Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, Astrology for Real Relationships includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including: • Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself? • Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner? • Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Friends on a Rotten Day - Hazel Dixon-Cooper 2008-05-01

It's about time for Friends on a Rotten Day, the first astrology book to focus entirely on friendships. After all, lovers come and go, but our girlfriends sustain, nurture, and protect us from cradle to grave. Friends on a Rotten Day explores the supportive, uproarious, and sometimes complex, relationships between girlfriends through an in-depth astrological analysis of each Sun sign. Dixon-Cooper shows readers what makes their friend tick on a soul level, revealing each friend's inner character, friendship style, love style (including what to do or not do if a pal picks a loser), and party style. She offers suggestions on the best gifts to buy your friend, how to calm her down, cheer her up, and return the unconditional support and love that she gives you. Readers will discover why their Gemini buddy changes her mind so often, why the Virgo gal pal sweats the small stuff, why a Scorpio girlfriend sometimes seems distant, and why the Leo chum needs frequent headpats. They'll also learn why a Pisces pal should never be forced to make a snap decision, why a Capricorn girlfriend might seem too serious for her own good, the truth about a Taurus friend's hidden anxieties, the competitive side of an Aries chum, what causes Cancer pal's emotional train wrecks, why the Aquarius buddy has a rebellious side, and why the Sagittarius girlfriend has occasional angry outbursts. "Dixon-Cooper reveals what every astrologer knows but none has dared say. (She) takes us on a seriously humorous ride through the land of truth and consequences. I highly recommend it." -- Suzanne White

SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
