Empire Waste T/James Reagan 2014-05-07 In this haute couture-noir novel, T/James Reagan, author of Famous For Nothing, provides his post-Empire vision of the New York fashion scene. Reagan's novel explores all of the taboo subjects plaguing the fashion industry- racism, underage models, eating disorders, pervy photographers, human trafficking, unfair payment practices, and predatory castings. Empire Waste follows Andrew Lorrie, a disgraced fashion designer, who finds himself unemployable after a disastrous Spring/Summer fashion show. With no other option, Lorrie accepts a job designing a competitors ready-to-wear line. As the line progresses, Lorrie begins to notice that the models who are arriving for castings and go-sees are disappearing. No longer willing to idly stand by while the fashion industry destroys more girls, Andrew becomes devoted to saving these "replaceable" models. Lorrie confronts the industry as well as his own demons in a fast paced and introspective meditation on creation, pain, and exploitation. Empire Waste plays out as a fashion satire, as well as an exploration of New York City and the rules of the fashion industry. Reagan's Empire Waste proves to be a deeply personal exploration of a man living in a post-Empire world where nearly everything is disposable.

Well, they won't allow it. Now that she's out of college, Lanie is tired of being treated like a kid. She decides to find a broody, bad influence and bring him home to the family. You know... just to annoy her brothers. She doesn't expect to fall in love. Kris has been on more first dates than he cares to think about. Finding a date is easy, but wanting to go on a second one? Impossible. He just doesn't feel anything with the women who flirt with him. He wants something real. Something worth fighting for. But when the cute girl who works at his supplier asks him on a fake date, he agrees to go along with it. Because after all, it's not like he'd want a second date. Right?

"And THEN, what should I say to spark □ attraction so that she gets TURNED ON and starts to view me in a sexual manner, instead of just a 'friendly and harmless talkative guy'?" Your mind starts racing as you're searching for answers. With each passing moment your anxiety increases. Excuses start coming into your mind: ♦♦♦♦ "She's probably got a boyfriend." ♦♦♦♦ "She's never gonna go for a guy like me." ♦♦♦♦ "What's the point of trying if I know it won't work anyways?" The nerves build and you feel a sense of impending doom as you realize you're probably going to bail. As you sit and make excuses, she turns her back and walks away; you feel the familiar gut wrenching feeling that she's gone forever. You spend the rest of the day imagining what might've been if you just knew what to say. The painful reality sinks in that some other guy is going to end up with this girl in his bed, all because you hesitated, and gave into your approach anxiety. WHY DIDN'T YOU APPROACH HER? You don't know what to say to initiate an interaction. You don't know how to keep it going. You don't know practical techniques to get her hyper-interested to you, so she wants to see you again for future interactions. You don't know specific actionable steps to TRIGGER MASSIVE UNCONTROLLABLE ATTRACTION within her, so that you smoothly turn the conversation SEXUAL and lead it to a BANG. ALL THESE MISSED SEXUAL OPPORTUNITIES ARE BECAUSE YOU DIDN'T KNOW WHAT TO SPECIFICALLY DO. Learn each step in greater detail in the book! You know you should've approached her. You're imagining her in your bed, her bra and panties crumpled up on your bedroom floor. The approach could have led to a longterm mutually satisfying sexual relationship... But instead you're contemplating another pathetic love session with your dominant hand because you didn't have practical seduction knowledge. The problem is, society has changed how we interact socially, and so for most people, approaching women doesn't come naturally. YOU CAN END THIS PAINFUL CYCLE. IT HAS TO BE LEARNED, AND IT'S EASIER THAN YOU THINK... Hi, I'm Cory Smith, author of the popular twitter account @PUA_DATING_TIPS and best selling author on Amazon. After approaching over 4,000 women (in the span of more than a decade) and going through a painstaking process of trial and error, I have cracked the hidden code on how to smoothly approach women that gets results EFFICIENT

The Intermittent Jerrol Paul Newell 2013-11-15 This book springs from the imagination. All characters, with the exception of Brett Michaels, and every situation and scenario are fictitious. It is not intended to depict any real person, whether living or deceased. When Brett Michaels is mentioned, it is not the person which is meant but the personality he projects both on stage and on TV. The geography of Western New York has been changed. The quotes from the movie Butch Cassidy and the Sundance kid are merely used to express an emotion in an amusing way. In this depiction of an intelligent yet underachieving adult wavering between boredom and the desire for meaning in life, I have attempted to combine the commonplace with the pressing feeling that there must be something more. Danny Gables has just turned thirty years old and he is without direction. He must make a decision but any decision he makes will negate the possibility of the other. Should he commit to what is expected of him, and thus commit to his home-town ways? Or should he meander along and hold out for the possibility that life has more to offer? He spends his time chasing women and frequenting bars, which provide him with the genuine reflections that are lacking in his real life of work and routine. But one day it strikes him to begin an investigation an impractical quest for authenticity that frustrates the people that know him, compromises the tenuous condition of a loved one, and sends him on a path filled with reflections, road trips, too much drinking and general frivolity. Cynical yet droll, rich in sarcasm and brute truism, The Intermittent proves to be a lesson in existentialism.

Almost English Charlotte Mendelson 2013-08-15 The extraordinary new novel from the Orange Prize shortlisted author of *When We Were Bad* Home is a foreign country: they do things differently there. In a tiny flat in West London, sixteen-year-old Marina lives with her emotionally delicate mother, Laura, and three ancient Hungarian relatives. But the place she runs to makes her feel even more of an outsider. At Combe Abbey, a traditional English public school for which her family have sacrificed everything, she realises she has made a terrible mistake. The Man's Guide to Women John Gottman 2016-02-02 A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

You know... just to annoy her brothers. She doesn't expect to fall in love. Kris has been on more first dates than he cares to think about. Finding a date is easy, but wanting to go on a second one? Impossible. He just doesn't feel anything with the women who flirt with him. He wants something real. Something worth fighting for. But when the cute girl who works at his supplier asks him on a fake date, he agrees to go along with it. Because after all, it's not like he'd want a second date. Right?

like you've run out of things to say. You'll bleed confidence in any social situation, captivate the room, and know how to attract women that you most desire. Whether you want to know how to get a girlfriend or just date around, The Charm her Pants off has the answers that have worked for tons of men. The girl of your dreams is out there...will you get her? Charm her Pants Off is the ultimate and only guide to getting girls and to understand women once and for all. This is why guys that read it don't read or recommend anything else. Because the few men who "get it" spend the rest of their lives enjoying sexy girls in abundance - and so can you. You can learn to get ANY girl you want, the same way that all men who are naturally good with women have. The only difference is that you may learn it much FASTER, instead of wasting tons of time and money on fruitless dates or a new car/haircut/shirt that you BELIEVE will make you more attractive - but really doesn't. You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is manmade, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. You are the Man!!!
