The Post-Rapture Diner - Dorothy Barresi

1996-02-15

"[In The Post-Rapture Diner] the brashness and sadness of our polyglot nation is given voice. Dorothy Barresi speaks in tongues - of 'undetoned cherubs,' sitcoms, and agents provocateurs. Her toughminded, eloquent poems articulate family tangles, unintentional cruelties, innocenc and sophistication. . . . The Post-Rapture Diner creates a language commensurate to the ethical complexities of this particular American moment and to the ongoing human dilemma." --Alice Fulton "[This] new book of

poetry imagines southern California as a vast, hot, flat desert wasteland that revises T. S. Eliot's epic locale, finding redemption in lyrical strains of ice-cream trucks and sit-com romance.

. . . Barresi's tone is wise and gullible, her cravings material and mystical, metaphorical and theatrical. . . . I found myself entranced by Barresi's magical specter of the real, the full-bodied images provided by Nureyev or Ralph Kramden-who, after all, has his own ideas about the moon." --Voices in Italian Americana

"Barresi's poetry has wit and pathos. . . . Her metaphors are a delight." --Library Journal
"What a pleasure to find a poet whose sense of risk and honesty drives her to complicate the emotions and attitudes of her poems--so that sorrow might be suddenly hijacked by bravado, or delight by anger and humor--rather than to wrap us up a neat little parcel of agreeable 'sensitivities'. . . . Deeply imagined, full of toughness and great heart, Dorothy Barresi's poems come from the places where we all live

now, in America, in the 1990s. I'd pay to read or hear her anytime, I'd stand in line." --

Ploughshares Dorothy Barresi's poems have been published widely in literary journals, including Poetry, Parnassus, the Harvard Review, the Antioch Review and the Kenyon Review, and her essay-reviews appear semi-regularly in the Gettysburg Review. She has been the recipient of Fellowships from the National Endowment for the Arts, the Fine Arts Work Center in Provincetown, and the North Carolina Arts Council. Her poetry has been awarded a Pushcart Prize and the Hart Crane Memorial Poetry Prize. She is a Professor of English at California State University, Northridge, where she is Chair of the Creative Writing program. She lives in Los Angeles, California.

Hate to Love You - Jenn Bennett 2021-06-29
Hate-to-love romance takes center stage in Jenn Bennett's contemporary novels, *Alex Approximately* and *Starry Eyes*, now together in one incredible package that's perfect for fans of Jenny Han and Morgan Matson. When the guy you're meant to be with is your worst enemy, things can get a little...complicated. Especially for Bailey in *Alex Approximately* after she falls for a sensitive film geek she only knows online as "Alex." It also just so happens that Bailey is moving to California—to the same coastal town as her online crush—and yet she is too afraid to tell Alex she's moved to his hometown. Or that she's landed a job where she's being tormented daily by her coworker: smart-alecky yet irritatingly hot surfer boy Porter Roth. But what Bailey doesn't know is that Porter isn't just any

local surfer dude. Porter Roth is Alex...approximately. Trapped in the wilderness with the boy who broke your heart isn't an ideal situation for anyone. And in *Starry Eyes*, it was definitely not what Zorie had planned for a camping trip. Abandoned by her friends with only her ex-boyfriend Lennon for company, the two have no choice but to hash out their issues via witty jabs and insults as they try to make their way to safety. But as the duo travels deeper into California's rugged backcountry, secrets and hidden feelings surface. Turns out the magic of the twinkling stars might be the key to getting Zorie and Lennon back together—or the last straw to tear them apart for good. Jenn Bennett's popular hate-to-love romances are here to prove that sometimes the one person you can't stand is actually the person of your dreams—you just might not know it yet.

Hold On to Your Dreams - Tim Lawrence
2009-01-01

Hold On to Your Dreams is the first biography of the musician and composer Arthur Russell, one of the most important but least known contributors to New York's downtown music scene during the 1970s and 1980s. With the exception of a few dance recordings, including "Is It All Over My Face?" and "Go Bang! #5," Russell's pioneering music was largely forgotten until 2004, when the posthumous release of two albums brought new attention to the artist. This revival of interest gained momentum with the issue of additional albums and the documentary film Wild Combination. Based on interviews with more than seventy of his collaborators, family members, and friends, Hold On to Your Dreams provides vital new information about this singular, eccentric musician and his role in the boundary-breaking downtown music scene. Tim Lawrence traces Russell's odyssey from his hometown of Oskaloosa, Iowa, to countercultural

San Francisco, and eventually to New York, where he lived from 1973 until his death from AIDS-related complications in 1992. Resisting definition while dreaming of commercial success, Russell wrote and performed new wave and disco as well as quirky rock, twisted folk, voice-cello dub, and hip-hop-inflected pop. "He was way ahead of other people in understanding that the walls between concert music and popular music and avant-garde music were illusory," comments the composer Philip Glass. "He lived in a world in which those walls weren't there." Lawrence follows Russell across musical genres and through such vital downtown music spaces as the Kitchen, the Loft, the Gallery, the Paradise Garage, and the Experimental Intermedia Foundation. Along the way, he captures Russell's openness to sound, his commitment to collaboration, and his uncompromising idealism.
