Classroom Pivotal Response Teaching for Children with Autism - Jessica Suhrheinrich 2011-08-01

"Classroom Pivotal Response Teaching, or CPRT, was developed to help meet the educational needs of young children with autism. CPRT (originally called Pivotal Response Training or

Treatment) is a form of naturalistic behavioral intervention, based on the principles of applied behavior analysis (ABA), and is soundly supported in the scientific literature. This manual will describe the components of CPRT and how to implement the approach in your classroom. Although this manual is geared primarily toward preschool through grade 3 teachers, CPRT strategies can be used by a variety of professionals. Speech and language pathologists, occupational therapists, behavior specialists, psychologists and other teaching professionals may all find CPRT a valuable strategy. Additionally, the techniques in this manual may be useful with typically developing children and those with a variety of special needs. Most children can benefit from this structured, systematic approach that utilizes naturally occurring teaching opportunities. One of the strengths of this approach is that it is adaptable to a wide

range of teaching goals and service settings. All who teach are encouraged to integrate CPRT into their existing strategies as often as possible"-

The Executive Warrior: 40 powerful questions to develop mental toughness for career success - Victor Ng
2018-11-15

Why are 87% of people not engaged at work, according to a recent Gallup global report? Among the biggest reasons are lack of purpose, loss of focus and inability to handle setbacks. To survive and thrive in today's volatile workplace, you'll need to be mentally tougher than ever. Many self-development books seem to have all the answers. This is one book that asks all the right

questions and guides you to find your own answers - like how a personal coach would. - What would you choose to work as if you had to do it for free? - What task on your to-do list actually gets you closer to your dreams? - How would you write your acceptance speech when you succeed? - What would Liam Neeson do? These strategic questions will make you think. Some may make you smile. All of them will help you up your game, discover new perspectives, unlock hidden potential, get "unstuck" on a problem, even get that promotion or big job. Certified executive coach and former award-winning C-suite executive Victor Ng draws on 20 years of corporate experience in one of the world's most competitive industries to take you on a journey of personal discovery and professional empowerment. The Subtle Art of Not Giving a
F**k - Mark Manson

2016-09-13

#1 New York Times Bestseller
Over 10 million copies sold In
this generation-defining self-
help guide, a superstar blogger
cuts through the crap to show
us how to stop trying to be
"positive" all the time so that
we can truly become better,
happier people. For decades,
we've been told that positive
thinking is the key to a happy,
rich life. "F**k positivity," Mark
Manson says. "Let's be honest,
shit is f**ked and we have to
live with it." In his wildly
popular Internet blog, Manson
doesn't sugarcoat or
equivocate. He tells it like it
is—a dose of raw, refreshing,
honest truth that is sorely
lacking today. The Subtle Art of
Not Giving a F**k is his
antidote to the coddling, let's-
all-feel-good mindset that has
infected American society and
spoiled a generation,
rewarding them with gold
medals just for showing up.
Manson makes the argument,

backed both by academic
research and well-timed poop
jokes, that improving our lives
hinges not on our ability to
turn lemons into lemonade, but
on learning to stomach lemons
better. Human beings are
flawed and limited—"not
everybody can be
extraordinary, there are
winners and losers in society,
and some of it is not fair or
your fault." Manson advises us
to get to know our limitations
and accept them. Once we
embrace our fears, faults, and
uncertainties, once we stop
running and avoiding and start
confronting painful truths, we
can begin to find the courage,
perseverance, honesty,
responsibility, curiosity, and
forgiveness we seek. There are
only so many things we can
give a f**k about so we need to
figure out which ones really
matter, Manson makes clear.
While money is nice, caring
about what you do with your
life is better, because true
wealth is about experience. A
much-needed grab-you-by-the-
shoulders-and-look-you-in-the-
eye moment of real-talk, filled

[The Playa's Guide on Getting \(And Keeping\) the Girl](#) - Xavier King 2013-05-09

About the Book The information provided is for men (and maybe women) who need just a little help getting and/or keeping a girlfriend or just to entertain people. This book is not intended to create "Players". Player is such an ugly word; I prefer Ladies' Man, Casa Nova, Don Juan, Romeo. From picking up girls at the mall to morning routines to keep yourself looking your best, the guide goes through basic and advanced techniques and preparation skills on how to get girls. No one should be too ashamed or too proud to read this book. Once anyone reads "The Playa's Guide on Getting (and Keeping) The Girl", they should have a better understanding on how to obtain and maintain a significant other in a healthy,

happy relationship. Playa!

The Savage Nation - Michael Savage 2003-01-05

Michael Savage attacks big government and liberal media bias. The son of immigrants, Savage shows how traditional American freedoms are being destroyed from the outside and undermined from within-not just our own government, but also from alien forces within our own society. Savage argues that if the price of liberty is eternal vigilance, then only a more "savage nation" will enjoy these liberties. Savage's high ratings and the rapid growth of his program prove he is in touch with the concerns of the average American.
