Pitch Like a Girl - Ronna Lichtenberg 2004-12-09

Pitch Like a Girl offers proven techniques to maximize a woman's instinctive strengths and effectiveness in the workplace. Despite steady advancement, part of the reason women still struggle to succeed in business is the discomfort they feel doing anything that feels like self-promotion. That's why Ronna Lichtenberg, corporate veteran turned highly sought-after management consultant, developed a program for women that works with their unique advantages. Starting with recent developments in brain sex research and moving

through social stereotypes, Lichtenberg takes a fresh look at how women relate to work and shows them how to use their gifts to get what they want. The book includes easy-to-use tools, tips on managing communication styles, and exercises that have been honed in Lichtenberg's many workshops. Whether giving women pragmatic advice on what to do about that infuriating boss, how to know how much money they should be making (and how to get it), or how to follow up without feeling like a beggar or a stalker, Lichtenberg is real, and really funny at the same time. Her advice ushers in a new world of possibilities for

women who are ready for a success that feels right.

Women Make Noise - Victoria Yeulet 2015-02-26

'When was the last time you heard an all-girl band on the radio? Why don't all-girl bands get attention they deserve?' In *Women Make Noise* musicians, journalists, promoters and fans excavate the hidden story of the all-girl band: from country belles of the 20s-40s and girl groups of the 60s, to prog rock goddesses, women's liberationists and punks of the 70s-80s; from riot grrrl activists and queercore anarchists of the 90s to radical protesters Pussy Riot and the most inspiring all-girl bands today. These aren't the manufactured acts of some pop svengali, these groups write their own songs, play their own instruments and make music together on their own terms. All-girl bands have made radical contributions to feminism, culture and politics as well as producing some unique, influential and innovative music. It's time to celebrate the outspoken voices, creative talents and gutsy performances of the all-girl bands who demand we take notice. Including commentary from members of the original 60s girl groups and classic punk-inspired outfits like The Raincoats and The Slits, as well as contemporary Ladyfest heroines like Beth Ditto, this timely exploration shows the world that sidelining all-girl bands is a major oversight. Contributions by Victoria Yeulet, Elizabeth K. Keenan, Sini Timonen, Jackie Parsons, Deborah Withers, Jane Bradley, Rhian E. Jones, Bryony Beynon, Val Rauzier, Elizabeth K. Keenan and Sarah Dougher This book is a celebration of girl bands in all genres: girl bands who make music on their own terms. With a unique focus on the talented girl bands of the past 50 years rather than casting female musicians in the typical solo 'singer-songwriter' mode. New perspectives on each genre - from 1960s Motown groups to 1970s prog rock and punk to 1980s protest music, 1990s queercore, riot grrrl and beyond - written by musicians, performers, journalists, promoters and fans. Contents Introducing the All-girl Band: Finding Comfort in Contradiction | Julia Downes 1. Female Pioneers in Old-time and Country Music | Victoria Yeulet 2. Puppets on a String? Girl Groups of the 50s and 60s | Elizabeth K. Keenan 3. Truth Gotta Stand: 60s Garage, Beat and 70s Rock | Sini Timonen 4. Prog Rock: A Fortress They Call 'The Industry' | Jackie Parsons 5. Feminist Musical Resistance in the 70s and 80s | Deborah Withers 6. You Create, We Destroy: Punk Women | Jane Bradley 7. Post-Punk: Raw, Female Sound | Rhian E. Jones 8. Subversive Pleasure: Feminism in DIY Hardcore | Bryony Beynon 9. Queercore: Fearless Women | Val Rauzier 10. Riot Grrrl, Ladyfest and Rock Camps for Girls | Elizabeth K. Keenan and Sarah Dougher Epilogue: Pussy Riot and the Future | Julia Downes Notes Bibliography Reviews "Tales of race riots, intimidation and abuse by male music fans and management, and inspiring moments of in-your-face activism provide fascinating background to some of your favourite bands (and many you've never heard of). The greatest strength of *Women Make Noise* is that many of the contributors were themselves part of the bands they are chronicling. These women offer up inspiring, funny and enraging stories of being radical activists and prolific musicians in a world that worked constantly to push them down." - Gender Focus "Women Make Noise is a wonderful collection of essays, taking the reader from the days of Sassy country and Western women carving out a place in a horrendously sexist fledgeling music industry, all the way up to the Riot Grrrl movement of the 90s and beyond. Each chapter is written with such boundless enthusiasm for the subject matter that it'll keep you enthralled until you drift slowly out of your comfort zone without even realising it. Read the book cover to cover, have your eyes opened, discover your next favourite band and perhaps think about the role of Women in music a little differently from now on." - Intuition, review by Owen Chambers "Fascinating, diverse and, most importantly, inspiring - the title alone is as much a rallying cry as a joyous statement of the truth." - Zoe Street Howe, author of *Typical Girls? The Story of The Slits*, and other music titles "It's exhilarating to learn about different generations of female musicians from such diverse, strong voices." - Kathleen Hanna, American singer, musician, artist, feminist activist, pioneer of the feminist punk riot grrrl movement "A very important and timely contribution to the debates about "women in rock". All-girl bands have too often been written off as novelties, and this exciting book sheds new light on an under-researched area." - Lucy O'Brien, author of *She Bop: The Definitive History of Women in Rock, Pop and Soul*

What Women Want When They Test Men - Bruce Bryans 2021-04-22

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. How to Attract Women - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities

women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information.
