, bisexual, and transgendered people by the radical right, this book gives you an inside look at the gay community's perspectives on the four major issues of school curricula, workplace protections, legitimization of same-sex relationships, and protections against discrimination. As

Gay/Lesbian/Bisexual/Transgender Public Policy Issues examines the role of radical religious thought in American politics, it looks at the development of conflicts on the national level over the four main issues. It also looks at specific examples of the conflicts, such as the "Rainbow Curriculum" battle in New York City and the controversial school board elections in Des Moines. This insightful and comprehensive book discusses recent successes of the gay and lesbian movement in the development of local public policy as well as setbacks it has experienced. From election year gay-bashing to the persecution of gay and lesbian youth in school environments to lack of protection for gay and lesbian employees in the workplace, it is clear that much work remains to be done before the rights of gay, lesbian, bisexual, and transgendered persons are protected to the same degree as those of heterosexual persons. Gay or straight, you will find your eyes truly opened as you read about: discrimination against gay and lesbian people by the American system of justice congressional indifference to workplace oppression the origins and aims of the religious right the development of services to meet the needs of gay youths in the school environment the major confrontations administrators face when dealing with sexual orientation issues homelessness from a gay/lesbian/bisexual/transgendered point of view gay and lesbian role models and multicultural activities for adolescents Citizens, public administrators, policymakers, educational administrators, social service providers, and teachers need to read *Gay/Lesbian/Bisexual/Transgender Public Policy Issues* to understand how members of the gay community remain disenfranchised in American society. You may think you are sensitive to the issues, but are you helping to find solutions? Get this book and find out!

American Reference Books Annual - Bohdan S. Wynar 2005

Introduction to Transgender Studies - Ardel Haefele-Thomas 2019-02-05

This is the first introductory textbook intended for transgender/trans studies at the undergraduate level. The book can also be used for related courses in LGBTQ, queer, and gender/feminist studies. It encompasses and connects global contexts, intersecting identities, historic and contemporary issues, literature, history, politics, art, and culture. Ardel Haefele-Thomas embraces the richness of intersecting identities—how race, ethnicity, sexual orientation, class, nation, religion, and ability have cross-influenced to shape the transgender experience and trans culture across and beyond the binary. Written by an accomplished teacher with experience in a wide variety of higher learning institutions, this new text inspires readers to explore not only contemporary transgender issues

and experiences but also the global history of gender diversity through the ages. Introduction to Transgender Studies features: -A welcoming approach that creates a safe space for a wide range of students, from those who have never thought about gender issues to those who identify as transgender, trans, nonbinary, agender, and/or gender expansive. - Writings from the Community essays that relate the chapter theme to the lived experiences of trans and LGB people and allies from different parts of the world. -Key concepts, film and media suggestions, topics for discussion, activities, and ideas for writing and research to engage students and serve as a review at exam time. -Instructors' resources that will be available that include key teaching points with discussion questions, activities, research projects, tips for using the media suggestions, PowerPoint presentations, and sample syllabi for various course configurations. Intended for introductory transgender, LGBTQ+, or gender studies courses through upper-level electives related to the expanding field of transgender studies, this text has been successfully class-tested in community colleges and public and private colleges and universities.

Queer Crimes & Criminal Justice - Mithilesh Narayan Bhatt
2022-06-01

The Queer/Sexual minority which interalia includes lesbian, gay, bisexual, and transgender (hereinafter LGBT) people is not a new phenomenon in today's scenario. LGBT share a particular experience of their own sexual desires, as potentially directed toward a person of the same gender. They have transformed these experiences, desires, and practices into a social identity, a sexual orientation, which serves as a marker of individual selves and of a group. This study shows that discrimination and abuse from homophobic/transphobic world in which there is full permission to treat LGBT with cruelty makes it difficult for them to maintain a strong sense of well-being and self-esteem. Study reveals that in India LGBT lives are more secretive as they are suppress to come out easily. This book based on study concludes with some strong and viable recommendations, which are requisite to ensure safe and proper place to LGBT people in society, inculcating humane approach into laws and the criminal justice system. Education and awareness programmes through various means and various places can bring positive changes. Note: T& F does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

Forthcoming Books - Rose Arny 1997

COVID-19, the LGBTQIA+ Community, and Public Policy - Wallace Swan 2022-10-28

The COVID-19 pandemic has exposed and exacerbated long-standing inequities, both in the United States and throughout the world. As studies emerge to help us understand the effects of the COVID-19 pandemic on every facet of modern life, it is critical that the effect of the pandemic on the Lesbian, Gay, Bisexual, Transgender, Queer, Intersexual, and Asexual (LGBTQIA+) communities not be overlooked. While some pioneering studies analyzing the impacts of the pandemic upon LGBTQIA+ communities have been conducted, and some efforts are being made to collect data which can impact the development of policy, reliable data resources are limited to a few enterprising states, and this data has not been systematically shared with public policy-makers or with the public to date. COVID-19, the LGBTQIA+ Community, and

Public Policy explores precisely how the pandemic has affected these communities and what concrete steps need to be taken to ameliorate its effects. As the chapters in this book demonstrate, the unusual nature of the pandemic has significantly impacted state and local LGBTQIA+ infrastructure, leading to closure of some institutions and reductions in functioning for many others. The contributors examine the ways the pandemic has highlighted preexisting challenges on accessing adequate healthcare (including mental healthcare and substance abuse treatment), employment, education, secure housing, and other societal resources. Together, these chapters present a state-of-the-field overview of health disparities in the LGBTQIA+ community, and demonstrate the particular need for serious, timely, public policy interventions.

The North American West in the Twenty-First Century - Brenden W. Rensink 2022-11

In 1893 Frederick Jackson Turner famously argued that the generational process of meeting and conquering the supposedly uncivilized western frontier is what forged American identity. In the late twentieth century, "new western" historians dissected the mythologized western histories that Turner and others had long used to embody American triumph and progress. While Turner's frontier is no more, the West continues to present America with challenging processes to wrestle, navigate, and overcome. *The North American West in the Twenty-First Century*, edited by Brenden W. Rensink, takes stories of the late twentieth-century "modern West" and carefully pulls them toward the present—explicitly tracing continuity with or unexpected divergence from trajectories established in the 1980s and 1990s. Considering a broad range of topics, including environment, Indigenous peoples, geography, migration, and politics, these essays straddle multiple modern frontiers, not least of which is the temporal frontier between our unsettled past and uncertain future. These forays into the twenty-first-century West will inspire more scholars to pull histories to the present and by doing so reinsert scholarly findings into contemporary public awareness.

Cultural Competency for Public Administrators - Kristen A. Norman-Major 2014-12-17

With a focus on a broad spectrum of topics--race, ethnicity, gender, disability, and sexual orientation at the federal, tribal, state, and local levels--this book equips readers to better understand the complex, real-world challenges public administrators confront in serving an increasingly diverse society. The book's main themes include: What is cultural competency and why is it important? Building culturally competent public agencies; Culturally competent public policy; Building culturally competent public servants; How do agencies assess their cultural competency and what is enough? PA scholars will appreciate the attention given to the role of cultural competency in program accreditation, and to educational approaches to deliver essential instruction on this important topic. Practitioners will value the array of examples that reflect many of the common trade offs public administrators face when trying to deliver comprehensive programs and services within a context of fiscal realities.
