Seduce the Darkness - Gena Showalter 2009-06-30

New York Times bestselling author Gena Showalter's paranormal novel features the return of her sexy breed of alien huntresses. Devyn is a warrior, and an unrepentant collector of women, able to charm anyone. Anyone except Bride McKells. Uneducated in the ways of the vampire, Bride is not even sure if other vampires exist. Seductive Devyn has the answers she craves, and he can take her to the dark underground of her people. But Bride's blood might hold the key to saving Devyn's friends, so he's loath to let her go. Especially when he begins to crave her more than he's ever craved another. Together they enter the seedy world of slave auctions, battle a powerful alien queen whose diseased blood turns humans into cannibals, and discover a passion unlike any other. But in the end, Bride must choose between the man she's come to love and the family she's always longed for.

The Love Gap - Jenna Birch 2018

A research-based guide to navigating the newest dating phenomenon—"the love gap"—and a trailblazing action plan to help smart, confident, career-driven women find (and keep) their match. For a rising generation young women, the sky is the limit. Women can be anything and have everything. They are outpacing their male peers in higher education and earning the corner office at work. Smart, driven, assertive women are succeeding at just about everything they do—except romance. Why are so many men afraid to date smart women? Modern men claim to want smarts, success, and independence in romantic partners. Or so says the data collected by scientists and dating websites. If that's the case, why are so many independent, successful women winning in life, but losing in love? Journalist Jenna Birch has finally named the perplexing reason: "the love gap"—or that confusing rift between who men say they want to date and who they actually commit to. Backed by extensive data, research, in-depth interviews with experts and real-life relationship stories, *THE LOVE GAP* is the first book to explore the most talked-about dating trend today. The guide also establishes a new framework for navigating modern relationships, and the tricky new gender dynamics that impact them. Women can, and should, have it all without settling.

Seduce - Ashley Hall

Seduce is book 3 and the finale of the *Hidden Lust* Trilogy! It takes a perfect bastard to ruin a perfect life. Wesley Sykes was everything I was taught to stay away from - cocky, foul-mouthed, and living in perpetual sin. He looked the part, too, with broad shoulders wrapped in a leather jacket and a smile designed by the Devil himself. And now he's moving in...to my perfect, religious household. All my life I had been the good girl. Wes warned me he was no good, and every time I wanted to get too close, he reminded me of who he was. I wanted to hate him for it, but I couldn't. Every time he said no just made me want him even more, and no matter how many times I laid in bed, dreaming of his hands on me, it was never enough. I had to try it. So I did. Just once, I promised myself. But once temptation finally won, once wasn't enough for either of us. There's no turning back now. I'm just praying that no one ever finds out about the things he's done to my body when no one was looking. But under this roof, nothing ever stays secret for long...
