Why We Love - Helen Fisher
2005-01-02

A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book,

renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. *Why We Love* begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she

Let face the truth, being a nice guy sucks! And yes, I have been there before many years ago when I am the chief resident officer of the nice guy villa while thinking I am so nice, agreeable, affectionate, gentle on the women I want, subtle and many more good words that I think women should love me for. But the harsh reality I faced then showed me I was doing everything wrong, which makes the girls I want to date only want to be my friend and

nothing more. It's cool to be nice, but you know that being nice and even ultimately being a nice guy isn't working for you. If you have always been that nice guy, this book tells you everything you need to stop being Mr. Nice Guy who doesn't get the girl he wants to the one who is still nice and gets all the girls he wants to date and have a relationship with. In this book, you will learn: My journey as a nice guy for years and how a nice guy screwed me up many times and what you should learn from my nice guy experience will cause you to get any girl you want from now on. Why being nice is a bad idea when you meet a girl you love to date. The qualities you need to start developing as a man to make sure you stop getting the results you are getting now from women like a nice guy. Insanity, they say, is doing the same thing all the time and expecting different results. In this book, you will learn all the new things you should be doing and the mindset you should develop to win as a nice guy.

What women need that you don't know. These things are what have helped you get friend-zoned as a nice guy many times. In this book, you will learn what women need, and in giving them that, you increase your chance of dating them and even sleeping with them (if you want to). I have been the poster boy for a nice guy for years, and after being tired of getting the same "let's be friends" vibe from many women I love to date, I started digging to learn what I was doing wrong and what I should be doing to get the girls I want. The result of my many months of digging helped me for years to start dating hot women I would have never been able to date before I started fixing my nice guy problem. If I can overcome my nice guy problem, then why not share all I know with other nice guys out there who are seriously looking for a solution to stop being a Mr. Nice Guy. The result of that, though, is this book. You will learn a lot about how not to be a nice guy again in this book, and I guarantee there

has dubbed the "Nice Guy Syndrome" trying too hard to please others while neglecting one's own needs, thus causing unhappiness and resentment. It's no wonder that unfulfilled Nice Guys lash out in frustration at their loved ones, claims Dr. Glover. He explains how they can stop seeking approval and start getting what they want in life, by presenting the information and tools to help them ensure their needs are met, to express their emotions, to have a satisfying sex life, to embrace their masculinity and form meaningful relationships with other men, and to live up to their creative potential.

It sucks to be a nice guy. But it doesn't have to be bad. Been friend-zoned by your love interest isn't a good thing any man wants. And if

you have been stuck in the friendzone with the woman you love, here is a solution for you. I have been in this shoe a couple of times before, and I must say it's disheartening to hear the woman I love giving me the "let's just befriend" vibe, which keeps landing me in the deadly friendzone. I need to learn in a hard way when I got to a point where I was tired of being in the friendzone. And I got to understand it has been my fault all this while been thrown into that deadly zone by the woman I love to date. In Mr. Nice Guy Code: The Ultimate Guide To Turning The Friend Zone into Relationship Zone, I will show you an insight into why you have been thrown into the friend zone, what you can do to prevent been in that zone and what to do to get out of it if you are already in it so you can get your love interest to see you as a romantic partner and not a friend you have always been to her. Guy: The Ultimate Guide To Turning The Friend Zone into Relationship Zone is a collection of many years of experience been in the friend zone and getting out of it. While since I have figured out why I have always been in that zone with the woman I love, what I can do to get out and stop ending in that deadly friendzone, I have never for once find myself been friend-zoned by any woman I love since then. Who will you listen to to help you out of being in the friend zone - a guy who has ended in that same zone thrice and later figured out what's wrong and have never been thrown into that zone again or will you learn by trial and error

as I did at first while also wasting a lot of time with women who you have no chance with after you have been thrown in the friendzone by them. And what if this is another lengthy book that just full of BS? The book was written to consider how busy your daily life can be and also factor in you getting value for your money. If you have always struggled with been thrown into the friend zone and being a nice guy, then hit the "Buy Now" button at your right if you are reading this from your desktop or below if you are reading this from your mobile phone to buy a copy of Mr. Nice Guy Code: The Ultimate Guide To Turning The Friend Zone into Relationship Zone.
