## **The Art of Asking Your Boss for a Raise -**

Georges Perec 2017-01-17

Darkly funny account of the office worker's mindset by the celebrated French novelist A long-suffering employee in a big corporation has summoned up the courage to ask for a raise. But as he runs through the looming encounter in his mind, his neuroses come to the surface: What is the best day to see the boss? What if he doesn't offer you a seat when you go into his office? The Art of Asking Your Boss for a Raise is a hilarious account of an employee losing his identity—and possibly his sanity—as he tries to put on the most acceptable face for the corporate world, with its rigid hierarchies and hostility to new ideas. If he follows a certain course of action, so this logic goes, he will succeed—but, in accepting these conditions, are his attempts to challenge his world of work doomed from the outset? Neurotic and pessimistic, yet endearing, comic and never less than entertaining, Perec's Woody Allen-esque underling presents an acute and penetrating vision of the world of office work, as pertinent today as it was when it was written in 1968.

## **The Tel Quel Reader - Patrick Ffrench 1998**

The Tel Quel Reader presents for the first time in English many of the key essays that played an instrumental role in shaping the contours of literary and cultural debate in the 1960s and 1970s. Tel Quel was a French journal and publishing team that printed some of the earliest work by Derrida, Bataille, Kristeva, Barthes, Foucault and Deleuze. From its beginning in 1960 to its closure in 1982, TQ published some of the key essays of major poststructuralist thinkers. The Reader includes essays available in English for the first time by Kristeva and

Foucault, and a fascinating interview with Barthes. It provides a unique insight into the poststructuralist movement and presents some of the pioneering essays on literature and culture, gender, film, semiotics and psychoanalysis. Although articles included here cover diverse areas—from the semiology of paragrams to the readability of Sade, a common perspective runs through them: the recognition of excess and the seduction of writing. The Tel Quel Reader fills a crucial gap in the English literature on literary and cultural theory and presents a case for the enduring value of the journal's enterprise.

**Wiener Ausgabe** - Ludwig Wittgenstein 1993  
Der dritte Band der "Wiener Ausgabe" enthält die Manuskriptbände V und VI, Mss 109 und 110 aus dem literarischen Nachlass von Ludwig Wittgenstein. Sie sind im Besitz der Nachlassverwalter, Wren Library, Trinity College, Cambridge. Den Band "Bemerkungen V." hatte Wittgenstein am 11. August 1930 in Österreich begonnen. Nach den Sommerferien setzt er die Arbeiten in Cambridge fort; dann, über die Weihnachtsferien in Wien am Band VI, und wieder in Cambridge beendet er schließlich Band V. Der Band "VI. Philosophische

Bemerkungen" ist also Teil und unmittelbare Fortsetzung von Band V. Am Band VI schreibt Wittgenstein in Cambridge bis zum 6. Juli 1931. Beide Bände werden in der "Wiener Ausgabe" erstmals veröffentlicht.

Literary Translation, Reception, and Transfer - Norbert Bachleitner 2020-09-21

The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

**The Animal that Therefore I Am** - Jacques Derrida 2008

The Animal That Therefore I Am is the long-awaited translation of the complete text of Jacques Derrida's ten-hour address to the 1997 Cérisy conference entitled "The Autobiographical Animal," the third of four such colloquia on his work. The book was assembled posthumously on the basis of two published sections, one written and recorded session, and one informal recorded session. The book is at

once an affectionate look back over the multiple roles played by animals in Derrida's work and a profound philosophical investigation and critique of the relegation of animal life that takes place as a result of the distinction--dating from Descartes--between man as thinking animal and every other living species. That starts with the very fact of the line of separation drawn between the human and the millions of other species that are reduced to a single "the animal." Derrida finds that distinction, or versions of it, surfacing in thinkers as far apart as Descartes, Kant, Heidegger, Lacan, and Levinas, and he dedicates extended analyses to the question in the work of each of them. The book's autobiographical theme intersects with its philosophical analysis through the figures of looking and nakedness, staged in terms of Derrida's experience when his cat follows him into the bathroom in the morning. In a classic deconstructive reversal, Derrida asks what this animal sees and thinks when it sees this naked man. Yet the experiences of nakedness and shame also lead all the way back into the mythologies of "man's dominion over the beasts" and trace a history of how man has systematically displaced onto the animal his own failings or *bêtises*. The Animal That Therefore I Am is at times a militant plea and indictment regarding, especially, the modern industrialized treatment of animals. However, Derrida cannot subscribe to a simplistic version of animal rights that fails to follow through, in all its implications, the questions and definitions of "life" to which he returned in much of his later work.

**Philosophy and Phenomenology of the Body** - M. Henry 2012-12-06

THE SEEMING CONTINGENCY OF THE QUESTION CONCERNING THE BODY AND THE NECESSITY FOR AN ONTOLOGICAL ANALYSIS OF THE BODY When we disclose and bring forth, within ontological investigations aimed at making possible the elaboration of a phenomenology of the ego, a problematic concerning the body, we may well seem, with respect to the general direction of our analysis, to elaborate only a contingent and accidental specification of such an analysis and to forget its true goal.! Up to the present, we pursued the clarification of the being of the ego [2] on the level of absolute subjectivity and in the form of

an ontological analysis. Is it not possible that the reasons which motivated the project of conducting the investigations relative to the problem of the ego within a sphere of absolute immanence may cease to be valid because we might be led to believe that the body also constitutes the object of these investigations and belongs to a first reality whose study is the task of fundamental ontology? Actually, does not the body present itself to us as a transcendent being, as an inhabitant of this world of ours wherein subjectivity does not reside? If, consequently, the body must constitute the theme of our philosophical reflection, is it not on condition that the latter submit to a radical modification and cease to be turned toward subjectivity in order to be a reflection on **Nietzsche and the Shadow of God** - Didier Franck 2012

In *Nietzsche and the Shadow of God* (*Nietzsche et l'ombre de Dieu*), his study of Nietzsche's integral philosophical corpus, Franck revisits the fundamental concepts of Nietzsche's thought, from the death of God and the will to power, to the body as the seat of thinking and valuing, and finally to his conception of a post-Christian justice. The work engages Heidegger's interpretation of Nietzsche's destruction of the Platonic-Christian worldview, showing how Heidegger's hermeneutic overlooked Nietzsche's powerful confrontation with revelation and justice by working through the Christian body, as set forth in the Epistles of Saint Paul and reread both by Martin Luther and by German Idealism. Franck shows systematically how Nietzsche "transvalued" the metaphysical tenets of the Christian body of believers. In so doing, he provides an unparalleled demonstration of the coherence of Nietzsche's project and the ways in which the revaluation of values, amor fati, and the trials of eternal recurrence reshape the living self toward a creative existence beyond original sin—indeed, beyond an ethics of "good" versus "evil." Bergo and Farah's clear translation introduces this work to an English-speaking audience for the first time.

**Livres hebdo** - 2007

*Nature* - Maurice Merleau-Ponty 2003

Collected in this text are the written notes of courses on the concept of nature give by

Merleau-Ponty at the College de France in the 1950s. The ideas that animated the philosopher's lectures emerge in an early, fluid form in the process of being elaborated, negotiated, critiqued and reconsidered.

Existence et Existents - E. Levinas 1978-03-31

**Humanistic futures of learning** - UNESCO 2020-01-28

The Bathroom - Jean-Philippe Toussaint 2008

"An original and significant writer, whose fiction can be as engaging as it is surprising." *The Times Literary Supplement*

Blue White Red - Alain Mabanckou 2013-02-21

"Mabanckou dazzles with technical dexterity and emotional depth" in his debut novel, winner of the Grand Prix Littéraire de l'Afrique Noire (Publishers Weekly, starred review). This tale of wild adventure reveals the dashed hopes of Africans living between worlds. When Moki returns to his village from France wearing designer clothes and affecting all the manners of a Frenchman, Massala-Massala, who lives the life of a humble peanut farmer after giving up his studies, begins to dream of following in Moki's footsteps. Together, the two take wing for Paris, where Massala-Massala finds himself a part of an underworld of out-of-work undocumented immigrants. After a botched attempt to sell metro passes purchased with a stolen checkbook, he winds up in jail and is deported. *Blue White Red* is a novel of postcolonial Africa where young people born into poverty dream of making it big in the cities of their former colonial masters. Alain Mabanckou's searing commentary on the lives of Africans in France is cut with the parody of African villagers who boast of a son in the country of Digol. Praise for Alain Mabanckou and *Blue White Red* "Mabanckou counts as one of the most successful voices of young African literature." —Internationales Literaturfestival Berlin "The African Beckett." —The Economist "Blue White Red stands at the beginning of the author's remarkable and multifaceted career as a novelist, essayist and poet . . . this debut novel shows much of his style and substance in remarkable ways . . . Dundy's translation is excellent." —Africa Book Club "Mabanckou's provocative novel probes the many facets of the

'migration adventure.'" —Booklist
