**Girl, Bitten** - Graceley Knox 2018-05-22

Death has come for the undying. As a genetics graduate student, Sasha Keleterina knows a thing or two about blood. She's courageous, capable, and not the kind of woman in need of saving. But when she's attacked in her lab, she barely escapes with her life—only to find out she's becoming one of the undead. A deadly virus is poisoning vampires in the Portland area, endangering them all. Master vampire Arsen Eskandar is desperate to prove himself and save his people. Following the trail of a recent attacker, Arsen encounters Sasha. She's beautiful, intelligent, and a fighter, and the attraction between them burns like wildfire. But when the master of a rival clan declares Sasha is not only his—but the cure—a centuries-old war between two ancient vampire clans rises to the forefront and a battle to claim Sasha ensues. But they don't know her. The only one Sasha is willing to be claimed by—is herself.

**Serpent's Wake** - L. E. Daniels 2018-03-18

After twelve years trapped in the throat of a serpent, a girl escapes. She returns to her village naked with a monstrous snakeskin trailing behind her. One decision at a time, she reclaims her life. Each character she encounters by land and sea—brute, healer, orphan, mystic, lover—reflects an unhealed aspect of herself and plots her recovery through symbolic milestones. *Serpent's Wake* is intended for adults and young adults exploring how, once fractured, we may mend.

**Immortal** - Rachel Caine 2009-10-01

In *Immortal: Love Stories With Bite*, edited by New York Times bestselling author of the *House of Night* series P.C. Cast, seven of today's most popular YA vampire and contemporary fantasy authors offer new short stories that prove when you're immortal, true love really is forever. Rachel Caine (the *Morganville Vampires* series) revisits the setting of her popular series, where the vampires are in charge and love is a risky endeavor, even when it comes to your own family Cynthia Leitich Smith (*Tantalize*) gives us a love triangle between a vampire, a ghost and a human girl, in which none of them are who or what they seem Claudia Gray (*Evernight*) takes us into the world of her *Evernight* series, in which a pre-Civil War courtesan-to-be is courted by a pale, fair-haired man whose attentions are too dangerous to spurn, in more ways than one Richelle Mead (the *Vampire Academy* series) brings us the tale of a young vampire on the run from the rest of her kind, and the human boy who provides the getaway car, as well as a reason to keep running Nancy Holder (the *Wicked* series, "*Buffy the Vampire Slayer*") immerses us in a post-apocalyptic New York where two best friends are forced to make a choice that may kill them both Kristin Cast (the *House of Night* series) introduces us to a new kind of vampire: one with roots in Greek mythology, and the power to alter space and time to save the girl he's meant to love Rachel Vincent (the *Soul Screamer* series) explores a new corner of her series with the story of aleanan sidhe capable of inspiring the musician she loves to new creative heights, or draining him, and his talent, dry And Tanith Lee (*Black Unicorn*) shows us what happens when a bright young woman with some supernatural savvy encounters a misguided (but gorgeous) young vampire

**Twice Bitten** - Chloe Neill 2010-10-14

Merit, Chicago's newest vampire, is learning how to play nicely with others. Other supernaturals, that is. Shapeshifters from across the country are convening in the Windy City, and as a gesture of peace, Master Vampire Ethan Sullivan has offered their leader a very special bodyguard: Merit. Merit is supposed to protect the Alpha, Gabriel Keene - and to spy for the vamps while she's at it. Oh, and luckily Ethan's offering some steamy, one-on-one combat training sessions to help her prepare for the mission. Merit has to accept the assignment, even though she knows that she'll probably regret it. And she's not wrong. Someone is gunning for Gabriel Keene, and Merit soon finds herself in the line of fire. She'll need all the help she can get to track down the would-be assassin, but everywhere she turns, there are rising tensions between supernaturals - not least between her and a certain green-eyed, centuries old master vampire.

**The Girl's Got Bite** - Kathleen Tracy 2014-04-29

Buffy Summers is just your average teenager with everyday problems except for one teeny tiny thing—she's the Vampire Slayer. Balancing

homework with her duties as the one chosen to rid the Earth of evil forces sometimes puts a crimp in Buffy's social life, but she manages. That the buff high schooler can annihilate vampires and other monsters while remaining fashionably dressed and cutely dressed illustrates the dichotomy that is Buffy. In this companion guide Kathleen Tracy covers all aspects of the Buffy phenomena—from the 1992 feature film starring Kristy Swanson and Luke Perry, to the development and production of the hit TV series starring Sarah Michelle Gellar. Based on interviews with the show's creator, producers and principal cast members, the book includes cast biographies, critical summaries of each episode, trivia, behind-the-scenes anecdotes, and more. Like the series, *The Girl's Got Bite* combines the thoughtful (an essay on slayer mythology throughout history) with the frivolous for a frightfully good time.

LAST OF THE BLOOD When the sweet scent reaches me, I know I have found what I'm looking for. My hands reach out in the darkness to the unaware girl. She's warm and soft, and doesn't even get to scream before I'm drinking deeply from her, her struggles too feeble to bother me. Only the blood counts. I've never tasted anything like it. Gloriously sweet, thick and strong, and full of life. I drink until the hunger subsides, until the body that I hold so close to me hangs lifelessly in my arms. Only then I see. Only then I recognise it, and the agony ... oh, the agony is more than I can bear! DEMONICA Tonight is the Midwinter Solstice Ball, the most important night in the Daemonic Court's calendar. This is the night when new disciples are chosen, when demons come out to play, and all bets are off. As it happens, tonight is also the night I become Queen. Bites is a debut anthology of two dark, YA paranormal fantasies from new author, Ninfa Hayes. (Suitable for older young adult readers.)"

**Some Girls Bite** - Chloe Neill 2010-03-18

Sure, the life of a graduate student wasn't exactly glamorous, but it was mine. I was doing fine until Chicago's vampires announced their existence to the world - and then a rogue vampire attacked me. But he only got a sip before he was scared away by another bloodsucker ... one who decided the best way to save my life was to take it. Turns out my saviour was the master vampire of Cadogan House. Now I've traded sweating over my thesis for learning to fit in at a Hyde Park mansion full of vamps loyal to Ethan 'Lord o' the Manor' Sullivan. Of course, as a tall, green-eyed, four hundred year old vampire, he has centuries' worth of charm, but unfortunately he also seems to expect my eternal gratitude - and servitude. Right ... But my burgeoning powers (all of a sudden, I'm surprisingly handy with some serious weaponry), an inconvenient sunlight allergy, and Ethan's attitude are the least of my concerns. Someone's out to get me. Is it the rogue vampire who bit me? A vamp from a rival House? An angry mob bearing torches? My initiation into Chicago's nightlife may be the first skirmish in a war - and there's going to be blood ...

**Bitten** - Pamela Nagami

The bite attacks that Pamela Nagami, M.D., has chosen to write about in

Bitten take place in big cities, small towns, and remote villages around the world and throughout history, locales as familiar as New York or Hollywood, or exotic as Africa, the Middle East, or Indonesia. **Bitten** - Kelley Armstrong 2009-08-25

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the

Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, Bitten will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.
