No More Mr Nice Guy Robert A. Glover 2022-02-18 Originally published as an e-book that became a controversial media phenomenon, No More Mr. Nice Guy! landed its author, a certified marriage and family therapist, on The O'Reilly Factor and the Rush Limbaugh radio show. Dr. Robert Glover has dubbed the "Nice Guy Syndrome" trying too hard to please others while neglecting one's own needs, thus causing unhappiness and resentment. It's no wonder that unfulfilled Nice Guys lash out in frustration at their loved ones, claims Dr. Glover. He explains how they can stop seeking approval and start getting what they want in life, by presenting the information and tools to help them ensure their needs are met, to express their emotions, to have a satisfying sex life, to embrace their masculinity and form meaningful relationships with other men, and to live up to their creative potential.

The Road to Catocin Mountain Robert J. Gerard 2006-02-08 Robert Gerards life story involves a fascinating journey full of twists, turns, and unexpected events. With no specific career plan in place, things just happened mostly good things! Along the way, over time, people, events, and places seemed to re-emerge in an intriguing way. Gerard was born in New York City in 1930. He and his mother and father lived on the west side, near Central Park. He didnt know until many years later that his father was an alien who had entered the United States illegally and changed his name. When Robert was just two years old, the FBI came knocking at the apartment off Central Park West. However, they were not looking for illegal aliens. They were looking for the Lindbergh baby! Later, the family moved to West Orange, New Jersey, a small town where it seemed that nearly everyone was employed by Thomas A. Edison, Inc. Gerards story captures the lean years of the 1930s, prior to World War II, some problems at home, and his escapades as a teen-ager during the war years, including two years of tough discipline at a private boarding school in North Jersey. It was during this period that his father was deported to Belgium from Ellis Island. After graduating from high school, Gerard joined the ranks of those who worked at one of the Edison factories in West Orange. Two older workers, combat veterans from WWII, became his mentors. During the early phases of the Korean War, they shared fascinating stories about their wartime experiences. Bored by factory work, and inspired by his two local heroes, Gerard enlisted in the army in 1951. As a result of some very poor training, Gerard and a good friend decided to apply for admission to Officer Candidate School. Ironically, Robert Gerard, the reluctant applicant, was accepted while his buddy was rejected. After his commissioning, his experience in Korea prompted him to remain in the army. While stationed with the 82d Airborne Division at Fort Bragg, he married a high school classmate in 1954. Together, they had eight children. Gerard describes his assignment as a weapons instructor at Fort Benning, Georgia and then, his experience as a student in the Armys flight school at Fort Rucker, Alabama. An opportunity to complete his undergraduate education took him and his family to Mississippi Southern College in Hattiesburg, Mississippi during the same year that James Meredith became the first black student to be admitted to the University of Mississippi. Gerards subsequent assignment at the armys Command and General Staff College at Fort Leavenworth, Kansas (1963-1964) was a year filled with major events, including President Kennedys assassination, the increasing commitment to military support for South Vietnam, and an address by former President Harry Truman. Next, a wonderful assignment in Verona, Italy, where his family lived in a small Italian village, was cut short due to critical needs for army helicopter pilots in Vietnam. He describes his first tour in Vietnam, including the buildup of U.S. conventional forces and the application of air mobility as a part of tactical operations. Also, he had an opportunity to see his brother whose base camp was just several miles away. After returning to the States, he worked in the Pentagon and described both the serious and hilarious events related to surviving in The Puzzle Palace. In 1970, his second tour in Vietnam placed him much farther north, near the Demilitarized Zone, where enemy forces consist mostly of North Vietnamese regulars. His description of military operations in Vietnam reflects both the early years as well as the beginning of the drawdown of U.S. forces. After an interesting year of study at Monmouth College, Gerard attended the U.S. Army War College at Carlisle Barracks, Pennsylvania, just a few miles south of Indiantown Gap where he took his basic training. His experien

Attached Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

F*CK Him! - Nice Girls Always Finish Single - a Guide for Sassy Women Who Want to Get Back in Control of Their Love Life Brian Nox 2016-10 The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

The Man's Guide to Women John Gottman 2016-02-02 A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular

couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

Film Quotations Robert A. Nowlan 2016-04-30 Certain lines define a movie. Marlene Dietrich in Morocco: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in I'm No Angel: "I'm very quick in a slow way." Jane Fonda in California Suite: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

Love Sketches David Appleby 2011-03-24 Love Sketches explores the sensuality of romance and the varieties and vagaries of love..Former colleagues, almost lovers, meet to discuss literature only to discover a yearning that rekindles their lost romance; teenagers infused with the early flowering of romance struggle to maintain that romance against all odds; a young romantic learns a tragic lesson of love and redemption all too soon; an elderly professor devises a plan for one last try at romance; and amid an atmosphere rich in romance and sensuality two close friends reunite to reveal deep feelings they've held for one another, feelings which went un nourished for those years they had convinced one another they were just friends. Book Review The fourteen stories in this collection bring us up close and personal with the many faces of love. These are more than sketches; these stories cover love's waterfront. The characters are ordinary, innocent, worldly and they are stopped short when they're tripped up by and succumb to love. The settings are varied - run-down

apartment buildings, city offices, motel rooms, sleekly designed suburban homes, but the message is the same- regardless of age or class or means, love is acutely and intensely felt. There is romance but these are not simple romantic stories. The characters are complex, their lives are often adverse and conflicted, filled with guilt, anxiety and crises of conscience and there are no easy answers and few resolutions. The reader is sometimes forced to think beyond stereotypes- of age and class; we are often surprised by the turn of events, by sudden acts of tenderness. But the charge of love is everywhere, and the sensuality and sensuousness of the language is what stands out. There is a grace and lightness in the writing where a look, a touch, a sigh, a gesture between lovers allows the reader to be party to the ache and intimacy of the characters. Much is gleaned in these small gestures and much is left unsaid. Nature too plays a part- lovers walk through city parks, shelter under an umbrella in a rain shower, gaze out at lush trees through a huge glass window. The stories are suffused with longing and in some an air of melancholy pervades. In 'Close Friends' two friends - 'almost lovers' once- meet again and realise that love has held up after many years. In 'Claire' a lonely wife prepares for a rendezvous with a man she doesn't even like in her desperate need for connection. This 'dirty realist' story is played out against a backdrop of strip malls and dollar shops, but it is Claire's inner dialogue and longing for union with her husband that leaves the greatest impression. In 'Bus Trip' and 'The Graveyard of Romance' the sparse conversations and the minutiae of the daily lives of married couples are closely observed, and despite a lifetime of shared experiences and much compassion there is a palpable loneliness at the heart of these relationships. The Dance of Romance is a witty poignant glimpse of a 70 year Eng Lit professor as he comes to terms with the loss of his attractiveness to girls and women. 'What I wanted was one last chance to push the pause button ...' In the perfectly paced story 'A Long Romance' Dalton, a rich, middle- class, forty-something year old is captivated by Joleen, a young office girl. The reader is prepared to suspect his motives but for a while it is Joleen we mistrust. Their unlikely love is conveyed skilfully through Joleen's unique voice with her Southern dialect and colloquialisms and her utter honesty, and when the tears come they are killer tears. There is nothing precious or sentimental here, but it is achingly moving.... 'I can't believe somebody like you could happen to somebody like me.' The lovers in this collection are young, old, rich and poor, angry and vulnerable- love has indeed 'many faces'. There are some happy endings but most of the characters are left to their uncertain lives, in sto

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Game Changer Franklin Veaux 2015-09 To make an open marriage work, Franklin and Celeste knew they needed to make sure no one ever came between them. That meant no overnights, no falling in love, and either one of them could ask the other to end an outside relationship if it became too much to deal with. It worked for nearly two decades--and their relentless focus on their own relationship let them turn a blind eye to the emotional wreckage they were leaving behind.

Raritan Female Institute Dave Russell 2009-10-05 Elise Cummings has waited sixty years for this moment. Ever since the girl was killed by two fellow students on the steps of the Raritan Female Institute, Elise has been waiting in her watery grave for the old school for troubled and wayward girls to be rebuilt. Linda Smith is one of the fortunate students selected to attend the spanking new all-girl prep school on the banks of the Raritan River in New Jersey. The overweight and no-esteem girl sees it as an escape from high-school and three years of disinterested male faces. Linda soon finds, however, that nothing has changed: she is just as lonely in her new scholastic environment as she used to be. The girl takes to wandering down to the river's edge at lunchtime. There, she finds what she is desperately in search of: a new friend.

The Angry Therapist John Kim 2017-04-18 Tackling relationships, career, and family issues, John Kim, LMFT, thinks of himself as a life-styledesigner, not a therapist. His radical new approach, that he sometimes calls "self-help in a shot glass" is easy, real, and to the point. He helps people make changes to their lives so that personal growth happens organically, just by living. Let's face it, therapy is a luxury. Few of us have the time or money to devote to going to an office every week. With anecdotes illustrating principles in action (in relatable and sometimes irreverent fashion) and stand-alone practices and exercises, Kim gives readers the tools and directions to focus on what's right with them instead of what's wrong. When John Kim was going through the end of a relationship, he began blogging as The Angry Therapist, documenting his personal journey post-divorce. Traditional therapists avoid transparency, but Kim preferred the language of "me too" as opposed to "you should." He blogged about his own shortcomings, revelations, views on relationships, and the world. He spoke a different therapeutic language —open, raw, and at times subversive — and people responded. The Angry Therapist blog, that inspired this book, has been featured in The Atlantic Monthly and on NPR.
