As she walks towards the small house she shares with her fiancé, Robbie, she's surprised to see every window in total darkness. And when she calls his name, the house remains silent. Where is Robbie? Kicking off her red heels, Lauren heads towards her bedroom, feeling more nervous with every step. And when she opens the door, she immediately knows something is very wrong. The sickly metallic smell sobers her up instantly. And there is someone in her bed... Moving closer, her heart races in her chest. Instead of her fiancé, in the bed lies the lifeless body of a young woman, and although long dark hair covers her face, Lauren can already see who it is... her best friend, Sienna. The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many

men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Miss Reversal and Mister Improbability Lotus Light 2023-06-05 A tale of sweet affection, romance, and ceaseless twists! His destiny is to constantly encounter peculiar incidents. One day, he falls in love with his childhood friend, who possesses the extraordinary ability to alter fate with a mere sneeze. I was a late talker. At the age of four, I couldn't even complete a sentence. My family was anxious and took me to see many famous doctors, but to no avail. Later, Isaac Rogers stood in front of me and smiled sweetly. He was only as tall as a table at the time, but his eyes already had stars in them. I thought the stars were really pretty. So, I said my first word ever - "brother." After that, I learned my first sentence in life. I said, "I like Isaac brother." After saying that, I sneezed heavily. For the next decade of my life, I fell into a strange cycle. Whenever I sneezed, my life would take a reverse turn and develop in the opposite direction. One second it was sunny, and the next second it could be pouring rain. Sometimes I think that up to now, the only sentence I've said that hasn't caused a reversal is - I like Isaac brother. Isaac, I was a late talker, but I loved you early. -- Daisy Russell

Faith in Small Groups of Adolescents Harmen van Wijnen 2016-10-01 The church is struggling with the gap between the church and adolescents. Over the last decades, the problem of 'bridging the gap' was often outsourced to youth ministry in different forms, such as special youth workers, faith-learning programs, local activities, national events, holidays, and education of youth leaders. However, the overall conclusion is that over the last ten years, traditional youth ministry forms cannot function as the bridge they should be; the gap is too deep and too wide, or perhaps the metaphor of the gap is no longer appropriate to describe the current situation regarding the church and adolescents. This book aims to provide a creative and innovative contribution to the search for new paradigms in youth ministry. This book shows that small groups are very important for adolescents. The natural social environment greatly influences adolescents in their process of transformation from childhood to adulthood, including faith socialization. The emphasis on the natural social environment can be defined as follows: "Being goes before organizing, and the individual cannot 'be' without others." Briefly, "being together as a basic given." The conclusion of this book is that youth ministry needs a twofold turn: a turn from the individual to the communal, and a turn from an organized environment to a natural environment.

Gender, Sexuality and Violence in South African Educational Spaces Deevia Bhana 2021-04-20 The book focuses on the ways in which gendered and sexualised systems of power are produced in educational settings that are framed by broader social and cultural processes, both of which shape and are shaped by children and young people as they interact with each other. All these nuanced features of gender and sexuality are vital if we are to understand inequalities and violence, and fundamental to our three-ply yarn approach in this book. Focusing on the South African context, but with international relevance, the authors adopt the metaphor of the three-ply yarn (Jordan-Young, 2010): these being the cross-cutting themes of gender, sexuality and violence. Subsequently, the book illustrates the intimate ties that bind gender and sexuality with the social and cultural dimensions of violence, as experienced in educational settings.

It's Not Your Fault Jillian Campana 2023-03-07 A collection of original short plays that focus on sexual harassment and assault in Egypt, by debut Egyptian playwrights. These five original short plays, written by Egyptian students from the American University in Cairo in collaboration with Jillian Campana and Dina Amin, mark the first published plays in Egypt that deal directly with sexual harassment. Sexual crimes are not limited to the workplace or the street—they happen everywhere, from the bedroom to the café, in shops, on modes of transportation, and in businesses, homes, outdoor areas, and educational and religious institutions. They can be perpetrated by a stranger, acquaintance, friend, family member, or loved one and they can encompass many different types of sexual violence, including verbal, non-verbal, physical, or visual violence. This collection breaks social taboos by offering dramatic texts that reflect the reality of survivors of sexual harassment from multiple perspectives—families and couples, bystanders, victims and perpetrators, men and women. Many of the women portrayed in these plays are independent, educated, and well to do, but they are all subjected to varying degrees of sexual harassment and violence. Accompanied with narrative commentary that places the events in context, these plays and the issues they explore seek to challenge dominant perceptions about sexual harassment in the region and to shine light on the power imbalances and disparities that give rise to it. They will be of interest to artists, social science researchers, educators, and anyone interested in the issue of sexual harassment, and collaborative theater processes. Playwrights: Yehia Abdelghan, Marwan Abdelmoneim, Nour El Captan, Passant Faheem, Nour Ibrahim, Noran Morsi, and Omar Omar

When Billie wakes up in a strange guy's bed, her first thought is: What happened last night? She can't even remember meeting him. And how the hell did she get to Coney Island? Yet now Samuel Grange is free to drive off into the sunset in his Porsche and do it all again to another woman. And all Billie can think is: What about the next girl? And the one after that? him. Unless...She could expose the truth about him on her own. Then everyone would see what he is really like. She could make sure he'll never be able to do it again. Religious Freedom and Mass Conversion in India Laura Dudley Jenkins 2019-06-07 Hinduism is the largest religion in India, encompassing roughly 80 percent of the population, while 14 percent of the population practices Islam and the remaining 6 percent adheres to other religions. The right to "freely profess, practice, and propagate religion" in India's constitution is one of the most comprehensive articulations of the right to religious freedom. Yet from the late colonial era to the present, mass conversions to minority religions have inflamed majority-minority relations in India and complicated the exercise of this right. In *Religious Freedom and Mass Conversion in India*, Laura Dudley Jenkins examines three mass conversion movements in India: among Christians in the 1930s, Dalit Buddhists in the 1950s, and Mizo Jews in the 2000s. Critics of these movements claimed mass converts were victims of overzealous proselytizers promising material benefits, but defenders insisted the converts were individuals choosing to convert for spiritual reasons. Jenkins traces the origins of these opposing arguments to the 1930s and 1940s, when emerging human rights frameworks and early social scientific studies of religion posited an ideal convert: an individual making a purely spiritual choice. However, she observes that India's mass conversions did not adhere to this model and therefore sparked scrutiny of mass converts' individual agency and spiritual sincerity. Jenkins demonstrates that the preoccupation with converts' agency and sincerity has resulted in significant challenges to religious freedom. One is the proliferation of legislation limiting induced conversions. Another is the restriction of affirmative action rights of low caste

people who choose to practice Islam or Christianity. Last, incendiary rumors are intentionally spread of women being converted to Islam via seduction. Religious Freedom and Mass Conversion in India illuminates the ways in which these tactics immobilize potential converts, reinforce damaging assumptions about women, lower castes, and religious minorities, and continue to restrict religious freedom in India today.

Philosophy for Girls Melissa Shew 2020-10-12 "This revolutionary book empowers its readers intellectually by providing a snapshot of perennial and timely philosophical topics. Written by twenty expert women in philosophy and representing a diverse and pluralistic approach to philosophy as a discipline, this book appeals to a wide audience. Individual readers, especially girls and women ages 16-24, as well as university and high school educators and students who want a change from standard anthologies that include few or no women will find value in these pages. This volume contains several notable features: the book is divided into four sections that correspond to major fields in Philosophy-metaphysics, epistemology, social and political philosophy, and ethics-but the chapters within those sections provide fresh ways of understanding those fields. " Every chapter begins with a lively anecdote about a girl or woman in literature, myth, history, science, or art to introduce the chapter's specific topic." Chapters are dominated by women's voices, with nearly all primary and secondary sources used coming from women in the history of philosophy and a diverse set of contemporary women philosophers. "All chapters offer the authors' distinct philosophical perspectives written in their own voices and styles, representing diverse training, backgrounds, and interests." The Introduction and Prologue explicitly invite the book's readers to engage in philosophical conversation and reflection, thus setting the stage for continued contemplation and dialogue beyond the book itself. The result is a rigorous yet accessible entry-point into serious philosophical contemplation designed to embolden and strengthen its readers' own senses of philosophical inquiry and competence. The book's readers will feel confident in knowing that expert women affirm an equitable and just intellectual landscape for all and thus have lovingly collaborated to write this book"--
